(1) that the farm and grazing lands of the state of Montana are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land use practices have caused and have contributed to and are now causing and contributing to a progressively more serious erosion of the farm and grazing lands of this state by wind and water; that the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any land occupier to conserve the soil and control erosion upon ~~his~~ *the occupier's* lands causes a washing and blowing of soil and water from ~~his~~ *the occupier's* lands onto other lands and makes the conservation of soil and control of erosion on ~~such~~ other lands difficult or impossible;

(2) that the consequences of ~~such~~ soil erosion in the form of soil blowing and soil washing are the silting and sedimentation of stream channels, reservoirs, dams, and ditches~~;~~*,* the loss of fertile soil material in dust storms~~;~~*,* the piling up of soil on lower slopes and its deposit over alluvial plains~~;~~*,* the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills~~;~~*,* *the* deterioration of soil and its fertility, *the* deterioration of crops and range cover grown ~~thereon~~ *on the land*, ~~and~~ declining acre yields despite development of scientific processes for increasing ~~such~~ yields~~;~~*,* *the* loss of soil and water ~~which~~ *that* causes destruction of food and cover for wildlife~~;~~*,* a blowing and washing of soil into streams ~~which~~ *that* silts over spawning beds and destroys water plants, diminishing the food supply of fish~~;~~*,* a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop and range vegetation cover failures~~;~~ ~~and~~*,* *an* increase in the speed and volume of rainfall runoff, causing severe and increasing floods ~~which~~ *that* bring suffering, disease, and death~~;~~*,* *the* impoverishment of families attempting to operate eroding and eroded lands~~;~~*,* damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms~~;~~*,* and losses in municipal water supply, irrigation developments, farming, and grazing;

(3) that to conserve soil resources and control and prevent soil erosion and prevent floodwater and sediment damages and further the conservation, development, utilization, and disposal of water, it is necessary that land use practices contributing to soil wastage and soil erosion be discouraged and discontinued and appropriate soil-conserving land use practices and works of improvement for flood prevention and the conservation, development, utilization, and disposal of water be adopted and carried out; that among the procedures necessary for widespread adoption are the carrying on of engineering operations such as the construction of water spreaders, terraces, terrace outlets, check dams, desilting basins, floodwater retarding structures, channel improvements, floodways, land drainage, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, and contour furrowing; land drainage; land irrigation; seeding and planting of

waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops, restriction of number of livestock grazed, deferred grazing, rodent eradication; soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops; retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded."

The county in which the animal was owned at the time it was determined to be affected with an incurable disease is liable in part, as later provided, for an indemnity to be paid for the animal. The ownership and county are determined by an affidavit of the owner of the animal or ~~his~~ *the owner's* agent. Each animal directed to be destroyed ~~shall~~ *must* be appraised by a representative or an authorized agent of the department with the owner agreeing in writing as to the value of the animal. When appraised, due consideration ~~shall~~ *must* be given to its breeding value as well as

its dairy or meat value and the condition of the animal as to the disease and the present and probable effect of the disease on the animal. In the absence of an agreement, there ~~shall~~ *must* be appointed three competent, disinterested parties, one appointed by the department, one by the owner, and a third by the first two, to appraise each animal, taking into consideration its breeding value as well as its dairy or meat value and the condition of the animal as to the disease and the present probable effect of the disease on the animal. The judgment of the majority is the judgment of the appraisers and is binding on both parties as the final determination of indemnity to be paid for each animal. The total compensation of each group of appraisers is limited to $5 for the group appraisal, one-half of which ~~shall~~ *must* be paid by the department. The total amount of indemnity paid by the state and a county for an animal may not exceed the actual sound value of an animal of its class, and the total combined amount of indemnity paid for the animal by the state and a county may not exceed the sum of $100 for a registered purebred animal or the sum of $50 for a grade animal. Animals presented for appraisal as purebreds ~~shall~~ *must* be accompanied by their registration papers at the time of appraisal*,* or they ~~shall~~ *must* be appraised as grades. If purebreds are less than 3 years old and not registered, the department may grant a reasonable time for their registration and presentation of their registration papers to the appraiser. Registration papers ~~shall~~ *must* accompany the claim for indemnity.

(2) Animals of class 1 ~~shall~~ *must* be paid for on the basis of their full appraised value as determined in this section if no evidence of incurable disease is disclosed by autopsy, bacteriologic, serologic, microscopic, or other findings. The total combined amount of indemnity paid by the state and a county for an animal may not exceed the actual sound value of an animal of its class. The total combined amount of indemnity paid by the state and a county for the animal may not exceed $100 for a registered purebred animal or $50 for a grade animal.

The appraised value ~~shall~~ *must* be determined in the manner set out in subsection (1) ~~of this section~~. The appraisal of the animals ~~shall~~ *must* be based on the meat, dairy, or breeding value of the animal, but ~~where~~ *when* appraisal is based on breeding value of the animal, ~~no~~ *an* appraisal may *not* exceed three times its meat or dairy value. The total amount of indemnity paid by the state for an animal may not exceed the actual sound value of an animal in its class. ~~No~~ *An* indemnity for a class 2 animal may *not* be paid by a county. In the case of destruction of an animal afflicted with brucellosis*, also known as* ~~(~~Bang's disease~~)~~, ~~no~~ *an* indemnity ~~shall~~ *may not* be paid for the animal unless the board, in its discretion, determines the best interests of this state will be served by payment of an indemnity. In this event, the board shall set out standards of indemnity by rules and may not pay in excess of $100 for a registered purebred animal or $50 for a grade animal. In all cases ~~where~~ *in which* the federal government or *an* agency other than the state compensates the owner in whole or in part for livestock destroyed as a sanitary safeguard, the amount of compensation from the state ~~shall~~ *must* be determined under 81-2-210.

(4) Animals ~~which~~ *that* are injured or killed while they are being inspected or tested under an order of the department or its agent~~, which~~ *and that* do not come

within either class 1 or class 2~~,~~ may be paid for at their full appraised value if the claim for the animal is recommended for payment at a meeting of the board. ~~Where~~ *When* it is shown that the injury or death of the animal was not proximately due to the negligence of the owner or ~~his~~ *the owner's* agent, the whole claim, when approved, ~~shall~~ *must* be paid out of department funds. The limit of indemnity for an animal paid for by the state may not exceed that fixed by this section for *class 2* animals ~~of class 2~~."

These claims must be accompanied by a certificate from the department that the animal or property was ordered destroyed. A representative of the department may, when considered advisable or necessary or when it is desired by the owner, sell the carcass on terms ~~he~~ *that the representative* considers to be in the best interests of this state, and the net proceeds obtained from the sale ~~shall~~ *must* be paid to the owner. The request must be based upon the complaint of a property owner that physical damage to ~~his~~ *the owner's* property has resulted from the use of the seismograph and explosives in seismic operations at some location within the maximum 4-square mile area, and the request ~~shall~~ *must* designate the name and address of the complaining person and the approximate date and nature of the alleged damages. The required record of operations in response to the request of the county clerk and recorder ~~shall~~ *must* be supplied within 30 days from the date on which the request is received."

Section 2713. Section 82-1-202, MCA, is amended to read:

"82-1-202. Action to compel release — procedure without court action. (1) If the lessee or assignee ~~thereof~~ *of a lease* neglects or refuses to execute a release as provided by this part, the owner of the leased premises may sue in any court of competent jurisdiction to obtain the release, and in ~~such~~ *that*

action ~~he also~~ *the owner* may *also* recover from the lessee~~, his~~ *or the lessee's* successor~~,~~ or assigns the sum of $100 as damages, all costs, together with ~~a~~ reasonable attorney ~~fee~~ *fees* for preparing and prosecuting the suit, and any additional damages that the evidence in the case warrants. Writs of attachment may issue as in other cases. If in the action the plaintiff fails to establish the forfeiture of the lease, ~~an~~ attorney ~~fee~~ *fees* must be allowed to the lessee or assignee of the lease. Issues in regard to attorney fees ~~shall~~ *must* be determined in the same manner as other issues in ~~such~~ *those* actions.

(2) When, by its terms, an oil or gas lease has expired and is subject to forfeiture for nonperformance and more than 3 years have elapsed since the expiration, the owner of the leased premises, in addition to all other remedies, may serve a written notice on the lessee or on the assignee ~~thereof~~ *of the lease*, *and the* ~~which~~ notice ~~shall~~ *must* state:

(a) the names of the lessor, lessee, and assignee ~~thereof~~ *of the lease* if assigned;

(b) the date of the lease and the date of the expiration ~~thereof~~ *of the lease*;

(c) the description of the lands leased;

(d) the place, book, and page where the lease is recorded; and

(e) that if the lessee or assignee fails to execute a release of record of the lease or abstract of the lease, the lease ~~shall~~ *must* be terminated and *is* of no effect and ~~shall~~ *must* cease to be a lien upon the lands described ~~therein~~ *in the lease*, unless the lessee or the assignee ~~thereof~~ *of the lease*, within 60 days from the date of service of the notice, files, in the county clerk's office in the county where the lease or abstract of ~~such~~ *the* lease is recorded, an affidavit stating that the lease is in effect and delivers a copy ~~thereof~~ *of the lease* to the owner of the leased lands.

(3) If the lessee or the assignee ~~thereof~~ *of the lease* resides in the county where the lease or abstract of the lease is recorded, the notice ~~shall~~ *must* be personally served on that person. If the lessee or the assignee ~~thereof~~ *of the lease* does not reside in that county but ~~his~~ *the lessee's or assignee's* address appears on the records in that county clerk's office or is otherwise known, the notice ~~shall~~ *must* be mailed by certified mail to that person at that address, and in addition ~~thereto~~ the notice ~~shall~~ *must* be published once a week for 2 consecutive weeks in a newspaper of general circulation in the county in which the lands are situated. If the address of the lessee or assignee is unknown, the notice ~~shall~~ *must* be published in the manner provided ~~above~~ *in this subsection*. The date of service of the notice, if served personally, the date of mailing, if served by mail, and the first date of publication of the notice, if published, must be at least 60 days before the date of termination referred to in the notice.

(4) Upon the expiration of the time mentioned in the notice, if the affidavit of the lessee or assignee has not been filed as ~~herein~~ provided *in this section*, the owner of the leased lands shall file an affidavit of service of the notice in the county clerk's office of the county in which the lands are located, and the affidavit ~~shall~~ *must* be kept as a permanent file in ~~his~~ *the clerk's* office~~, and this~~. *This* proof of notice when ~~so~~ filed is prima facie evidence of the sufficiency of the notice, and from the filing ~~thereof~~ *of the notice* the lease is terminated and the lands *are* released from the lien ~~thereof~~ *of the lease*."

Section 2714. Section 82-1-203, MCA, is amended to read:

"82-1-203. Demand for release prior to action. At least 20 days before bringing the action provided for in this part, the owner of the leased land, either

~~by himself~~ *personally* or by ~~his~~ *the owner's* agent or attorney, shall demand of the holder of the lease, if ~~such~~ *the* demand by ordinary diligence can be made in this state, that ~~said~~ *the* lease or abstract of ~~such~~ *the* lease be released of record. ~~Such~~ *The* demand must be written. When written, a copy ~~thereof~~, when shown to be ~~such~~ *a copy*, may be used as evidence in any court with the same force and effect as the original."

Section 2715. Section 82-2-101, MCA, is amended to read:

"82-2-101. Manner of locating claim. ~~Any~~ *A* person who discovers upon the public domain of the United States, within the state of Montana, a vein, lode, or ledge of rock in place bearing gold, silver, cinnabar, lead, tin, copper, or other valuable deposits or a placer deposit of gold or other deposit of minerals having a commercial value ~~which~~ *that* is subject to entry and patent under the mining laws of the United States may, if qualified by the laws of the United States, locate a mining claim upon ~~such~~ *the* vein, lode, ledge, or deposit in the following manner:

(1) ~~He~~ *The person* shall post conspicuously at the point of discovery a written or printed notice of location containing the name of the claim, the name of the locator or locators, if there ~~be~~ *is* more than one, the date of the location, which ~~shall~~ *must* be the date of posting ~~such~~ *the* notice, and the approximate dimensions of *the* area of the claim intended to be appropriated.

(2) Within 30 days after posting the notice of location, ~~he~~ *the person* shall distinctly mark the location on the ground so that its boundaries can be readily traced. It ~~shall be~~ *is* prima facie evidence that the location is properly marked if the boundaries are defined by a monument at each corner or angle of the claim, consisting of any one of the following kinds:

(a) a tree at least 8 inches in diameter and blazed on four sides;

(b) a post at least 4 inches square by 4 feet 6 inches in length, set 1 foot in the ground, unless solid rock should occur at a less depth, in which case the post should be set upon ~~such~~ *the* rock and surrounded in all cases by a mound of earth or stone at least 4 feet in diameter by 2 feet in height. A squared stump of the requisite size, surrounded by ~~such~~ *a* mound, ~~shall~~ *must* be ~~deemed~~ *considered* the equivalent of a post and mound.

(c) a stone at least 6 inches square by 18 inches in length, set two-thirds of its length in the ground, with a mound of earth or stone alongside at least 4 feet in diameter by 2 feet in height; or

(d) a boulder at least 3 feet above the natural surface of the ground on the upper side. ~~Where~~ *When* other monuments or monuments of lesser dimensions than those ~~above~~ described *in subsections (2)(a) through (2)(c)* are used, it ~~shall be~~ *is* a question for the jury or for the court where the action is tried without a jury as to whether the location has been marked upon the ground so that its boundaries can be readily traced. Whatever monument is used, it must be marked with the name of the claim and the designation of the corner, either by number or cardinal point.

(3) Within 60 days after posting ~~such~~ notice, the locator shall comply with the United States mining laws."

Section 2716. Section 82-2-102, MCA, is amended to read:

"82-2-102. Record of certificate of location. (1) Within 60 days after posting the notice of location, the locator shall record ~~his~~ *the* location in the office of the county clerk of the county in which the mining claim is situated. The record ~~shall~~ *must* consist of a certificate of location for each claim containing:

(a) the name of the lode or claim and whether located as a lode or placer claim;

(b) the name of the locator or locators, if there ~~be~~ *is* more than one, together with the post-office address of ~~such~~ *the* locator or locators;

(c) the date of location and the description of the claim, with reference to some natural object or permanent monument, ~~as~~ *that* will identify the claim and the section, township, and range ~~wherein~~ *in which* the claim is situated by projected survey lines~~,~~ if located in unsurveyed country; *and*

(d) the directions and distances from the discovery point ~~which~~ *that* describe the claim.

(2) The certificate of location must be verified before ~~some~~ *an* officer authorized to administer oaths by the locator or one of the locators, if there ~~be~~ *is* more than one, or by *an* authorized agent. In the case of a corporation, the verification may be made by ~~any~~ *an* officer ~~thereof~~ *of the corporation* or by an authorized agent. When the verification is made by an agent, the fact of the agency ~~shall~~ *must* be stated in the affidavit. A *verified* certificate of location ~~so verified~~ or a certified copy ~~thereof~~ *of the certificate* is prima facie evidence of all facts properly recited ~~therein~~ *in the certificate*. Failure of the locator or locators to record a certificate of location as ~~herein~~ required ~~shall create~~ *in this section creates* a prima facie presumption of intent to abandon. However, recordation after the 60-day period but before the ground is located by another renews the location and saves the rights of the original locator. Nothing contained in 82-2-112 affects the prima facie presumption created by this section."

Section 2717. Section 82-2-103, MCA, is amended to read:

"82-2-103. Affidavit of performance of annual work. (1) The owner of a lode or placer claim who performs or causes to be performed the annual work or makes the improvements required by the laws of the United States, as permitted and defined by laws of the United States, in order to prevent the forfeiture of the ~~claim,~~ ~~must~~ *shall*, within 90 days after the expiration of the federal annual assessment work period, file in the office of the county clerk of the county in which ~~such~~ *the* claim or claims is situated ~~an~~ *the owner's* affidavit ~~of his own~~ or an affidavit of the person who performed ~~such~~ *the* work or made the improvements, showing:

(e) the dates between which ~~such~~ *the* work or improvements were effected;

(f) at whose instance the work was done or the improvements *were* made; *and*

(g) the actual amount paid for work and improvements and by whom paid when the ~~same was~~ *work and improvements were* not done by the owner.

(2) Annual assessment work may be performed or caused to be performed at one or more points within a group of contiguous claims and may be utilized to

satisfy annual assessment work requirements upon the group of contiguous claims. ~~Said~~ *The* point or points of work may be performed upon a patented claim. If annual assessment work is performed or caused to be performed at one or more points within a group of contiguous claims, the affidavit of performance of assessment work must be filed for the group of claims. The affidavit, in addition to requirements established by this section for affidavits of performance of assessment work, must contain a description and location of the work done upon the group at a point or points within the group, the specific names of all the claims in the group for whose benefit the work was performed, and the total cost of the work performed.

(3) If group work is claimed for a group of claims crossing county lines, the affidavit required by this section ~~shall~~ *must* be filed for recording within the required time in each of the counties in which ~~such~~ *the* claims are located.

(4) An affidavit of performance of annual assessment work must be verified before some officer authorized to administer oaths by the locator or one of the locators, if there ~~be~~ *is* more than one, or by *an* authorized agent. In the case of a corporation, the verification may be made by ~~any~~ *an* officer ~~thereof~~ *of the corporation* or by an authorized agent. When the verification is made by an agent, the fact of the agency ~~shall~~ *must* be stated in the affidavit. ~~Such~~ *The* affidavit or a certified copy ~~thereof~~ *of the affidavit* is prima facie evidence of the facts ~~therein~~ stated *in the affidavit*. The failure to file ~~such~~ *the* affidavits within the period allowed ~~therefor shall be~~ *is* prima facie evidence that ~~such~~ *the* labor has not been performed and that the owner of the claim or claims has abandoned and surrendered ~~same~~ *the claim or claims*."

Section 2720. Section 82-2-107, MCA, is amended to read:

"82-2-107. Amended location. A locator or claimant may at any time amend ~~his~~ *the* location and make any change in the boundaries ~~which~~ *that* does not involve a change in the point of discovery as shown by the discovery shaft by marking the location as amended upon the ground and filing an amended certificate of location conforming to the requirements of an original certificate of location. A defect in a recorded certificate of location may be cured by filing an amended certificate."

Section 2721. Section 82-2-108, MCA, is amended to read:

"82-2-108. Relocation by owner. A locator or claimant may at any time relocate ~~his~~ *the locator's or claimant's* own claim for any purpose, except to avoid the performance of annual labor ~~thereon~~ *on the claim*, and, by ~~such~~ *the*

Notice to an agent who makes a location ~~in~~ *on* behalf of another ~~shall~~ *must* be ~~deemed~~ *considered* notice to ~~his~~ *the agent's* principal, and notice to one of several coclaimants ~~shall~~ *must* be ~~deemed~~ *considered* notice to all."

Section 2724. Section 82-2-114, MCA, is amended to read:

(ii) may require the operator, if necessary, to install monitoring wells or other practices that may be needed to determine the cause of water loss, if there is a loss, in terms of quantity and quality;

(iii) shall issue a written finding specifying the cause of the water loss, if there is a loss, in terms of quantity and quality;

(iv) shall, if it determines that the preponderance of evidence indicates that the loss is caused by an exploration or mining operation, order the operator, in compliance with Title 85, chapter 2, to provide the needed water immediately on a temporary basis and within a reasonable time replace the water in like quality, quantity, and duration. If the water is not replaced, the department shall order the suspension of the operator's exploration or operating permit until ~~such time as~~ the operator provides substitute water, except that nothing in this section preempts *the application of* Title 85, chapter 2. The operator may not be required to replace a junior right if the operator's withdrawal or dewatering is not in excess of ~~his~~ *the operator's* senior right.

(b) If the department determines that there is a great potential that surface or subsurface water quality and quantity may be adversely affected by a mining or exploration operation, the operator shall install a water quality monitoring program~~,~~ *or a* water quantity monitoring program, or both, which must be approved by the department prior to the commencement of exploration or mining."

Section 2735. Section 82-10-103, MCA, is amended to read:

"82-10-103. Obligation to pay royalties as essence of contract — interest. (1) The obligation arising under an oil and gas lease to pay oil or gas royalties to the royalty owner or ~~his~~ *the owner's* assignee, to deliver oil or gas to a purchaser to the credit of ~~such~~ *the* royalty owner or ~~his~~ *the owner's* assignee, or to

pay a portion of the proceeds of the sale of ~~such~~ *the* oil or gas to the royalty owner or ~~his~~ *the owner's* assignee is of the essence in the lease contract.

(2) If the operator under an oil and gas lease fails to pay oil or gas royalties to the royalty owner or ~~his~~ *the owner's* assignee within 120 days after the initial oil or gas produced under the lease is marketed and within 60 days for all oil and 90 days for all gas produced and marketed ~~thereafter~~, the unpaid royalties ~~will~~ *must* bear interest~~,~~ at the maximum rate of interest authorized under 31-1-107 from the date due until paid. The operator may remit semiannually to a person entitled to royalties the aggregate of 6 months' royalties whenever the aggregate amount is less than $50 and annually whenever the aggregate amount is less than $10.

(3) A royalty owner seeking a remedy for failure to make payments under the lease or seeking ~~such~~ payments under this section shall bring ~~his~~ *the* action in the district court for the county in which the oil or gas well is located, and that court has jurisdiction over any ~~such~~ actions brought under this section. The prevailing party in any proceeding brought under this section is entitled to recover ~~his~~ court costs and reasonable attorney fees.

(4) This section does not apply if a royalty owner or ~~his~~ *the owner's* assignee has elected to take ~~his~~ *the owner's or assignee's* proportionate share of production in kind or whenever there is a dispute as to the title of the minerals or entitlement to royalties, the outcome of which would affect distribution of royalty payments."

Section 2736. Section 82-10-401, MCA, is amended to read:

"82-10-401. Notice required before abandonment of well — owner's option. ~~No~~ *A* person ~~shall~~ *may not* plug and abandon an oil or gas well located within this state without first giving reasonable notice of ~~his~~ *the* intention to do so to the surface owner of record of the land on which ~~said~~ *the* well is located. Upon receipt of notice to plug and abandon, the surface owner may, by written notice given within 15 days ~~thereafter~~ *after notice*, direct that the well pipe for ~~said~~ *the* well ~~shall~~ *must* be buried to a depth of not less than 3 feet. The board of oil and gas conservation shall adopt regulations to implement this section."

Section 2737. Section 82-10-402, MCA, is amended to read:

"82-10-402. Inventory of abandoned wells and seismic operations — reclamation procedures. (1) The board of oil and gas conservation shall maintain a record of the abandoned oil or gas wells, injection wells, sumps, and seismographic shot holes in the state that disturb land, water, or wildlife resources to a degree not in compliance with plugging, pollution prevention, and reclamation rules of the board. This record must be compiled from petitions or written statements from the owners of surface rights or lessees.

(2) The board shall check the record compiled under subsection (1) against its drilling records and shall determine and list the name of the person who abandoned the well, sump, or hole, whenever this information is available. When a *listed* person ~~so listed~~ applies to the board for a new drilling permit, the board may issue the permit only after approving a plan by which the applicant will reclaim the land disturbed by ~~his~~ *the person's* abandoned wells, sumps, or holes within 3 years.

(3) When the person who abandoned a well, sump, or hole cannot be identified or located or when the person does not have sufficient financial resources to pay for complete reclamation, the board may then reclaim the disturbed land with funds available from the oil and gas production damage

mitigation account in a manner consistent with the requirements for the use of the account provided in 82-11-161 and 82-11-164.

(4) As used in subsection (3), "well" includes a class II injection well, as defined in 82-11-101, for which a drilling permit or a permit authorizing use of a well for that purpose was granted by the board after June 30, 1989, and water source wells used in connection with enhanced recovery projects."

Section 2738. Section 82-10-506, MCA, is amended to read:

"82-10-506. Notification of injury. To receive compensation under this part, a surface owner shall give written notice to the oil and gas developer or operator of the damages sustained by the surface owner within 2 years after the injury occurs or would become apparent to a reasonable ~~man~~ *person*."

Section 2739. Section 82-10-507, MCA, is amended to read:

"82-10-507. Agreement — offer of settlement. Unless both parties provide otherwise by written agreement, within 60 days after the oil and gas developer or operator receives notice of damages pursuant to 82-10-506, ~~he~~ *the developer or operator* shall make a written offer of settlement to the person seeking compensation for the damages. The surface owner seeking compensation may accept or reject any offer."

Section 2740. Section 82-11-103, MCA, is amended to read:

"82-11-103. Lands subject to law. This chapter applies to all lands in the state lawfully subject to its police powers, including all state-owned lands. It applies to lands of the United States or to lands subject to the jurisdiction of the United States only to the extent that control and supervision of conservation of oil and gas by the United States on its lands fails to effect the intent and purposes of this chapter and otherwise applies to those lands to the extent that any officer of the United States having jurisdiction or ~~his~~ *the officer's* duly authorized representative approves any of the provisions of this chapter or an order of the board that affects those lands. This chapter also applies to any lands committed to a unit agreement approved by the secretary of the interior or ~~his~~ *the secretary's* duly authorized representative, except that the board may, with respect to those unit agreements, suspend the application of this chapter or any part of this chapter so long as the conservation of oil and gas and the prevention of waste as provided in this chapter is accomplished under the unit agreements. The suspension does not relieve an operator or owner from making reports that may be required by the board with respect to operations and production under the unit agreement, and the suspension does not relieve an operator or owner from the payment of taxes on ~~his~~ oil and gas production or payment for permit fees as required by this chapter."

Section 2741. Section 82-11-117, MCA, is amended to read:

"82-11-117. Confidentiality of records. (1) Any information that is furnished to the board or the board's staff or that is obtained by either of them is a matter of public record and open to public use. However, any information unique to the owner or operator that would, if disclosed, reveal methods or processes entitled to protection as trade secrets must be maintained as confidential if so determined by the board.

(2) If an owner or operator disagrees with a determination by the board that certain material will not be maintained as confidential, the owner or operator may file a declaratory judgment action in a court of competent jurisdiction to establish the existence of a trade secret if ~~he~~ *the owner or operator* wishes ~~such~~

the information to enjoy confidential status. The department must be served in ~~any such~~ *the* action and may intervene as a party.

(3) Any information not intended to be public when submitted to the board or the board's staff must be submitted in writing and clearly marked as confidential.

(4) Data describing physical and chemical characteristics of a liquid, gaseous, solid, or other substance injected or discharged into state waters may not be considered confidential.

(5) The board may use any information in compiling or publishing analyses or summaries relating to water pollution if ~~such~~ *the* analyses or summaries do not identify the owner or operator or reveal any information that is otherwise made confidential by this section."

Section 2742. Section 82-11-141, MCA, is amended to read:

"82-11-141. Administrative procedure. (1) Unless otherwise provided, the Montana Administrative Procedure Act applies to this chapter.

(2) An order or amendment ~~thereof~~ *of an order*, except in an emergency, may not be made by the board without a public hearing upon at least 10 days' notice. The public hearing ~~shall~~ *must* be held at ~~such~~ *a* time and place as ~~may be~~ prescribed by the board, and any interested person is entitled to be heard.

(3) When an emergency requiring immediate action is found to exist, the board may issue an emergency order without advance notice or hearing ~~which shall be~~ *that is* effective upon promulgation. An emergency order may not remain in effect beyond the next regular meeting of the board.

(4) (a) If notice is required by the chapter and the Montana Administrative Procedure Act does not apply, the notice ~~shall~~ *must* be made by publication in one or more issues of a newspaper in general circulation in Helena and a newspaper of general circulation in the county where the land or some part ~~thereon~~ *of the land* is situated, and the board may also cause publication to be made in a trade journal or bulletin of general circulation in the oil and gas industry in the state.

(b) At least 20 days prior to the public hearing, a person who applies to establish a well spacing unit under 82-11-201 or who applies to pool all interests in a well spacing unit pursuant to 82-11-202 shall cause written notice of any hearing ~~thereon~~ *on the application* to be served upon the record owners of the oil and gas and leasehold interests sought to be spaced or pooled. Notice must be given by mailing the written notice, postage prepaid, to their addresses as shown by the record of the county clerk and recorder at the time the notice is given.

(5) If written notice is not possible, proof of service by publication under subsection (4) ~~shall~~ *must* be made by the affidavit of the printer or publisher of the newspaper, trade journal, or bulletin in which the notice is published or by a ~~foreman~~ *supervisor* or principal clerk of the newspaper, bulletin, or trade journal.

(6) Except as provided otherwise in this chapter, the board may act upon its own motion or upon the petition of an interested person. On the filing of a petition concerning a matter within the jurisdiction of the board, the board shall promptly fix a date for a hearing ~~thereon~~ *on the petition* and shall cause notice of the hearing to be given. The hearing ~~shall~~ *must* be held without undue delay after the filing of the petition. The board shall enter its order within 30 days after the hearing."

Section 2743. Section 82-11-142, MCA, is amended to read:

"82-11-142. Subpoena power — civil actions. (1) If the Montana Administrative Procedure Act does not apply, the board may subpoena witnesses, administer oaths, and require the production of records, books, and documents for examination at any hearing or investigation conducted by it. Witnesses subpoenaed under this subsection ~~shall~~ *must* be paid the same per diem and mileage as is provided to be paid to witnesses attending the district courts of this state.

(2) This chapter, a suit by or against the board, a violation charged or asserted against a person under this chapter, or a rule or order issued under this chapter does not impair, abridge, or delay a cause of action for damages or other civil remedy ~~which~~ *that* a person may have or assert against a person violating this chapter or a rule or order issued under it. A person ~~so~~ aggrieved by the violation may sue for and recover ~~such~~ damages or relief ~~as he~~ *that the person* otherwise may be entitled to receive.

(3) A person, association, corporation, or agency of the state or federal government may apply to the board protesting a violation or a threatened violation of this chapter. The board shall make an investigation and make a written report to the person, association, corporation, or agency that made the protest. If a violation is established by the investigation of the board, the board shall take appropriate enforcement action. If the board fails to take appropriate enforcement action or to bring suit to enjoin a threatened violation of this chapter or a rule or order of the board within 10 days after receipt of written request to do so by a person who is or will be adversely affected, the person making the request may bring the suit in ~~his~~ *the person's* own behalf to restrain the threatened violation in a court in which the board might have brought suit. The board ~~shall~~ *must* be made a party defendant in the suit in addition to the person threatening to violate this chapter or a rule or order of the board, and the action ~~shall~~ *must* proceed and injunctive relief may be granted without bond in the same manner as if suit had been brought by the board.

(4) If a person fails or refuses to comply with the subpoena issued by the board or if a witness refuses to testify as to any material matter regarding which ~~he~~ *the person* may be interrogated, any district court in the state, upon good cause shown by the application of the board, may issue a warrant of attachment for the person and, if after hearing the court finds ~~his~~ *the person's* failure or refusal to be unjustified, compel ~~him~~ *the person* to comply with the subpoena and to attend before the board and produce any subpoenaed records, books, and documents for examination and to give ~~his~~ testimony. The court may punish for contempt as in the case of disobedience to a like subpoena issued by the court or for refusal to testify ~~therein~~ *in the proceeding*."

Section 2744. Section 82-11-151, MCA, is amended to read:

"82-11-151. Emergencies — notice and hearing. (1) Notwithstanding any other provisions of this chapter, if the administrator or a board member finds that a person is committing or about to commit an act in violation of this chapter or any order or rule issued under it ~~which~~ *that*, if it occurs or continues, will cause substantial pollution, the administrator under order of the board or the board member is authorized to order the person to stop, avoid, or moderate the act, including immediate closure or shutdown of any well. This authority is limited to acts the harmful effects of which will not be remedied immediately after the commission or cessation of the act or will represent an immediate threat to public health, safety, or welfare.

(2) When any emergency requiring immediate action is found pursuant to subsection (1), the board is authorized to issue an emergency order without notice or hearing, which is effective upon issuance as provided in 82-11-141(3).

(3) The board may have written notice served, personally or by mail, on the alleged violator or ~~his~~ *the violator's* agent. The notice must state the provision alleged to be violated, the facts alleged to constitute the violation, the nature of corrective action the board requires, and the time within which the action is to be taken. For the purposes of this section, service by mail is complete on the date of mailing.

(4) The notice must indicate that the order is an emergency order.

(5) Pursuant to 82-11-141(3), the board may consider the emergency order at its next regular meeting, without compliance with the notice requirements of this chapter if they cannot be accomplished within the time available, and enter a second emergency order.

(6) Upon issuing an order under subsection (2), the board may fix a place and time for a hearing, not later than 5 days ~~thereafter~~ *after issuance* unless the person to whom the order is directed requests a later time. The board may deny a request for a later time if it finds that the person to whom the order is directed is not complying with the order. If the board considers it practicable, the hearing must be held in the county where the violation is alleged to have occurred. As soon as practicable after the hearing, the board shall affirm, modify, or set aside the order.

(7) If the order of the board is affirmed, it must be accompanied by a statement specifying the date or dates by which a violation must cease and may prescribe timetables for necessary action in preventing, abating, or controlling the pollution. An action for review of the order of the board may be initiated in the manner specified in 82-11-144. The initiation of ~~such~~ an action or taking of an appeal may not stay the effectiveness of the order unless the court finds that the board did not have reasonable cause to issue an order under this section."

Section 2745. Section 82-11-206, MCA, is amended to read:

"82-11-206. Terms and conditions of plan for unit operations. The order ~~shall~~ *under 82-11-205 must* be upon terms and conditions that are just and reasonable and ~~shall~~ *must* prescribe a plan for unit operations that ~~shall include~~ *includes*:

(1) a description of the pool or pools or parts ~~thereof~~ *of a pool or pools* to be ~~so~~ operated, termed the unit area, but only so much of a pool as has reasonably been defined and determined by drilling operations to be productive of oil or gas may be included within the unit area. If the unit is formed solely for production of gas, a spacing unit on which is located a well producing or capable of producing gas on March 1, 1971, may not be included in the unit area without the written consent of the majority in interest of the working interest owners of the spacing unit and well.

(2) a statement of the nature and purpose of the plan and operations contemplated, together with a copy of the proposed unit agreement and unit operating agreement;

(3) a plan for allocating to each tract in the unit area its fair share of the oil and gas produced from the unit area and not required or consumed in the conduct of the operation of the unit area or unavoidably lost. A plan may not be approved by the board until it has considered the relative value that the share of production bears to the relative value of all of the separately owned tracts in the

unit area, exclusive of physical equipment utilized in unit operations. In considering this relative value, the board shall weigh the economic value of the gas to all persons affected as compared to the economic value of the oil to all persons affected.

(4) a provision for the credits and charges to be made in the adjustment among the owners in the unit area for their respective investments in wells, tanks, pumps, machinery, materials, and equipment contributed to the unit operations;

(5) a provision providing how the costs of unit operations, including overhead and capital investments, ~~shall~~ *must* be determined and charged to the separately owned tracts, including a provision for carrying or otherwise financing any owner who has not executed the proposed unit operating agreement and who elects to be carried or otherwise financed, allowing an interest charge of the ~~then current~~ *then-current* prime rate plus 2% for the service. Recovery of the money advanced plus interest ~~shall~~ *must* be limited to and only ~~shall~~ be recoverable from the owners' share of production. The recovery ~~shall~~ *must* be as follows:

(a) *(i)* in the case of a field producing oil or oil and gas, during the period of depletion of the remaining estimated primary reserves from the unit, only from the production that is in excess of the owners' average actual rate of production during the 18 months immediately preceding the effective date of the unit;

(ii) during the period subsequent to the depletion of the remaining estimated primary reserves from the unit, from 100% of the owners' share of production;

(iii) for purposes of this subsection *(5)(a)*, the term "primary reserves" means the oil or gas ~~which~~ *that* would be produced from the unitized pool or pools as a result of the natural energy ~~therein~~ *in the pool or pools* and without the introduction of an enhanced recovery program;

(b) in the case of a field producing only gas, from 100% of the owners' share of production;

(c) in the case of any enhanced recovery program that is initiated subsequent to a secondary recovery program, the recovery ~~shall~~ *must* be from 75% of the owners' increased share of production from ~~such~~ *the* subsequent program;

(6) a provision for the supervision and conduct of the unit operations, in respect to which each owner ~~shall have~~ *has* a vote with a value corresponding to the percentage of the costs of unit operations chargeable against the interest of the owner;

(7) a provision ~~whereby~~ *by which* the unit operator, after having operated for a minimum period of 2 years, ~~can~~ *may* be challenged by any other owner in the unit, and the challenging owner may succeed to the unit operations upon a showing that:

(a) ~~he~~ *the challenging owner* can operate more efficiently and economically than the present operator;

(b) ~~he~~ *the challenging owner* is qualified and financially responsible;

(c) a majority of the other owners, both in number and in percentage and exclusive of the challenged operator, approved the challenging owner becoming unit operator; and

(d) the challenged operator does not initiate the conditions of operations of the challenging owner within 60 days of the challenged operator's receipt of the conditions of operations;

(8) the time when the unit operations ~~shall~~ *must* commence and the manner in which and the circumstances under which the unit operations ~~shall~~ *must* terminate; and

(9) ~~such~~ additional provisions that are found to be appropriate for carrying on unit operations and for the protection and adjustment of correlative rights."

Section 2746. Section 82-11-209, MCA, is amended to read:

"82-11-209. Units established by previous order. The board may provide by an order for the unit operation of a pool or pools or parts ~~thereof~~ *of a pool or pools* that embrace a unit established by an order of the board made prior to February 13, 1969. The order, in providing for the allocation of unit production, ~~shall~~ *must* first treat the unit area previously established as a single tract, and the portion of the unit production ~~so~~ allocated ~~thereto shall~~ *to that tract must* then be allocated among the tracts included in the previously established unit area in the same proportions as those specified in the previous order. ~~Any~~ *A* new owner whose interest by the order is added to the unit area and who becomes liable for ~~his~~ *the owner's* proportionate share of the costs of unit operations is not liable for any unit operating costs incurred prior to the person's entry in the unit. At the time the interest is included in the unit, an equipment inventory ~~shall~~ *must* be made in order to charge the newly committed interest with its proportionate share of capital investment at its ~~then~~ *current* value. An oil-in-storage inventory ~~shall~~ *must* be taken immediately prior to adding the newly committed interest."

Upon demand by any owner of working interest in any tract to which gas has been allocated, the unit operator shall deliver ~~such~~ *the* allocated share of gas to the owner in kind~~;~~. ~~but~~ *However,* the operator and the other owners of interest ~~shall~~ *may* not be required to bear the cost of providing additional facilities for the delivery of ~~such~~ *the* gas."

Section 2748. Section 82-11-303, MCA, is amended to read:

"82-11-303. Extension of expiration date. The governor of Montana is further authorized and empowered, for and in the name of the state of Montana, to execute agreements for the further extension of the expiration date of the Interstate Compact To Conserve Oil and Gas and to determine if and when it ~~shall be~~ *is in* ~~for~~ the best interest of the state of Montana to withdraw from ~~said~~ *the* compact upon 60 days' notice as provided by its terms. ~~In the event he shall determine~~ *If the governor determines* that the state should withdraw from ~~said~~ *the* compact, ~~he shall have~~ *the governor has* full power and authority to give necessary notice and to take any and all steps necessary and proper to effect the withdrawal of the state of Montana from ~~said~~ *the* compact."

(a) that portion of the taxable value of the county on December 31, 1981, attributable to automobiles and trucks having a rated capacity of three-quarters of a ton or less;

(b) that portion of the taxable value of the county on December 31, 1989, attributable to automobiles and trucks having a manufacturer's rated capacity of more than three-quarters of a ton but less than or equal to 1 ton;

Section 2. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of property taxes or fees under protest. (1) (a) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:

(i) be made to the officer designated and authorized to collect it;

(ii) specify the grounds of protest; and

(iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(c) If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made. (3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or

in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 must be remitted by the county treasurer to the department.

(ii) The department shall deposit 50% of that portion of the funds levied for the university system pursuant to ~~15-10-107~~ *15-10-108* in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to ~~15-10-107~~ *15-10-108* must be deposited in a centrally assessed property tax state special revenue fund.

(iii) Fifty percent of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.

(5) (a) Except as provided in subsection (5)(b), the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund or the centrally assessed property tax state special revenue fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest.

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) (i) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible. The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).

(ii) For an adverse protest action against the state for centrally assessed property, the department shall refund from the centrally assessed property tax state special revenue fund the amount of protested taxes and from the state general fund the amount of interest as required in subsection (6)(b). The amount refunded for an adverse protested action from the centrally assessed property tax state special revenue fund may not exceed the amount of protested taxes or fees required to be deposited for that action pursuant to subsections (4)(b)(ii) and (4)(b)(iii) or, for taxes or fees protested prior to April 28, 2005, an equivalent amount of the money transferred to the fund pursuant to section 3, Chapter 536, Laws of 2005. If the amount available for the adverse protested action in the centrally assessed property tax state special revenue fund is insufficient to refund the tax payments to which the taxpayer is entitled and for which the state is responsible, the department shall pay the remainder of the refund proportionally from the state general fund and from money deposited in the state special revenue fund levied pursuant to ~~15-10-107~~ *15-10-108*.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, including the state, is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate referred to in subsection (6)(b) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus 4 percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed."

Section 3. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of ~~15-10-107~~ *15-10-108*, 20-9-331, 20-9-333, 20-9-360, ~~20-25-423,~~ and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326; or

(iv) a levy for the support of a study commission under 7-3-184.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 4. Section 15-24-1703, MCA, is amended to read:

"15-24-1703. Application of suspension or cancellation. The suspension or cancellation of delinquent property taxes pursuant to this part:

(1) applies to all mills levied in the county or otherwise required under state law, including levies or assessments required under Title 15, chapter 10, 20-9-331, *and* 20-9-333~~, and 20-25-423~~;

(b) "District to be annexed" means the district that is being attached to another district through an annexation procedure.

(2) A district may be annexed to a contiguous district when one of the conditions of 20-6-421 is met in accordance with the following procedure:

(a) An annexation proposition may be introduced in the district to be annexed by either of the two following methods:

(i) the trustees may pass a resolution requesting the county superintendent of the county where the district is located to order an election to consider an annexation proposition for their district; or

(ii) not less than 20% of the electors of the district who are qualified to vote under the provisions of 20-20-301 may petition the county superintendent of the county where the district is located requesting an election to consider an annexation proposition for their district.

(b) The resolution or petition must state whether the annexation is to be made with or without the joint assumption of bonded indebtedness of the annexing district by the district to be annexed and the annexing district.

(3) Before ordering an election on the proposition, the county superintendent of the county where the district to be annexed is located must first receive from the trustees of the annexing district a resolution giving the county superintendent the authority to annex the district. The resolution must state whether the annexation is to be made with or without the joint assumption of bonded indebtedness of the annexing district by the district to be annexed and the annexing district. The resolution from the annexing district and the resolution or petition from the district to be annexed must agree on whether or not there will be joint assumption of bonded indebtedness. Without agreement, the annexation proposition may not be considered further.

(4) When the county superintendent of the county where the district to be annexed is located has received the resolution authorizing the annexation from the annexing district and the resolution or valid petition from the district to be annexed, the county superintendent shall, within 10 days and as provided by 20-20-201, order the trustees of the district to be annexed to call an annexation election.

(c) The proposition is approved in the district if a majority of those voting approve the proposition.

(7) If the district to be annexed is not to jointly assume the bonded indebtedness of the annexing district, the ballots must read, after stating the annexation proposition, "FOR annexation without assumption of bonded indebtedness" and "AGAINST annexation without assumption of bonded indebtedness". The annexation proposition is approved by a district if a majority of those voting in a district approve the proposition.

(8) After the county superintendent of the county where the district to be annexed is located has received the election certification provided for in 20-20-416 from the trustees of the district conducting the annexation election and if the annexation proposition has been approved by the election, the county superintendent shall order the annexation of the territory of the district voting on the proposition to the district that has authorized the annexation to its territory effective July 1. The order must be issued within 10 days after the receipt of the election certificate. For annexation with joint assumption of bonded indebtedness, the order must specify that there will be joint assumption of *the* bonded indebtedness ~~between the~~ *of the annexing district by the* owners of all taxable real and personal property in the ~~annexed~~ territory ~~and in the annexing district~~ *of the district to be annexed*. The county superintendent of the county where the district to be annexed is located shall send a copy of the order to the board of county commissioners of each county involved in the annexation order and to the trustees of the districts involved in the annexation order.

Section 5. Section 20-6-704, MCA, is amended to read:

"20-6-704. Dissolution of K-12 school district. (2) If the trustees of the school district determine that the creation or continuation of the K-12 district has resulted in or will result in the loss of federal funding for the elementary or high school programs and that it is in the best interest of the district to dissolve into the original elementary district and high school district that existed prior to the formation of the K-12 district, the trustees may dissolve the district under the following procedure:

(a) The trustees of the district shall pass a resolution requesting the county superintendent to order a dissolution of the district.

(b) When the county superintendent receives the resolution from the district, the county superintendent shall, within 10 days, order the dissolution of the K-12 district into the original elementary district and high school district, to take effect on July 1 of the ensuing school fiscal year. Within 30 days of the order, the county superintendent shall send a copy of the order to the board of

county commissioners, the trustees of the district, and the superintendent of public instruction.

(3) If the entire territory of the dissolving K-12 district will be annexed to or consolidated with a contiguous district or districts, the resolution or petition required in subsection (1) or (2) must contain a description of the manner in which the real and personal property and funds of the district are to be apportioned in the dissolution of the district and the subsequent annexation to or consolidation with one or more other districts. If a portion of the dissolving K-12 district will not be annexed or consolidated with another district or districts, the resolution or petition must contain a description of the manner in which the property, funds, and financial obligations, including bonded indebtedness, of the K-12 district are to be apportioned to the district or districts whose territory is not annexed to or consolidated with another district.

(4) After the county superintendent receives the certificate of election provided for in 20-20-416 from the trustees of the K-12 district and from each district included in a consolidation proposition, the county superintendent shall determine whether the dissolution and annexation or consolidation proposition or propositions have been approved. If the K-12 district has approved the dissolution proposition and each district involved in a consolidation has approved the consolidation proposition, the county superintendent shall, within 10 days after the receipt of the election certificate, order the dissolution of the K-12 district into the original elementary district and high school district, to take effect on July 1 of the ensuing school fiscal year. Within 30 days of the order, the county superintendent shall send a copy of the dissolution order to the board of county commissioners, the trustees of the district included in the dissolution order, and the superintendent of public instruction.

(5) Whenever a K-12 district is dissolved, the following provisions apply:

(a) The trustees of the ~~elementary~~ district whose territory is not annexed or consolidated upon dissolution of the K-12 district are responsible for the execution of remaining financial obligations of the K-12 district and for the apportionment between the elementary and high school programs of any obligations not identified in the resolution required under subsection (3).

(b) The provisions of 20-6-410 apply for tenure teachers in the dissolution of a K-12 district.

CHAPTER NO. 62

[HB 94]

AN ACT REVISING THE LAW GOVERNING SECURITY INTERESTS IN LIQUOR LICENSES; CLARIFYING THAT THE USE OF LOAN AND SECURITY DOCUMENTATION CONSISTENT WITH THAT USED BY THE REGULATED LENDER GENERALLY DOES NOT CONSTITUTE CONTROL OF THE OPERATION OF THE BUSINESS OR THE LICENSEE; AMENDING SECTION 16-4-801, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-801, MCA, is amended to read:

"16-4-801. Security interest in liquor license. (1) (a) A security interest in a liquor license is an interest in the liquor license that secures payment or performance of an obligation. A contract for the sale of a liquor license, including a provision allowing the seller to retain an ownership interest in the license solely for the purpose of guaranteeing payment for the license, may, for the purposes of this section, be treated as a security interest.

(b) For the purposes of this section:

(i) "default" means that:

(A) the defaulting party has acknowledged in writing pursuant to the terms of a written security agreement or contract for sale that the defaulting party no longer has any ownership interest or any other rights to possess or control the liquor license;

(B) a court of competent jurisdiction has made an order foreclosing all of the defaulting party's interests in the license; or

(C) there has been a nonjudicial sale by the secured party made pursuant to the Uniform Commercial Code and the secured party has provided written proof of the sale to the department; and

(ii) "liquor license" means a license issued under this chapter.

(2) The department, after review of the underlying documents creating the security interest, may approve a transfer of ownership of a liquor license subject to a security interest as provided in subsection (1). A person holding a security interest may not have any control in the operation of the business operated under a license subject to a security interest nor may that person share in the profits or the liabilities of the business other than the payment or performance of the licensee's obligation under a security agreement.

(3) (a) Within 7 days of a default by a licensee, the person holding the security interest shall give notice to the department of the licensee's default and either apply to have the license transferred to that person, subject to that person meeting the requirements of 16-4-401 and all other applicable provisions of this code, or the person shall place the license on nonuser status. Upon receipt of an application to transfer the license, the department may, pursuant to 16-4-404, grant the applicant temporary authority to operate the license. If the person holding the license places the license on nonuser status, the person shall transfer ownership of the license within 180 days from the date on which the notice of the default was given to the department. The operation of a business under a license by a person holding a security interest for more than 7 days after default of the licensee or without temporary authority issued by the department must be considered to be a violation of this code and constitutes grounds for the department to either deny an application for transfer of the license or for the revocation of the license pursuant to 16-4-406.

(b) If the person holding the security interest does not qualify for or cannot qualify for ownership of a liquor license under 16-4-401, the secured party shall transfer ownership of the liquor license within 180 days of the notice of the default of the licensee.

(c) The department, upon a showing of good cause, may in its discretion extend the time for sale of the license for an additional period of up to 180 days.

(4) A regulated lender, as defined in 31-1-111, may obtain a security interest in a liquor license in order to secure a loan or a guaranty of a loan. This section does not prohibit or limit the ability of a regulated lender to use loan and security documentation consistent with that used by the regulated lender generally, and the documentation does not constitute control of the operation of the business or the licensee operating the business that is subject to the security interest."

If the person bringing the action is convicted of criminal conduct arising from the person's role in the violation of this part, the person must be dismissed from the civil action and may not receive any share of the proceeds of the action. AN ACT PROVIDING THAT LIMITED VEGETATIVE COVER OF WATER MANAGEMENT FACILITIES AND OTHER SUPPORT FACILITIES IN A STRIP MINE OPERATION IS ELIGIBLE FOR EARLY BOND RELEASE IF THE VEGETATIVE COVER MEETS RECLAMATION STANDARDS; AND AMENDING SECTION 82-4-235, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-235, MCA, is amended to read:

"82-4-235. Determination of successful revegetation — final bond release. (1) Success of revegetation must be judged on the effectiveness of the vegetation for the approved postmining land use, the extent of cover compared to the cover occurring in the natural vegetation, and the requirements of 82-4-233. Standards for success are:

(a) for areas reclaimed for use as cropland, crop production must be at least equal to that achieved prior to mining based on comparison with historical data, comparable reference areas, or United States department of agriculture publications applicable to the area of the operation, as referenced in rules adopted by the board;

(b) for areas reclaimed for use as pastureland or grazing land, the ground cover and production of living plants on the revegetated area must be at least equal to that of a reference area or other standard approved by the department as appropriate for the postmining land use;

(c) for areas reclaimed for use as fish and wildlife habitat, forestry, or recreation, success of revegetation must be determined on the basis of approved tree density standards or shrub density standards, or both, and vegetative ground cover required to achieve the postmining land use;

(d) reestablished vegetation is considered effective if the postmining land use is achieved and erosion is controlled;

(e) reestablished vegetation is considered permanent if it is diverse and effective at the end of the 10-year responsibility period specified under subsection (2); and

(f) plant species composing the reestablished vegetation are considered to have the same seasonal characteristics of growth as the original vegetation, to be capable of regeneration and plant succession, and to be compatible with the plant and animal species of the area if those plant species are native to the area or are introduced species approved by the department as desirable and necessary to achieve the postmining land use.

(2) Inspection and evaluation of reclaimed vegetative cover must be made as soon as possible following an application for final bond release to determine if a satisfactory stand has been established. If the department determines that a satisfactory vegetative cover has been established, it shall release the remaining bond held on the area reclaimed after public notice and an opportunity for hearing as provided in 82-4-232(6). ~~The~~ *Except as provided in subsection (3), the* remaining bond may not be released prior to a period of 10 years after the last year of augmented seeding, fertilizing, irrigation, or other work required under this part for those operations or portions of operations that were seeded after May 2, 1978, or prior to a period of 5 years after initial planting for all exploration activities and all other operations.

(3) (a) *Vegetative cover of water management facilities and other support facilities composing no more than 10% of the area for which bond release is sought is not subject to the 10-year responsibility period. Water management facilities and other support facilities include but are not limited to sedimentation ponds, diversions, other water management structures, soils stockpiles, access roads, segments of haul roads, and electrical substations.*

(b) Vegetative cover of water management facilities and other support facilities composing no more than 10% of the area for which bond release is sought is eligible for bond release if the vegetative cover otherwise meets the reclamation standards in subsection (1).

(4) (a) Notwithstanding the ~~provision in subsection~~ *provisions of subsections* (2) *and (3)*, on land from which coal was removed prior to May 3, 1978, and on land from which coal was not removed and that was not used, disturbed, or redisturbed in connection with this part after May 2, 1978, pursuant to a permit issued by the department under this part, the department may approve for release a bond on an area of reclaimed vegetation that meets the following criteria:

(i) it was seeded using a seed mixture that was approved by the department under the criteria established pursuant to 82-4-233 and that included introduced species; and

(ii) at least one of the following conditions exists:

(A) the standards of 82-4-233(1) are otherwise achieved;

(B) the operator has demonstrated substantial usefulness of the reclaimed vegetation for grazing of livestock;

(C) the operator demonstrates that the reclaimed vegetation has substantial value as a habitat component for wildlife present in the area; or

(D) the topography and soils are suitable for conversion to cropland or hayland consistent with the standards of 82-4-232 and the department approves and the operator completes that conversion.

(b) On lands that meet the criteria described in subsection ~~(3)(a)~~ *(4)(a)*, interseeding or supplemental planting may be performed without reinitiating the liability period provided in subsection (2)."

Section 2. Contingent voidness. (1) If any portion of [section 1] is disapproved by the United States secretary of the interior pursuant to 30 CFR 732.17, then [section 1] is void.

(2) Within 15 days of the effective date of the disapproval under subsection (1), the department of environmental quality shall notify the code commissioner, certifying that the disapproval under subsection (1) has occurred.

CHAPTER NO. 78

[SB 5]

AN ACT REQUIRING APPROVAL BY THE BOARD OF LAND COMMISSIONERS FOR THE GIFT OR PURCHASE OF LAND FOR THE PURPOSE OF RECLAMATION OF MINES; AMENDING SECTIONS 82-4-239 AND 82-4-371, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-239, MCA, is amended to read:

"82-4-239. Reclamation. (1) The department may have reclamation work done by its employees, by employees of other governmental agencies, by soil conservation districts, or through contracts with qualified persons. The board may construct, operate, and maintain plants for the control and treatment of water pollution resulting from mine drainage.

(2) Any funds or any public works programs available to the department must be used and expended to reclaim and rehabilitate lands that have been subjected to strip mining or underground mining and that have not been reclaimed and rehabilitated in accordance with the standards of this part. The department shall cooperate with federal, state, and private agencies to engage in cooperative projects under this section.

(3) Agents, employees, or contractors of the department may enter upon any land for the purpose of conducting studies or exploratory work to determine whether the land has been strip- or underground-mined and not reclaimed and rehabilitated in accordance with the requirements of this part and to determine

the feasibility of restoration, reclamation, abatement, control, or prevention of any adverse effects of past coal-mining practices. Upon request of the director of the department, the attorney general shall bring an injunctive action to restrain any interference with the exercise of the right to enter and inspect granted in this subsection. The action must be brought in the county in which the mine is located.

(4) (a) The department shall take the actions described in subsection (4)(b) when it makes a finding of fact that:

(i) land or water resources have been adversely affected by past coal-mining practices;

(ii) the adverse effects are at a stage at which, in the public interest, action to restore, reclaim, abate, control, or prevent should be taken; and

(iii) the owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices are not known or readily available or the owners will not give permission for the department or its agents, employees, or contractors to enter upon the property to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices.

(b) After giving notice by mail to the owner, if known, and any purchaser under contract for deed, if known, or, if neither is known, by posting notice on the premises and advertising in a newspaper of general circulation in the county in which the land lies, the agents, employees, or contractors of the department may enter on the property adversely affected by past coal-mining practices and on any other property necessary for access to the mineral property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices.

(c) Action taken under subsection (4)(b) is not an act of condemnation of property or of trespass, but rather is an exercise of the power granted by Article IX, sections 1 and 2, of the Montana constitution.

(5) (a) Within 6 months after the completion of projects to restore, reclaim, abate, control, or prevent adverse effects of past coal-mining practices on privately owned land, the department shall itemize the money expended and may file a statement of those expenses in the office of the clerk and recorder of the county in which the land lies, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of adverse effects of past coal-mining practices if the money expended resulted in a significant increase in property value. The statement constitutes a lien upon the land. The lien may not exceed the amount determined by the appraisal to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices. A lien under this subsection (5)(a) may not be filed against the property of a person who owned the surface prior to May 2, 1977, and who did not consent to, participate in, or exercise control over the mining operation that necessitated the reclamation performed under this part.

(b) The landowner may petition within 60 days of the filing of the lien to determine the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices. The amount reported to be the increase in value of the premises constitutes the amount of the lien and must be recorded

with the statement provided for in this section. Any party aggrieved by the decision may appeal as provided by law.

(c) The lien provided in this section must be recorded at the office of the county clerk and recorder. The statement constitutes a lien upon the land as of the date of the expenditure of the money and has priority as a lien second only to the lien of real estate taxes imposed upon the land.

(6) The department may acquire the necessary property by gift or purchase. *A gift or purchase must be approved by the board of land commissioners.* If the property cannot be acquired by gift or purchase at a reasonable cost, proceedings may be instituted in the manner provided in Title 70, chapter 30, against all nonaccepting landholders if:

(a) the property is necessary for successful reclamation;

(b) the acquired land after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices will serve recreation and historic purposes or conservation and reclamation purposes or provide open space benefits; and

(c) (i) permanent facilities, such as treatment plants or relocated stream channels, will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past strip- or underground-coal-mining practices; or

(ii) acquisition of coal refuse disposal sites and all coal refuse on the land will serve the purposes of this part because public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal-mining practices."

Section 2. Section 82-4-371, MCA, is amended to read:

"82-4-371. Reclamation of abandoned mine sites. (1) Agents, employees, or contractors of the department may enter upon property for the purpose of conducting studies or exploratory work to determine whether the property has been mined and not reclaimed and rehabilitated in accordance with the requirements of this part and to determine the feasibility of restoration or reclamation of the property or abatement, control, or prevention of the adverse effects of past mining practices. The department may bring an injunctive action to restrain interference with the exercise of the right to enter and inspect granted in this subsection.

(2) (a) The department may enter upon property pursuant to subsection (2)(b) if it makes a finding that:

(i) land or water resources on the property have been adversely affected by past mining practices;

(ii) the adverse effects are at a stage that, in the public interest, action to restore or reclaim the property or to abate, control, or prevent the adverse effects should be taken; and

(iii) the owners of the land or water resources where entry must be made to restore or reclaim the property or to abate, control, or prevent the adverse effects of past mining practices are not known or readily available or the owners will not give permission for the department or its agents, employees, or contractors to enter upon the property to restore or reclaim the property or to abate, control, or prevent the adverse effects of past mining practices.

(b) If the department has made findings pursuant to subsection (2)(a), agents, employees, or contractors of the department may enter upon property

adversely affected by past mining practices and other property necessary for access to the adversely affected property to do all things necessary or expedient to restore or reclaim the property or to abate, control, or prevent the adverse effects of past mining practices after:

(i) giving notice by mail to the owner, if known, and a purchaser under contract for deed, if known; or

(ii) if neither is known, posting notice upon the property and advertising in a newspaper of general circulation in the county in which the property lies.

(c) Entry upon property pursuant to this section is not an act of condemnation of property or of trespass but rather an exercise of the power granted by Article IX, sections 1 and 2, of the Montana constitution.

(3) The board may acquire the necessary property by gift or purchase~~,~~. *A gift or purchase must be approved by the board of land commissioners.* ~~or if~~ *If* the property cannot be acquired by gift or purchase at a reasonable cost, proceedings may be instituted in the manner provided in Title 70, chapter 30, against all nonaccepting landholders if:

(a) acquisition of the property is necessary for successful reclamation;

(b) the acquired property after restoration or reclamation or after abatement, control, or prevention of the adverse effects of past mining practices will serve recreation and historic purposes or conservation and reclamation purposes or provide open space benefits; and

(c) (i) permanent facilities, such as treatment plants or relocated stream channels, will be constructed on the property for the restoration or reclamation of the property or for abatement, control, or prevention of the adverse effects of past mining practices; or

(ii) acquisition of refuse disposal sites and all refuse on the sites will serve the purposes of this part in that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past mining practices.

(4) The department may record in the office of the clerk and recorder in the county in which property that has been reclaimed pursuant to 82-4-424 or this section is located a notice that the property has been mined and reclaimed. The notice must include the date and a brief description of the reclamation."

~~(83)~~*(84)* (a) "Vehicle" means a device in, upon, or by which any person or property may be transported or drawn upon a public highway, except devices moved by animal power or used exclusively upon stationary rails or tracks.

(b) The term does not include a manually or mechanically propelled wheelchair or other low-powered, mechanically propelled vehicle that is designed specifically for use by a physically disabled person and that is used as a means of mobility for that person.

~~(84)~~*(85)* "Vehicle identification number" means the number, letters, or combination of numbers and letters assigned by the manufacturer, by the department, or in accordance with the laws of another state or country for the purpose of identifying the motor vehicle or a component part of the motor vehicle.

~~(85)~~*(86)* "Vessel" means every description of watercraft, unless otherwise defined by the department, other than a seaplane on the water, used or capable of being used as a means of transportation on water.

~~(86)~~*(87)* "Wholesaler" means a person that for a commission or with intent to make a profit or gain of money or other thing of value sells, exchanges, or attempts to negotiate a sale or exchange of an interest in a used motor vehicle, trailer, semitrailer, pole trailer, travel trailer, motorboat, snowmobile, off-highway vehicle, or special mobile equipment only to dealers and auto auctions licensed under chapter 4, part 1."

Section 2. Section 61-8-310, MCA, is amended to read:

"61-8-310. When local authorities may and shall alter limits *or establish or alter area of school zone*. (1) If a local authority in its jurisdiction determines on the basis of an engineering and traffic investigation that the speed permitted under 61-8-303 and 61-8-309 through 61-8-313 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may set a reasonable and safe limit that:

(a) decreases the limit at an intersection;

(b) increases the limit within an urban district, but not to more than 65 miles an hour during the nighttime;

(c) decreases the limit outside an urban district, but not to less than 35 miles an hour; or

(d) decreases the limit in ~~an area near a school~~ *a school zone or in an area near*~~,~~ a senior citizen center, as defined in 23-5-112, or a designated crosswalk that is close to a school or a senior citizen center to not less than 80%, rounded down to the nearest whole number evenly divisible by 5, of the limit that would be set on the basis of an engineering and traffic investigation, but not less than 15 miles an hour. If warranted by an engineering and traffic investigation, a local authority may adopt variable speed limits to adapt to traffic conditions by time of day, provided that the variable limits comply with the provisions of 61-8-206.

(2) A board of county commissioners may set limits, as provided in subsection (1)(c), without an engineering and traffic investigation on a county road.

(3) A local authority in its jurisdiction may determine the proper speed for all arterial streets and shall set a reasonable and safe limit on arterial streets that may be greater or less than the speed permitted under 61-8-303 for an urban district.

(4) *(a)* An altered limit established as authorized under this section is effective at all times or at other times determined by the authority when appropriate signs giving notice of the altered limit are erected upon the highway.

(b) If a local authority decreases a speed limit in a school zone, the local authority shall erect signs conforming with the manual adopted by the department of transportation under 61-8-202 giving notice that the school zone has been entered, of the altered speed limit and the penalty provided in 61-8-726, and that the school zone has ended.

(5) Except as provided in subsection (1)(d), the commission has exclusive jurisdiction to set special speed limits on all federal-aid highways or extensions of federal-aid highways in all municipalities or urban areas. The commission shall set these limits in accordance with 61-8-309.

(6) A local authority establishing or altering the area of a school zone shall consult with the department of transportation and the commission if the school zone includes a state highway or a federal-aid highway or extension of a federal-aid highway.

(7) A local authority shall consult with district officials for a school when:

(a) establishing or altering the area of a school zone near the school; or

(b) setting a speed limit pursuant to subsection (1)(d) in a school zone near the school."

Section 3. Section 61-8-726, MCA, is amended to read:

"61-8-726. Violating speed limit ~~near~~ *in* school *zone* — penalty doubled — disposition of fines. (1) A person convicted of violating a special speed limit ~~near~~ *in* a school *zone* imposed by a local authority pursuant to 61-8-310(1)(d) is guilty of a misdemeanor. Upon arrest and conviction, the person shall be punished by a fine of not less than double the penalty provided for the violation in 61-8-711.

(2) The fine proceeds must be allocated as follows:

(a) 50% of the fine collected must be distributed as provided in 3-10-601, 46-17-402, or 46-18-235; and

(b) 50% must be forwarded to the local authority that adopted the special speed limit as provided in 61-8-310(1)(d) for the purposes of erecting signs providing ~~notification~~ *notice* of the *school zone, the speed limit, and the* penalty or for other local law enforcement needs."

CHAPTER NO. 86

[SB 120]

AN ACT GENERALLY REVISING CONTROLLED GROUND WATER LAWS; GRANTING RULEMAKING AUTHORITY; ALLOWING PETITIONS FROM LOCAL ENTITIES AND WATER RIGHT HOLDERS; ALLOWING CONSIDERATION OF FUNDING AND STUDIES; REVISING CRITERIA FOR DESIGNATING OR MODIFYING A CONTROLLED GROUND WATER AREA; EXPANDING CONTROL PROVISIONS; REMOVING PREFERENCES FOR DOMESTIC AND LIVESTOCK WITHDRAWALS; ELIMINATING GROUND WATER SUPERVISORS; REMOVING PENALTIES ASSOCIATED WITH NONCOMPLIANCE WITH GROUND WATER STATUTES; AMENDING SECTIONS 85-2-306, 85-2-402, 85-2-501, 85-2-506, AND 85-2-508, MCA; REPEALING SECTIONS 85-2-507, 85-2-509, 85-2-511, 85-2-513, 85-2-518, AND 85-2-520, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-306, MCA, is amended to read:

"85-2-306. Exceptions to permit requirements. (1) (a) Except as provided in subsection (1)(b), ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works.

(b) If another person has rights in the ground water development works, water may be appropriated with the written consent of the person with those property rights or, if the ground water development works are on national forest system lands, with any prior written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the certificate.

(c) If the person does not have a possessory interest in the real property from which the ground water may be appropriated, the person shall provide to the owner of the real property written notification of the works and the person's intent to appropriate ground water from the works. The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.

(2) Inside the boundaries of a controlled ground water area, ground water may be appropriated only:

(a) according to a permit received pursuant to 85-2-508; or

(b) according to the requirements of ~~an order issued pursuant to 85-2-507~~ *a rule promulgated pursuant to 85-2-506*.

(3) (a) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit.

(b) (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iii) If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiling a correct and complete notice with the department.

(c) A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification or a written federal special use authorization as necessary under subsection (1). The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:

(a) the maximum capacity of the impoundment or pit is less than 15 acre-feet;

(b) the appropriation is less than 30 acre-feet a year;

(c) the appropriation is from a source other than a perennial flowing stream; and

(d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger.

(7) (a) Within 60 days after constructing an impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Subject to subsection (7)(b), upon receipt of a correct and complete application for a stock water provisional permit, the department shall automatically issue a

provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(b) If the impoundment or pit is on national forest system lands, an application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113."

Section 2. Section 85-2-402, MCA, is amended to read:

"85-2-402. Changes in appropriation rights — definition. (1) (a) The right to make a change in appropriation right subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change in appropriation right proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(c) As used in this part, "national forest system lands" has the same meaning as that provided in 85-20-1401, Article I.

(2) Except as provided in subsections (4) through (6), (15), and (16) and, if applicable, subject to subsection (17), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization to maintain or enhance streamflows to benefit the fishery resource pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change in appropriation right is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in appropriation right in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change in appropriation right. The department shall provide notice and may hold one or

more hearings upon any other proposed change in appropriation right if it determines that the proposed change in appropriation right might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change in appropriation right. The department may extend time limits specified in the change in appropriation right approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change in appropriation right approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change in appropriation right approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change in appropriation right approval.

(11) The original of a change in appropriation right approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change in appropriation right approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change in appropriation right pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(A) ground water outside the boundaries of a controlled ground water area; or

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the ~~order declaring~~ *rule establishing* the controlled ground water area do not restrict a change in appropriation right;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year for all other wells;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) (A) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this subsection (16).

(17) The department shall accept and process an application for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320 and this section and to benefit the fishery resource pursuant to 85-2-436 and this section."

Section 3. Section 85-2-501, MCA, is amended to read:

"85-2-501. Definitions. Unless the context requires otherwise, in this part the following definitions apply:

(1) "Aquifer" means any underground geological structure or formation that is capable of yielding water *in usable quantities* or is capable of recharge.

(2) "Aquifer test" means stressing an aquifer by removing or adding water at a known rate or changing the pressure by a known quantity and measuring the resultant change in hydraulic head for the purpose of determining the aquifer's hydraulic properties near the tested well.

(3) "Bureau" means the Montana state bureau of mines and geology provided for in 20-25-211.

(4) "Ground water" means any water that is beneath the ground surface.

(5) "Ground water area" means an area that, as nearly as known facts permit, may be designated so as to enclose a single and distinct body of ground water, which must be described horizontally by surface description in all cases and which may be limited vertically by describing known geological formations if conditions dictate vertical limits to be desirable."

Section 4. Rulemaking. The department shall adopt rules for the purpose of implementing 85-2-506 and other controlled ground water area statutes. The rules must include but are not limited to petition requirements and the hearing procedure and process for controlled ground water areas.

Section 5. Section 85-2-506, MCA, is amended to read:

"85-2-506. Controlled ground water areas — designation or modification. (1) The department may *by rule* designate or modify *permanent or temporary* controlled ground water areas as provided in this part. *The rule for each controlled ground water area must designate the boundaries of the controlled ground water area.*

(2) ~~Designation~~ *The rulemaking process for designation* or modification of ~~an area of~~ *a* controlled ground water *area* ~~use~~ may be ~~proposed to~~ *initiated by:*

(a) the department*;* ~~on its own motion, by~~

(b) submission of a correct and complete petition ~~of~~ *from* a state or local public health agency for identified public health risks*; or*

(c) submission of a correct and complete petition:

(i) by a municipality, county, conservation district, or local water quality district formed under Title 7, chapter 13, part 45; or

(ii) signed by at least one-third of the water right holders in a proposed controlled ground water area.~~, or by petition signed by at least 20 or one-fourth of the users, whichever is the lesser number, of ground water in a ground water area in which there are alleged to be facts showing that:~~

~~(a) ground water withdrawals are in excess of recharge to the aquifer or aquifers within the ground water area;~~

~~(b) excessive ground water withdrawals are very likely to occur in the near future because of consistent and significant increases in withdrawals from within the ground water area;~~

~~(c) significant disputes regarding priority of rights, amounts of ground water in use by appropriators, or priority of type of use are in progress within the ground water area;~~

~~(d) ground water levels or pressures in the area in question are declining or have declined excessively;~~

~~(e) excessive ground water withdrawals would cause contaminant migration;~~

~~(f) ground water withdrawals adversely affecting ground water quality within the ground water area are occurring or are likely to occur; or~~

~~(g) water quality within the ground water area is not suited for a specific beneficial use defined by 85-2-102(4)(a).~~

(3) (a) A correct and complete petition must:

(i) be in a form prescribed by the department and must contain analysis prepared by a hydrogeologist, a qualified scientist, or a qualified licensed professional engineer concluding that one or more of the criteria provided in subsection (5) are met; and

(ii) describe proposed measures, if any, to mitigate effects of the criteria identified in subsection (5) that are alleged in the petition.

~~(3)~~*(b)* When *the department proposes a rule pursuant to this section,* ~~a proposal is made, the department shall fix a time and place for a hearing, which may not be less than 90 days from the making of the proposal. The~~ *the* place for the hearing must be within or as close as practical to the *proposed or existing* controlled ground water area.

~~(4) The department shall publish a notice of the hearing, setting forth:~~

~~(a) the names of the petitioners;~~

~~(b) the description by legal subdivisions (section, township, range) of all lands included in or proposed to be included in the ground water area or subarea;~~

~~(c) the purpose of the hearing; and~~

~~(d) the time and place of the hearing where any interested person may appear, either in person or by attorney, file written objections to the granting of the proposal, and be fully heard.~~

(c) (i) The department shall notify the petitioner of any defects in a petition within 180 days. If the department does not notify the petitioner of any defects within 180 days, the petition must be treated as correct and complete.

(ii) A petition that is not made correct and complete within 90 days from the date of notification by the department of any defect is terminated.

(4) (a) Within 60 days after a petition is determined to be correct and complete, the department shall:

(i) deny in writing the petition in whole or in part, stating the reasons for denial;

(ii) inform the petitioner that the department will study the information presented in the petition for a period not to exceed 90 days before denying or proceeding with the petition; or

(iii) initiate rulemaking proceedings in accordance with Title 2, chapter 4, part 3.

(b) Failure of the department to act under subsection (4)(a) does not mandate that the department grant the petition for rulemaking.

(c) In addition to the notice requirements of Title 2, chapter 4, parts 1 through 4, the department shall provide public notice of the rulemaking hearing by:

(i) ~~(5) (a) The notice of hearing must be published~~ *publishing a notice* at least once each week for 3 successive weeks*, with the first notice* not less than 30 days before the date of the hearing in a newspaper of general circulation in the county or counties in which the *proposed controlled* ground water area ~~or subarea~~ is located~~;. The department shall also cause a copy of the notice, together with a copy of the petition, to be served by mail, not less than 30 days before the hearing, upon:~~

~~(i) each well driller licensed in Montana whose address is within any county in which any part of the area in question is located;~~

(ii) *serving by mail a copy of the notice, not less than 30 days before the hearing, upon* each person or public agency known from an examination of the records ~~in the department's office to be a claimant or appropriator of ground water in the area in question;~~

~~(iii) the bureau; and~~

~~(iv) the mayor or presiding officer of the governing body of each incorporated municipality located in whole or in part within the proposed ground water area.~~ *of the department to be a water right holder with a diversion within the proposed controlled ground water area, all landowners of record within the proposed controlled ground water area, and each well driller licensed in Montana whose address is within any county in which any part of the proposed controlled ground water area is located; and*

~~(b)~~*(iii)* ~~The department may also serve notice~~ *serving by mail a copy of the notice* upon any other person or state or federal agency that the department feels may be interested in or affected by the proposed designation or modification of a controlled ground water area. ~~The petition need not be served on any petitioner. A copy of the notice, together with a copy of the proposal, must be mailed to each person at the person's last-known address, and service is complete upon depositing it in the post office, postage prepaid, addressed to each person on whom it is to be served.~~

(d) The notice under subsection (4)(c) must include a summary of the basis for the proposed rule. Publication and mailing of the notice as prescribed in this section, when completed, is considered to be sufficient notice of the hearing to all interested persons.

~~(c) As used in subsection (5)(a), "claimant or appropriator" means a person who diverts, impounds, or withdraws ground water and not merely a person who uses or obtains ground water from another person who diverts, impounds, or withdraws ground water.~~

(5) The department may designate a permanent controlled ground water area by rule if it finds by a preponderance of the evidence that any of the following criteria have been met and cannot be appropriately mitigated:

(a) current or projected reductions of recharge to the aquifer or aquifers in the proposed controlled ground water area will cause ground water levels to decline to the extent that water right holders cannot reasonably exercise their water rights;

(b) current or projected ground water withdrawals from the aquifer or aquifers in the proposed controlled ground water area have reduced or will reduce ground water levels or surface water availability necessary for water right holders to reasonably exercise their water rights;

(c) current or projected ground water withdrawals from the aquifer or aquifers in the proposed controlled ground water area have induced or altered or will induce or alter contaminant migration exceeding relevant water quality standards;

(d) current or projected ground water withdrawals from the aquifer or aquifers in the proposed controlled ground water area have impaired or will impair ground water quality necessary for water right holders to reasonably exercise their water rights based on relevant water quality standards;

(e) ground water within the proposed controlled ground water area is not suited for beneficial use; or

(f) public health, safety, or welfare is or will become at risk.

(6) (a) If the department finds that sufficient facts are not available to designate a permanent controlled ground water area, it may designate by rule a temporary controlled ground water area to allow studies to obtain the facts needed to determine whether or not it is appropriate to designate a permanent controlled ground water area. The department shall set the length of time that the temporary controlled ground water area will be in effect. Subject to subsection (6)(c), the term of a temporary controlled ground water area may be extended by rule.

(b) A temporary controlled ground water area designation is for the purpose of study and cannot include the control provisions provided in subsection (7), other than measurement, water quality testing, and reporting requirements.

(c) A temporary controlled ground water area designation may not exceed a total of 6 years, including any extensions.

(d) Prior to expiration of a temporary controlled ground water area, the department may amend or repeal the rule establishing the temporary controlled ground water area or may designate a permanent controlled ground water area through the rulemaking process under this section.

(e) Studies for temporary controlled ground water areas may be considered for funding under the renewable resource grant and loan program in Title 85, chapter 1, part 6.

(f) If there is a ground water investigation program within the bureau, the ground water assessment steering committee established by 2-15-1523 shall consider temporary controlled ground water areas for study.

(7) A controlled ground water area may include but is not limited to the following control provisions:

(a) a provision closing the controlled ground water area to further appropriation of ground water;

(b) a provision restricting the development of future ground water appropriations in the controlled ground water area by flow, volume, purpose, aquifer, depth, water temperature, water quality, density, or other criteria that the department determines necessary;

(c) a provision requiring measurement of future ground water or surface water appropriations;

(d) a provision requiring the filing of notice on land records within the boundary of a permanent controlled ground water area to inform prospective holders of an interest in the property of the existence of a permanent controlled ground water area. Notice of the designation must be removed or modified as necessary to accurately reflect modification or repeal of a permanent designation within 60 days.

(e) a provision for well spacing requirements, well construction constraints, and prior department approval before well drilling, unless the well is regulated pursuant to Title 82, chapter 11;

(f) a provision for mitigation of ground water withdrawals;

(g) a provision for water quality testing;

(h) a provision for data reporting to the department; and

(i) other control provisions that the department determines are appropriate and adopts through rulemaking."

Section 6. Section 85-2-508, MCA, is amended to read:

"85-2-508. Controlled ground water areas — permits to appropriate. (1) A person may appropriate ground water in a controlled ground water area by:

(a) applying for and receiving a permit from the department in accordance with part 3 of this chapter; or

(b) following the requirements ~~of an order issued~~ *a rule promulgated* pursuant to ~~85-2-507~~ *85-2-506*.

(2) The department may not grant a permit if the withdrawal would be beyond the capacity of the aquifer or aquifers in the *controlled* ground water area to yield ground water within a reasonable or feasible pumping lift, in the case of pumping developments, or within a reasonable or feasible reduction of pressure, in the case of artesian developments."

Section 7. Criteria for petition applications. Municipalities, counties, conservation districts, and local water quality districts may establish specific criteria for acceptance of an application to the municipality, county, conservation district, or local water quality district to petition for creation of a controlled ground water area and other criteria necessary to implement this part. Those criteria may include but are not limited to:

(1) the submission of substantial credible evidence that one or more of the criteria provided in 85-2-506(5) are met;

(2) a description of proposed measures, if any, to mitigate effects of the criteria identified in 85-2-506(5);

(3) a description of proposed studies for a temporary controlled ground water area;

(4) a requirement that an application be supported by owners of at least one-fourth of the water rights with a point of diversion of water within the boundaries of the proposed controlled ground water area;

(5) a requirement that an applicant pay an application or processing fee for the application; and

(6) a description of proposed funding for studies for a controlled ground water area.

Section 8. Repealer. Sections 85-2-507, 85-2-509, 85-2-511, 85-2-513, 85-2-518, and 85-2-520, MCA, are repealed.

Section 9. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 10. Codification instruction. [Sections 4 and 7] are intended to be codified as an integral part of Title 85, chapter 2, part 5, and the provisions of Title 85, chapter 2, part 5, apply to [sections 4 and 7].

(6) The commissioner may exempt the small business health insurance purchasing pool established in 33-22-2001 from the reporting requirements under subsection (3)."

Section 2. Section 33-22-2004, MCA, is amended to read:

"33-22-2004. Powers and duties of board. (1) The board shall:

(b) require employers and employees to reapply for premium incentive payments or premium assistance payments on an annual basis;

(c) upon reapplication, give priority to employers and their employees who are already receiving the premium incentive payments and premium assistance payments;

(f) adopt a premium incentive payment ~~amount~~ *schedule* that is *based on a percentage of the employer's share of the premium and apply the schedule uniformly to* ~~the same for~~ all registered eligible small employers who join the purchasing pool or obtain qualified association health plan coverage;

(g) adopt premium assistance payment amounts that, in combination with the premium incentive payments, are consistent with the amounts provided for in 33-22-2006 and 33-22-2008 or*,* with the assistance of the department of public health and human services, adopt a premium assistance payment schedule that is equitably proportional to the income or wage level for employees;

(h) establish criteria for determining which employees will be eligible for a premium assistance payment and the amount that the employees will receive from among those eligible small employer groups that have registered with the commissioner pursuant to 33-22-2008 and applied for coverage under the purchasing pool group health plan or qualified association health plan.

However, to the extent that federal funds are used to make some premium assistance payments, criteria for those payments must be consistent with any waiver requirements determined by the department of public health and human services pursuant to 53-2-216. Eligibility for employees is not limited to the waiver eligibility groups.

(i) make appropriate changes to eligibility or other elements in the operating plan as needed to reach the goal of expending 90% of the funding dedicated to premium incentive payments and premium assistance payments during the current biennium;

(j) limit the total amount of premium incentive payments and premium assistance payments paid to the amount of available state, federal, and private funding;

(o) comply with the participation requirements provided for in 33-22-1811;

(p) meet at least four times annually; and

(q) within 2 years after the purchasing pool is established and considered stable by the board, examine the possibility of offering an opportunity for individual sole proprietors without employees to purchase insurance from the purchasing pool without premium incentive payments, premium assistance payments, or tax credits.

(2) The board may:

(a) borrow money;

(b) enter into contracts with insurers, administrators, or other persons;

(c) hire employees to perform the administrative tasks of the purchasing pool;

(d) assess its members for costs associated with administration of the purchasing pool and request that the commissioner transfer funds or request that the department of public health and human services transfer funds from the special revenue account, as provided in 53-6-1201, for that purpose;

(e) set contribution levels for employers;

(f) *at least 30 days before the end of the current fiscal year,* request that funds be transferred from the funds appropriated for premium incentive payments and premium assistance payments to the *department of revenue for reimbursement of the* general fund to offset tax credits if the number of eligible small employers seeking premium incentive payments and employees receiving premium assistance payments is insufficient to exhaust at least 90% of the appropriated funds for the premium incentive and assistance payments during a ~~biennium~~ *fiscal year*;

(g) at least 90 days before the end of the current fiscal year, request that funds be transferred from the funds allocated for tax credits to the funds appropriated for premium incentive payments and premium assistance payments if the number of eligible small employers seeking tax credits is insufficient to exhaust at least 90% of the funds allocated for tax credits during a fiscal year;

~~(g)~~*(h)* seek other federal, state, and private funding sources;

~~(k)~~*(l)* pay appropriate commissions to licensed insurance producers who market purchasing pool coverage."

Section 3. Section 33-22-2006, MCA, is amended to read:

"33-22-2006. Premium incentive payments, premium assistance payments, and tax credits for small employer health insurance premiums paid — eligibility for small group coverage — amounts. (1) An employer is eligible to apply for premium incentive payments and premium assistance payments or a tax credit under this part if the employer and any related employers:

(a) did not have more than the number of employees established for eligibility by the commissioner at the time of registering for premium incentive payments or premium assistance payments or a tax credit under 33-22-2008;

(b) provide or will provide a group health plan *that meets the requirements of creditable coverage* for the employer's and any related employer's employees;

(c) do not have delinquent state income tax liability owing to the department of revenue from previous years;

(d) have been registered as eligible small employer participants by the commissioner as provided in 33-22-2008; and

(e) do not have any employees, not including an owner, partner, or shareholder of the business, who received more than $75,000 in ~~gross compensation, including bonuses and commissions~~ *wages, as defined in 39-71-123*, from the small employer or related employer in the prior tax year.

(2) An owner, partner, or shareholder of a business who received more than $75,000 in wages, as defined in 39-71-123, and those individuals' spouses who are employees are not eligible under this chapter for:

(a) any premium assistance payment. However, a premium incentive payment may be made for the premium share paid by the business for group health insurance coverage for:

(i) the owner, partner, or shareholder;

(ii) a spouse of those listed in subsection (2)(a)(i) who is also an employee of the business; or

(iii) dependents of those listed in subsection (2)(a)(i).

(b) a tax credit for group health insurance premiums paid by the business or the owner, partner, or shareholder for group health insurance coverage for the individual or the individual's dependents.

(3) An employee, including an owner, partner, or shareholder or any dependent of an employee, who is also eligible for the children's health insurance program provided for under Title 53, chapter 4, part 10, or medicaid under Title XIX of the Social Security Act may become ineligible to receive a premium assistance payment.

~~(2)~~*(4)* The commissioner shall establish, by rule, the maximum number of employees that may be employed to qualify as a small employer under subsection (1). However, the number may not be less than two employees or more than nine employees. The maximum number may be different for employers seeking premium incentive payments and premium assistance payments than for employers seeking a tax credit. The number must be set to maximize the number of employees receiving coverage under this part. The commissioner may not change the maximum employee number more often than every 6 months. If the maximum number of allowable employees is changed, the change does not disqualify registered employers with respect to the tax year for which the employer has registered.

~~(3)~~*(5)* Except as provided in subsection ~~(4)~~ *(6)*, an eligible small employer may claim a tax credit in the following amounts:

(a) (i) not more than $100 each month for each employee and $100 each month for each employee's spouse, if the employer covers the employee's spouse, if the average age of the group is under 45 years of age; or

(ii) not more than $125 each month for each employee and $100 each month for each employee's spouse, if the employer covers the employee's spouse, if the average age of the group is 45 years of age or older; and

(b) not more than $40 each month for each dependent, other than the employee's spouse, if the employer is paying for coverage for the dependents, not to exceed two dependents of an employee in addition to the employee's spouse.

~~(4)~~*(6)* An employer may not claim a tax credit:

(a) in excess of 50% of the total premiums paid by the employer for the qualifying small group;

(b) for premiums paid from a medical care savings account provided for in Title 15, chapter 61; or

(c) for premiums for which a deduction is claimed under 15-30-121 or 15-31-114.

~~(5)~~*(7)* An employer may not claim a premium incentive payment in excess of 50% of the total premiums paid by the employer for the qualifying small group."

Section 4. Section 33-22-2007, MCA, is amended to read:

"33-22-2007. Filing for tax credit — filing for premium incentive payments and premium assistance payments. (1) An eligible small employer may:

(a) apply the tax credit against taxes due for the current tax year on a return filed pursuant to Title 15, chapter 30 or 31; or

(b) if the eligible small employer did not sponsor a group health plan *that provides creditable coverage* for employees during the 2 years prior to the first tax year of registration for the premium incentive payments or premium assistance payments or operates a new business that is less than 2 years old and has never sponsored a group health plan *that provides creditable coverage*, apply to receive monthly premium incentive payments and premium assistance payments to be applied to coverage obtained through the purchasing pool or qualified association health plan coverage approved by the commissioner.

(2) An eligible small employer may not, in the same tax year, apply the tax credit against taxes due for the current tax year as provided for in subsection (1)(a) and receive premium incentive payments as provided for in subsection (1)(b).

(3) The premium incentive payments and premium assistance payments provided for in subsection (1)(b) must be paid pursuant to a plan of operation implemented by the board and any applicable administrative rules.

(4) (a) If an eligible small employer's tax credit as provided in subsection (1)(a) exceeds the employer's liability under 15-30-103 or 15-31-121, the amount of the excess must be refunded to the eligible small employer. The tax credit may be claimed even if the eligible small employer has no tax liability under 15-30-103 or 15-31-121.

(b) A tax credit is not allowed under 15-30-129, 15-31-132, or any other provision of Title 15, chapter 30 or 31, with respect to any amount for which a tax credit is allowed under this part.

(5) The department of revenue or the commissioner may grant a reasonable extension for filing a claim for premium incentive payments or premium assistance payments or a tax credit whenever, in the department's or the commissioner's judgment, good cause exists. The department of revenue and the commissioner shall keep a record of each extension and the reason for granting the extension.

(6) (a) If an employer that would have a claim under this part ceases doing business before filing the claim, the representative of the employer who files the tax return or pays the premium may file the claim.

(b) If a corporation that would have a claim under this part merges with or is acquired by another corporation and the merger or acquisition makes the previously eligible corporation ineligible for the premium incentive payments, premium assistance payments, or tax credit in the future, the surviving or acquired corporation may file for the premium incentive payments, premium assistance payments, or tax credit for any claim period during which the former eligible corporation remained eligible.

(c) If an employer that would have a claim under this part files for bankruptcy protection, the receiver may file for the premium incentive payments, premium assistance payments, or tax credit for any claim period during which the employer was eligible."

Section 5. Section 33-22-2008, MCA, is amended to read:

"33-22-2008. Registration — funding limitations — transfers — maximum number — waiting list — information transfer for tax credits. (1) (a) Each eligible small employer that proposes to apply for premium incentive payments and premium assistance payments or a tax credit under this part must be registered each year with the commissioner. ~~The commissioner shall begin taking new applications for 2006 on October 1, 2005.~~

(b) An eligible small employer may submit a new application for the premium incentive payments and premium assistance payments or the tax credit anytime during the year, but in order to maintain the employer's registration for the next year, the registration application must be renewed each year.

(c) The commissioner shall begin accepting renewal applications on October 1 of each year and stop accepting renewal applications on October 31 of each year.

(d) The registration application must include the number of individuals covered, as of the date of the registration application, under the small group health plan for which the employer is seeking premium incentive payments and premium assistance payments or a tax credit. If, after the initial registration, the number of individuals increases, the employer may apply to register the additional individuals, but those additional individuals may be added only at the discretion of the commissioner, who shall limit enrollment based on available funds.

(e) A small employer is not eligible to apply for premium incentive payments and premium assistance payments or a tax credit for a number of employees, or the employees' spouses or dependents, over the number that has been established in 33-22-2006 as the maximum number of employees an employer may have in order to qualify for registration for the time period in question.

(f) An employer's decision to apply for premium incentive payments and premium assistance payments or a tax credit is irrevocable for 12 months or until the purchasing pool group health plan or qualified association health plan renews its registration, whichever time period is less. An employer may choose to discontinue receiving any premium incentive payments and premium assistance payments or tax credits at any time.

(2) The commissioner shall register qualifying eligible small employers in the order in which applications are received and according to whether or not the application is for premium incentive payments and premium assistance payments or a tax credit. Initially, 60% of the available funding must be dedicated to provide and maintain premium incentive payments and premium assistance payments for eligible small employers who have not sponsored group health plans *that provide creditable coverage* in the previous 2 years and who chose to join the purchasing pool or a qualified association health plan and 40% of the available funding must be dedicated to tax credits for eligible small employers who currently sponsor a small group health plan *that provides creditable coverage*. Funding may be transferred from the allocated fund for premium incentive payments and premium assistance payments to the general fund for tax credits *or from the funds allocated for tax credits to the allocated fund for premium incentive payments and premiums assistance payments* if the board requests the transfer as provided in 33-22-2004 and the commissioner approves the request.

(3) (a) The maximum number of eligible small employers is reached when the anticipated amount of claims for premium incentive payments and premium assistance payments and tax credits has reached 95% of the amount of money allocated for premium incentive payments and premium assistance payments and tax credits.

(b) The commissioner may establish a waiting list for applicants that are otherwise qualified for registration but cannot be registered because of a lack of

money or because the maximum number of eligible small employers has been reached.

(c) The commissioner shall mail to each employer registered under this section a notice of registration containing a unique registration number and indicating eligibility for either premium incentive payments and premium assistance payments or a tax credit. The commissioner shall also issue to each employer that is eligible for premium incentive payments and premium assistance payments or the tax credit a certificate, placard, sticker, or other evidence of participation that may be publicly posted.

(d) The commissioner shall notify all persons who applied for registration and who were not accepted that they were not registered and the reason that they were not registered.

(4) A prospective participant shall apply for registration on a form provided by the commissioner. The prospective participant shall:

(a) provide the number of employees and whether the employer qualifies under 33-22-2006;

(b) provide information that is necessary to estimate the amount of the premium incentive payments and premium assistance payments payable to the applicant or the amount of the tax credit available to the applicant, such as the ages of employees or dependents, relationships of employees' dependents, and information required by the department of public health and human services for determination of eligibility for premium assistance payments matched by federal funds;

(c) indicate whether the prospective employer intends to pursue the claim as a tax credit through the income tax process or through premium incentive payments and premium assistance payments to be applied toward purchasing pool or eligible qualified association health plan coverage;

(d) indicate whether or not the employer previously sponsored a group health plan *that provided creditable coverage* and, if so, when and for how long; and

(e) provide any additional information determined by the commissioner to be necessary to support an application.

(1) A person who, in order to obtain or increase for personal gain or for any other person benefits under this chapter or under an employment security law of any other state or territory or the federal government, knowingly makes a false statement or representation or knowingly fails to disclose a material fact is guilty of a crime under 45-7-203, and the department may cause criminal proceedings to be initiated against the person.

(2) A person will be required to repay to the department an amount as determined by 39-51-3201(1)~~(b)~~*(a)*.

(3) For purposes of this section, restitution awarded under this section must include a sum equal to the amount wrongfully received, plus the department may assess a penalty not to exceed 100% of the amount wrongfully received. All money accruing from the penalty must be deposited in the federal special revenue account. Money deposited in that account may be appropriated to the department to be used to detect and collect unpaid taxes and overpayments of benefits to the extent that federal grant revenues are inadequate for these purposes. Money in the account not appropriated for these purposes must be transferred by the department to the unemployment insurance trust fund at the end of each fiscal year."

Section 19. Section 39-51-3206, MCA, is amended to read:

"39-51-3206. Collection of benefit overpayments. *(1)* A person who receives benefits not authorized by this chapter shall repay to the department either directly or, as authorized by the department, by offset of future benefits to which the claimant may be entitled, or by a combination of both methods, a sum equal to the amount of the overpayment.

(2) The department may collect a benefit overpayment and any penalty:

(a) by having the claimant pay the amount owed directly to the department by check, money order, credit card, debit card, or electronic funds transfer; or

(b) by offsetting the amount of the overpaid benefits owed against future unemployment benefits to be received by the claimant.

(3) The claimant is responsible for any:

(a) penalty established in accordance with 39-51-3201; and

(b) costs or processing fees associated with using the repayment methods set out in subsection (2)(a).

(4) The department may enter into an agreement with a claimant for the repayment of any benefit overpayment and penalty provided that repayment in full is made within 5 years of the date that it was established that an overpayment occurred.

(5) A benefit offset may not exceed 50% of the weekly benefits to which a claimant is entitled unless the claimant gives written consent, except in cases of theft or fraud, when benefits may be offset by as much as 100% of the weekly benefits to which a claimant is entitled. ~~The sum is collectible in the manner provided in this chapter for the collection of past-due contributions.~~

(6) (a) The department may collect any benefit overpayment and penalty by directing the offset of any funds due the claimant from the state, except future unemployment benefits as provided in subsection (1) and retirement benefits. The department, through the department of revenue, shall provide the claimant with notice of the right to request a hearing on the offset action. A request for hearing must be made within 30 days of the date of the notice.

(b) The debt does not have to be determined to be uncollectible before being transferred for offset.

(7) (a) The department may direct the offset of funds owed to a person under 26 U.S.C. 6402 if the person owes a covered unemployment compensation debt.

(b) For the purposes of this subsection (7), "covered unemployment compensation debt" means:

(i) a benefit overpayment and penalty owed because of the erroneous payment of unemployment compensation resulting from fraud, which has been adjudicated as a debt under Montana law and has remained uncollected for not more than 10 years; or

(ii) employer contributions, penalty, and interest owed to the unemployment trust fund that the department determines are attributable to fraud and that have remained uncollected for not more than 10 years.

(8) If, upon demand of the department, the claimant fails to make the payments provided for in this section, the unpaid benefit overpayment and associated penalty may be treated as a judgment against the claimant at the time the payments become due. The department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county

in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is docketed, it becomes a lien upon all real property of the claimant. The department may enforce the judgment at any time within 10 years of creation of the lien.

(9) The department may waive the benefit overpayment if the department finds that*:*

(a) the claimant did not conceal or misrepresent material facts to obtain the overpaid benefits and that recovery of the benefit overpayment would cause a long-term financial hardship on the claimant*; or*

(b) the overpayment was the result of department error.

(10) An action for collection of overpaid benefits must be brought within 5 years after the date of the overpayment.

(11) Notwithstanding any other provision of this chapter, the department may recover an overpayment of benefits paid to any individual under the laws of this state or another state or under an unemployment benefit program of the United States."

Section 20. Section 39-51-3207, MCA, is amended to read:

"39-51-3207. Authority to determine uncollectibility of debts — transfer of debts for collection — liability for payment of fees and costs of collection. (1) After making all reasonable efforts to collect unpaid contributions, assessments under 39-51-404, and penalties and interest, or overpaid benefits *and penalties* under 39-51-3206 ~~and interest~~, the department may determine a debt to be uncollectible. Upon determining that a debt is uncollectible, the department may transfer the debt to the department of revenue for collection as provided in 17-4-104.

(2) Subject to approval by the department, reasonable fees or costs of collection incurred by the department of revenue may be added to the amount of the debt, including added fees or costs. The debtor is liable for repayment of the amount of the debt plus fees or costs added pursuant to this subsection. All money collected must be returned to the department to be applied to the debt, except that all fees or costs collected must be retained by the department of revenue. If less than the full amount of the debt is collected, the department of revenue shall retain only a proportionate share of the collection fees or costs."

Section 21. Repealer. Section 39-51-3104, MCA, is repealed.

Section 22. Codification instruction. [Sections 2 and 3] are intended to be codified as an integral part of Title 39, chapter 51, part 21, and the provisions of Title 39, chapter 51, part 21, apply to [sections 2 and 3].

(a) at least 5% of the precincts in each county or a minimum of one precinct in each county, whichever is greater; and

A county meeting the requirements of this subsection (5)(b) shall notify the secretary of state as soon as practicable.

(6) The secretary of state shall adopt rules to implement the provisions of [sections 1 through 9], including but not limited to rules for:

Section 6. Conduct of random-sample audit. (1) The random-sample audit must be completed at least 1 day before the official canvass by the county board of canvassers.

(2) The county audit committee shall manually count the votes for the random-sample audit as follows:

(a) One member shall read the ballot while the remaining members shall each record on an official tally sheet the number of valid votes cast for each of the selected offices and ballot issue.

(b) (i) After the vote is complete, the tally sheets of the members recording the votes must be compared.

(2) If the random-sample audit results in a discrepancy of more than 0.5% of total ballots cast or five ballots, whichever is greater, and if the discrepancy is determined to be due to the vote-counting machine and not to administrative or user error:

(a) the vote-counting machine involved in the discrepancy in that county may not be used in another election until it has been examined and tested by a computer software expert in consultation with a voting system vendor and approved by the secretary of state; and

(b) at least three additional precincts within the county must be audited for the office or ballot issue in question. If the county has fewer than three additional precincts, all remaining precincts must be audited.

(3) If the audit of the additional precincts results in a discrepancy for those precincts of more than 0.5% of total ballots cast or five ballots, whichever is greater, and if the discrepancy is determined to be due to the vote-counting machine and not to administrative or user error, the vote-counting machine involved in the discrepancy in that county may not be used in another election until it has been examined and tested by a computer software expert in consultation with a voting system vendor and approved by the secretary of state.

(4) The results of the random-sample audit must be public.

Section 1. Section 40-9-102, MCA, is amended to read:

"40-9-102. Grandparent-grandchild contact. (1) Except as provided in subsection ~~(5)~~ *(7)*, the district court may grant to a grandparent of a child reasonable rights to contact with the child, including but not limited to rights regarding a child who is the subject of, or as to whom a disposition has been made during, an administrative or court proceeding under Title 41 or this title. The department of public health and human services must be given notice of a petition for grandparent-grandchild contact regarding a child who is the subject of, or as to whom a disposition has been made during, an administrative or court proceeding under Title 41 or this title.

(2) Before a court may grant a petition brought pursuant to this section for grandparent-grandchild contact over the objection of a parent whose parental rights have not been terminated, the court shall make a determination as to whether the objecting parent is a fit parent. A determination of fitness and granting of the petition may be made only after a hearing, upon notice as determined by the court. *Fitness must be determined on the basis of whether the parent adequately cares for the parent's child.*

~~(3) A determination of unfitness may be made only if the court, based upon clear and convincing evidence, makes one or more of the determinations~~

~~provided in 42-2-608(1) or finds that one or more of the events provided for in that subsection have occurred.~~

~~(6)~~*(5)* A person may not petition the court under this section more often than once every 2 years unless there has been a significant change in the circumstances of:

~~(9)~~*(8)* A determination pursuant to subsection (2) that a parent is unfit has no effect upon the rights of a parent, other than with regard to grandparent-grandchild contact if a petition pursuant to this section is granted, unless otherwise ordered by the court."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-410, MCA, is amended to read:

"75-5-410. Water quality ~~of return flows and discharges associated with~~ *requirements* — aquifer recharge ~~plan~~ *or certain mitigation plans* — minimum requirements. (1) *(a) Except as provided in subsection (1)(b), a* ~~A~~ person who proposes ~~to use sewage from a system requiring a water quality permit for the purposes of aquifer recharge pursuant to 85-2-362 or plans to use sewage from a system requiring a water quality permit as a return flow to minimize the amount of water necessary to offset adverse effects resulting from net depletion of surface water through~~ an aquifer recharge *or mitigation* plan pursuant to 85-2-362 shall ~~obtain~~ *apply for, if necessary,* a current permit pursuant to this chapter.

(b) The requirements of this section do not apply to the portion of a mitigation plan that consists of a change in appropriation rights for instream flow filed pursuant to 85-2-402.

(2) The minimum treatment requirements for sewage systems subject to this section are the federal requirements provided for in 40 CFR 133, and the system must meet, at a minimum, the requirements of level two treatment for the removal of nitrogen in the effluent.

(3) In addition to the minimum treatment requirements of subsection (2), sewage systems subject to this section that are used for aquifer injection must meet the more stringent of either primary drinking water standards pursuant to Title 75, chapter 6, or the nondegradation requirements pursuant to 75-5-303 at the point of discharge.

(4) In addition to the minimum treatment requirements of subsection (2), sewage systems subject to this section that are used for aquifer recharge must meet either primary drinking water standards pursuant to Title 75, chapter 6, or the nondegradation requirements pursuant to 75-5-303 at the point of discharge.

~~(4) The appropriate interim legislative committee shall review drinking water standards and effluent treatment standards in other jurisdictions and recommend appropriate treatment standards for purposes of aquifer recharge and mitigation.~~

(5) For the purposes of this section, "aquifer injection" means the use of a well to inject water directly into an aquifer system without filtration through the geologic materials overlying the aquifer system for the purpose of aquifer

recharge or for an aquifer storage and recovery project *and "aquifer recharge" and "mitigation" have the meanings provided in 85-2-102*."

Section 2. Section 85-2-362, MCA, is amended to read:

"85-2-362. Aquifer recharge or mitigation plans in closed basins — minimum requirements. (1) An applicant whose hydrogeologic assessment conducted pursuant to 85-2-361 predicts that there will be a net depletion of surface water shall offset the net depletion that results in the adverse effect through a mitigation plan or an aquifer recharge plan.

(2) A mitigation plan must include:

(a) where and how the water in the plan will be put to beneficial use;

(b) when and where, generally, water reallocated through exchange or substitution will be required;

(c) the amount of water reallocated through exchange or substitution that is required;

(d) how the proposed project or beneficial use for which the mitigation plan is required will be operated;

(e) evidence that an application for a change in appropriation right, if necessary, has been submitted;

(f) evidence of water availability; ~~and~~

(g) evidence of how the mitigation plan will offset the required amount of net depletion of surface water in a manner that will offset an adverse effect on a prior appropriator*; and*

(h) evidence that the appropriate water quality permits have been granted pursuant to Title 75, chapter 5, as required by 75-5-410 and 85-2-364.

(3) An aquifer recharge plan must include:

(a) evidence that the appropriate water quality ~~related~~ permits have been granted pursuant to Title 75, chapter 5, ~~and pursuant to~~ *as required by* 75-5-410 and 85-2-364;

(b) where and how the water in the plan will be put to beneficial use;

(c) when and where, generally, water reallocated through exchange or substitution will be required;

(d) the amount of water reallocated through exchange or substitution that is required;

(e) how the proposed project or beneficial use for which the aquifer recharge plan is required will be operated;

(f) evidence that an application for a change in appropriation right, if necessary, has been submitted;

(g) a description of the process by which water will be reintroduced to the aquifer;

(h) evidence of water availability; and

(i) evidence of how the aquifer recharge plan will offset the required amount of net depletion of surface water in a manner that will offset any adverse effect on a prior appropriator.

(4) The department may not require an applicant, through a mitigation plan or an aquifer recharge plan, to provide more water than the quantity needed to offset the adverse effects on a prior appropriator caused by the net depletion.

(5) An appropriation right that relies on a mitigation plan or aquifer recharge plan to offset net depletion of surface water that results in an adverse effect on a prior appropriator must be issued as a conditional permit that requires that the mitigation plan or aquifer recharge plan must be exercised when the appropriation right is exercised."

Section 3. Section 85-2-364, MCA, is amended to read:

"85-2-364. Department permit coordination — requirements for aquifer recharge *or mitigation* plans. To ensure that the department and the department of environmental quality are coordinating their respective permitting activities:

(1) an applicant for a new appropriation right pursuant to 85-2-360 that involves aquifer recharge *or mitigation* shall provide the department with a copy of a relevant discharge permit if necessary; and

(2) the department may not grant a new appropriation right pursuant to 85-2-360 that involves aquifer recharge *or mitigation* until the discharge permit, if necessary, has been obtained and presented to the department."

Section 4. Coordination instruction. If both Senate Bill No. 94 and [this act] are passed and approved, then the amendments to 85-2-362 in both Senate Bill No. 94 and [this act] are void and 85-2-362 must read as follows:

~~(h) evidence of water availability; and~~

~~(i) evidence of how the aquifer recharge plan will offset the required amount of net depletion of surface water in a manner that will offset any adverse effect on a prior appropriator.~~

(3) A mitigation plan or aquifer recharge plan may not include the proposed elimination of vegetation for which there is not an associated water right.

(4) A mitigation plan or aquifer recharge plan may not include the use of tributary water collected from land surfaces that have been made impermeable, thereby increasing the runoff but not adding to the existing supply of tributary water. This subsection does not apply to actions that increase the efficiency of existing conveyance structures.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 10-4-102, MCA, is amended to read:

"10-4-102. Department of administration duties and powers. (1) The department shall assist in the development of basic and enhanced 9-1-1 systems in the state. The department shall:

If a 9-1-1 jurisdiction does not comply with the request, the department may suspend distributions to the 9-1-1 jurisdiction as provided in 10-4-302(4)."

Section 2. Section 10-4-302, MCA, is amended to read:

(b) modification of central office switching and trunking equipment for emergency telephone service only; and

(c) conversion of pay station telephones required by 10-4-121.

(2) Payments under subsection (1) may be made only after application by the provider to the department for costs incurred in subsection (1). The department shall review all applications relevant to subsection (1) for appropriateness of costs claimed by the provider. If the provider contests the review, payment may not be made until the amount owed the provider is made certain.

(3) After all amounts under subsections (1) and (2) have been paid, the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account. A 9-1-1 jurisdiction whose 9-1-1 service area includes more than one city or county is eligible to receive operating funds from the allocation for each city or county involved. The department shall

The department shall provide a report indicating the proportional share derived from the individual city's or county's allocation with each distribution to a 9-1-1 jurisdiction.

"10-4-313. Distribution of wireless enhanced 9-1-1 account by department. (1) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account for allowable costs described in 10-4-301(1)(c)(ii) incurred by each wireless provider in each 9-1-1 jurisdiction as follows:

(a) For each fiscal year through the fiscal year ending June 30, 2011:

(i) 84% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. The wireless provider in each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

If the amount available is insufficient to pay all previous unpaid balances, the department shall repeat the process of paying unpaid balances that remain unpaid for as many quarters as necessary until all unpaid balances are fully paid. The department shall review all invoices for appropriateness of costs claimed by the wireless provider. If the wireless provider contests the review, payment may not be made until the amount owed to the wireless provider is determined.

(d) A wireless provider shall submit an invoice for cost recovery according to the allowable costs.

(e) The department shall determine the percentage of overall subscribers, based on billing addresses, within the 9-1-1 jurisdiction for each wireless provider seeking cost recovery by dividing the wireless provider's subscribers by the total number of subscribers in that 9-1-1 jurisdiction. The percentage must be applied to the total wireless provider funds for that 9-1-1 jurisdiction, and each wireless provider shall receive distribution based on the provider's percentage. To receive cost recovery, wireless providers shall submit subscriber counts to the department on a quarterly basis. The subscriber count must be provided for each 9-1-1 jurisdiction in which the wireless provider receives cost recovery within 30 calendar days following the end of each quarter. The department shall recalculate distribution percentages on a quarterly basis.

(f) If the department determines that a wireless provider has submitted costs that exceed allowable costs or are not submitted in the manner prescribed in 10-4-115, the department may, after giving notice to the wireless provider, suspend or withhold payment from the wireless enhanced 9-1-1 account.

(2) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account described in 10-4-301(1)(c)(i) to each 9-1-1 jurisdiction in accordance with 10-4-311(3) as follows:

(a) for each fiscal year through the fiscal year ending June 30, 2011:

(i) 84% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

(ii) the balance of the account must be ~~distributed~~ *allocated* evenly to the counties with 1% or less than 1% of the total population of the state; *and*

(iii) prior to distribution, the amounts allocated under subsections (2)(a)(i) and (2)(a)(ii) must be adjusted to ensure that a county does not receive less than the amount allocated to counties with 1% or less of the total population of the state; and

(b) for fiscal years beginning after June 30, 2011, 100% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account."

(2) All workers' compensation and occupational disease claims filed pursuant to the Workers' Compensation Act must be examined by a claims examiner in Montana. For a claim to be considered as examined by a claims examiner in Montana, the claims examiner examining the claim is required to determine the entitlement to benefits, authorize payment of all benefits due, manage the claim, have authority to settle the claim, maintain an office located in Montana, and examine Montana claims from that office. Use of a mailbox or maildrop in Montana does not constitute maintaining an office in Montana.

(3) An insurer shall maintain the documents related to each claim filed with the insurer under the Workers' Compensation Act at the Montana office of the claims examiner examining the claim in Montana until the claim is settled. The documents may be either original documents or duplicates of the original documents and must be maintained in a manner that allows the documents to be retrieved from that office and copied at the request of the claimant or the department. (b) pay settlements within 30 days of the date the department issues an order approving the settlement.

(7) The department may adopt rules to implement this section.

(8) (a) For purposes of this section, "settled claim" means a department-approved or court-ordered compromise of benefits between a claimant and an insurer or a claim that was paid in full.

(b) The term does not include a claim in which there has been only a lump-sum advance of benefits."

(b) The term "volunteer hours" means all the time spent by a volunteer firefighter in the service of an employer, including but not limited to training time, response time, and time spent at the employer's premises.

(5) (a) If the employer is a partnership, limited liability partnership, sole proprietor, or a member-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any member of the partnership or limited liability partnership, the owner of the sole proprietorship, or any member of the limited liability company devoting full time to the partnership, limited liability partnership, proprietorship, or limited liability company business.

The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may make an election for benefits. "39-71-123. Wages defined. (1) "Wages" means all remuneration paid for services performed by an employee for an employer, or income provided for in subsection (1)(d). Wages include the cash value of all remuneration paid in any medium other than cash. The term includes but is not limited to:

(a) commissions, bonuses, and remuneration at the regular hourly rate for overtime work, holidays, vacations, and periods of sickness;

(b) backpay or any similar pay made for or in regard to previous service by the employee for the employer, other than retirement or pension benefits from a qualified plan;

(c) tips or other gratuities received by the employee, to the extent that tips or gratuities are documented by the employee to the employer for tax purposes;

(d) income or payment in the form of a draw, wage, net profit, or substitute for money received or taken by a sole proprietor or partner, regardless of whether the sole proprietor or partner has performed work or provided services for that remuneration;

(e) board, lodging, rent, or housing if it constitutes a part of the employee's remuneration and is based on its actual value; and

(f) payments made to an employee on any basis other than time worked, including but not limited to piecework, an incentive plan, or profit-sharing arrangement.

(2) The term "wages" does not include any of the following:

(a) employee expense reimbursements or allowances for meals, lodging, travel, subsistence, and other expenses, as set forth in department rules;

(b) the amount of the payment made by the employer for employees, if the payment was made for:

(b) For good cause shown, if the use of the last four pay periods does not accurately reflect the claimant's employment history with the employer, the wage may be calculated by dividing the total earnings for an additional period of time, not to exceed 1 year prior to the date of injury, by the number of weeks in that period, including periods of idleness or seasonal fluctuations.

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3). As used in this subsection, "concurrent employment" means employment in which the employee was actually employed at the time of the injury and would have continued to be employed without a break in the term of employment if not for the injury.

(b) Except as provided in 39-71-118(7)(c), the compensation benefits for a covered volunteer must be based on the average actual wages in the volunteer's regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which the volunteer is disabled by the injury incurred.

(c) The compensation benefits for an employee working at two or more concurrent remunerated employments must be based on the aggregate of average actual wages of all employments, except for the wages earned by individuals while engaged in the employments outlined in 39-71-401(3)(a) who elected not to be covered, from which the employee is disabled by the injury incurred.

(5) For the purposes of calculating compensation benefits for an employee working for an employer, as provided in 39-71-117(1)(d), and for calculating premiums to be paid by that employer, the wages must be based upon all hours worked multiplied by the mean hourly wage by area, as published by the department in the edition of Montana Informational Wage Rates by Occupation, adopted annually by the department, that is in effect as of the date of injury or for the period in which the premium is due."

"39-71-201. Administration fund. (1) A workers' compensation administration fund is established out of which are to be paid upon lawful appropriation all costs of administering the Workers' Compensation Act and the statutory occupational safety acts that the department is required to administer, with the exception of the certification of independent contractors

provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. The department shall collect and deposit in the state treasury to the credit of the workers' compensation administration fund:

(a) all fees and penalties provided in 39-71-107, 39-71-205, 39-71-223, 39-71-304, 39-71-307, 39-71-315, 39-71-316, 39-71-401(6), 39-71-2204, 39-71-2205, and 39-71-2337; and

(b) all fees paid by an assessment ~~of 3% of~~ *on* paid losses, plus administrative fines and interest provided by this section.

(2) For the purposes of this section, paid losses include the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan No. 3, the state fund, shall file annually on March 1 in the form and containing the information required by the department a report of paid losses pursuant to subsection (2).

(4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or compensation plan No. 3, the state fund, shall pay ~~a~~ *its* proportionate share *determined by the paid losses in the preceding calendar year* of all costs of administering and regulating the Workers' Compensation Act and the statutory occupational safety acts that the department is required to administer, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon paid losses for claims arising before July 1, 1990.

(5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment ~~is equal~~ *may be up* to 3% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer ~~or $500, whichever is greater~~. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment ~~is equal~~ *may be up* to 3% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) *By April 30 of each year, the department shall notify employers described in subsections (5)(a) and (5)(b) of the percentage of the assessment that comprises the compensation plan No. 1 proportionate share of administrative and regulatory costs.* Payment of the assessment provided for by this subsection (5) must be paid by the employer in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment ~~is equal~~ *may be up* to 3% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) Payment of the assessment must be paid in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as "workers' compensation regulatory assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge ~~is equal~~ *may be up* to 3% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and *may be up to* 3% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge

percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this section, the department may impose on the insurer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the ~~3% of~~ *assessment on the* paid losses paid in the preceding year. Any *excess* amount collected ~~in excess of the 3%~~ must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the ~~3%~~ *assessed amount* must be added to the amount to be collected as a premium surcharge in the following year.

(8) ~~On or before April 30 of each year, upon a determination by the department,~~ *By July 1,* an insurer under compensation plan No. 2 that pays benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment ~~equal~~ *of up* to 3% of paid losses paid in the preceding calendar year~~, subject to a minimum assessment of $500, that is due on July 1~~. *The department shall determine and notify the insurer by April 30 of each year the amount that is due by July 1.*

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of $500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state.

(12) Disbursements from the administration fund must be made after being approved by the department upon claim for disbursement.

(13) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this subsection must be deposited in the workers' compensation administration fund."

Section 10. Section 39-71-307, MCA, is amended to read:

"39-71-307. Employers and insurers to file reports — penalty. (1) Every employer insured by a plan No. 2 or a plan No. 3 insurer is required to file with the employer's insurer, under rules adopted by the department, a full and complete report of every accident, injury, or occupational disease to an employee arising out of or in the course of employment.

(2) Every insurer transacting business under this chapter shall, under rules adopted by the department, make and file with the department the reports of every injury or occupational disease.

(3) An employer~~,~~ *or* insurer~~, or claims examiner~~ who refuses or neglects to submit the reports necessary for the proper filing and review of a claim, as provided in subsection (1) or (2), shall be assessed a penalty of not less than $200 or more than $500 for each offense. The department shall assess and collect the penalty. An employer or insurer may contest a penalty assessment in a hearing conducted according to department rules."

Section 11. Section 39-71-501, MCA, is amended to read:

"39-71-501. Definition of uninsured employer. For the purposes of 39-71-501, 39-71-503 through 39-71-511, ~~and~~ 39-71-515 through 39-71-520, *and [section 3],* "uninsured employer" means an employer who has not properly complied with the provisions of 39-71-401."

Section 12. Section 39-71-506, MCA, is amended to read:

"39-71-506. Lien for payment of unpaid penalties, fees, *and* interest~~, and claims~~ — levy and execution. (1) *(a)* If, upon demand of the department, an uninsured employer refuses to make the payments to the fund that are provided for in 39-71-504*(1)(a), (1)(c), and (2)*, the unpaid penalties, fees, *and* interest~~, and claims~~ have the effect of a judgment against the employer at the time the payments become due. After *issuing an order to the uninsured employer requiring payment of penalties, fees, and interest and after* the due process requirements of 39-71-2401(2) and (3) are satisfied, the department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is ~~docketed~~ *entered on the docket*, it becomes a lien upon all real property of the *uninsured* employer. ~~After satisfying any due process requirements, the~~ *The* department may enforce the judgment at any time within 10 years of creation of the lien.

(b) A judgment lien filed pursuant to this section may be renewed for another 10-year period upon motion of the lienholder or by a judgment for that purpose.

(2) The department may settle through compromise with an uninsured employer the amount due the fund under ~~39-71-504~~ *subsection (1)*."

Section 13. Section 39-71-520, MCA, is amended to read:

"39-71-520. Time limit to appeal to mediation — petitioning workers' compensation court — failure to settle or petition. (1) A dispute concerning uninsured employers' fund benefits must be appealed to mediation within 90 days from the date of the determination *by the department* or ~~the date that~~ the determination is considered final.

(2) (a) If the parties fail to reach a settlement through the mediation process, any party *who disagrees with the department's determination* may file a petition before the workers' compensation court.

(b) A party's petition must be filed within 60 days of the mailing of the mediator's report provided for in 39-71-2411 unless the parties stipulate in writing to a longer time period for filing the petition.

(c) If a settlement is not reached through mediation and a petition is not filed within 60 days of the mailing of the mediator's report, the determination by the department is final.

(d) A mediator's report is not a determination by the department for the purposes of this section. A determination by the department is final if an appeal to mediation described in subsection (1) or a petition described in subsection (2)(a) is not filed within the required time period."

Section 14. Section 39-71-601, MCA, is amended to read:

"39-71-601. Statute of limitation on presentment of claim — waiver. (1) Except for a claim for benefits for occupational diseases pursuant to subsections (3) and (4), all claims in the case of personal injury or death must be forever barred unless signed by the claimant or the claimant's representative and presented in writing to the employer, the insurer, or the department~~, as the case may be,~~ within 12 months from the date of the happening of the accident, either by the claimant or someone legally authorized to act on the claimant's behalf.

(2) The insurer may waive the time requirement up to an additional 24 months upon a reasonable showing by the claimant of:

(a) lack of knowledge of disability;

(b) latent injury; or

(c) equitable estoppel.

(3) When a claimant seeks benefits for an occupational disease, the claimant's claims for benefits must be *in writing, signed by the claimant or the claimant's representative, and* presented ~~in writing~~ to the employer, the employer's insurer, or the department within 1 year from the date that the claimant knew or should have known that the claimant's condition resulted from an occupational disease. When a beneficiary seeks benefits under this chapter, claims for death benefits must be presented in writing to the employer, the employer's insurer, or the department within 1 year from the date that the beneficiary knew or should have known that the decedent's death was related to an occupational disease.

(4) Any dispute regarding the statute of limitations for filing time is considered a dispute that, after mediation pursuant to department rules, is subject to jurisdiction of the workers' compensation court."

Section 15. Section 39-71-613, MCA, is amended to read:

"39-71-613. Regulation of attorney fees — forfeiture of fee for noncompliance — return of fee when claimant received benefits through fraud or deception. (1) When an attorney represents or acts on behalf of a claimant or any other party on any workers' compensation claim, the attorney shall submit to the department a contract of employment, on a form provided by the department, stating specifically the terms of the fee arrangement between the attorney and the claimant.

(2) The department may regulate the amount of the attorney fees in any workers' compensation case. In regulating the amount of the fees, the department shall consider:

(a) the benefits the claimant gained due to the efforts of the attorney;

(b) the time the attorney was required to spend on the case;

(c) the complexity of the case; and

(d) any other relevant matter the department may consider appropriate.

(3) An attorney who violates a provision of this section, a rule adopted under this section, or an order fixing attorney fees under this section forfeits the right to any fees that the attorney collected or was entitled to collect.

(4) If, after an attorney receives attorney fees and costs assessed against an insurer, the claimant is convicted of having obtained benefits through fraud or deception, the attorney fees and costs for obtaining the benefits must be returned to the insurer by the attorney.

(5) *(a)* A dispute concerning the forfeiture or return of attorney fees is considered a dispute for which the workers' compensation court has original jurisdiction and is not subject to mediation or a contested case hearing.

(b) The parties to a dispute referred to in subsection (5)(a) may voluntarily request a mediator appointed by the department and proceed to nonbinding mediation."

Section 16. Section 39-71-704, MCA, is amended to read:

"39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a medical provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment were required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker's family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed $2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

(f) Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the benefits provided for in this section terminate when they are not used for a period of 60 consecutive months.

(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under subsection (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) (a) The department shall annually establish a schedule of fees for medical services that are necessary for the treatment of injured workers. Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule. ~~Until the department adopts a fee schedule applicable to medical services provided by a hospital, insurers shall pay at the rate payable on June 30, 2007, for those services provided by a hospital. The rate must be adjusted by the annual~~

~~percentage increase in the state's average weekly wage, as defined in 39-71-116, factoring in changes in the hospital's medical service charges.~~

(b) (i) The department may not set the rate for medical services at a rate greater than 10% above the average of the conversion factors used by *up to* the top five insurers or third-party administrators providing ~~disability~~ *group health* insurance *coverage* within this state who use the resource-based relative value scale to determine fees for covered services. *To be included in the rate determination, the insurer or third-party administrator must occupy at least 1% of the market share for group health insurance policies as reported annually to the state auditor.*

(ii) The ~~top five~~ insurers or third-party administrators *included under subsection (2)(b)(i)* shall provide their standard conversion rates to the department.

(iii) The department may use the conversion rates only for the purpose of determining average conversion rates under this subsection (2).

(iv) The department shall maintain the confidentiality of the conversion rates.

(c) The fee schedule rates established in subsection (2)(b) ~~apply to medical services covered by the American medical association current procedural terminology codes in effect at the time the services are provided regardless of where the services are provided~~ *must be based on the following standards as adopted by the centers for medicare and medicaid services in effect at the time the services are provided, regardless of where services are provided:*

(i) the American medical association current procedural terminology codes;

(ii) the healthcare common procedure coding system;

(iii) the medicare severity diagnosis-related groups;

(iv) the ambulatory payment classifications;

(v) the ratio of costs to charges for each hospital;

(vi) the national correct coding initiative edits; and

(vii) the relative value units as adjusted annually using the most recently published resource-based relative value scale.

(d) The department may establish *additional* coding standards ~~to be utilized~~ *for use* by providers when billing for medical services under this section.

(3) (a) The department may establish by rule evidence-based utilization and treatment guidelines for primary and secondary medical services. There is a rebuttable presumption that the utilization and treatment guidelines established by the department are correct medical treatment for the injured worker.

(b) An insurer is not responsible for treatment or services that do not fall within the utilization and treatment guidelines adopted by the department unless the provider obtains prior authorization from the insurer. If prior authorization is not requested or obtained from the insurer, an injured worker is not responsible for payment of the medical treatment or services.

(c) The department may establish by rule an independent medical review process for treatment or services denied by an insurer pursuant to this subsection (3) prior to mediation under 39-71-2401.

(4) For services available in Montana, insurers ~~are not required to~~ *may* pay facilities located outside Montana ~~rates that are greater than those allowed for~~

~~services delivered in Montana~~ *according to the workers' compensation fee schedule of the state where the medical service is performed*.

(5) (a) An insurer shall make payments at the fee schedule rate within 30 days of receipt of medical bills for which a claim has been accepted and for which no other disputes exist. Disputes must be defined by the department by rule.

(b) Any unpaid balance under this subsection (5) accrues interest at 12% a year or 1% a month or a fraction of a month. If the charge is not paid within 30 days, interest on the unpaid balance accrues from the date of receipt of the original billing.

(6) Once a determination has been made regarding the correct reimbursement amount, any overpayment made to a medical provider must be reimbursed to the insurer within 30 days of the determination. Any reimbursement amount remaining unpaid after 30 days accrues interest at 12% a year or 1% a month or a fraction of a month. Interest on the reimbursement amount remaining unpaid accrues from the date of receipt of the determination of the correct reimbursement amount.

~~(5)~~*(7)* For a ~~medical assistance facility or a~~ critical access hospital licensed pursuant to Title 50, chapter 5, the rate for services is the usual and customary charge.

~~(6)~~*(8)* Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

~~(7)~~*(9)* After mediation pursuant to department rules, ~~disputes~~ *an unresolved dispute* between an insurer and a medical service provider regarding the amount of a fee for medical services ~~must~~ *may* be ~~resolved by a hearing before the department upon written application of a party to the dispute~~ *brought before the workers' compensation court*.

~~(8)~~*(10)* (a) After the initial visit, the worker is responsible for $25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(b) "Visit", as used in this subsection ~~(8)~~ *(10)*, means each time that the worker obtains services relating to a compensable injury or occupational disease from:

(i) a treating physician;

(ii) a physical therapist;

(iii) a psychologist; or

(iv) hospital outpatient services available in a nonhospital setting.

(c) A worker is not responsible for the cost of a subsequent visit pursuant to subsection ~~(8)(a)~~ *(10)(a)* if the visit is for treatment requested by an insurer."

Section 17. Section 39-71-711, MCA, is amended to read:

"39-71-711. Impairment evaluation — ratings. (1) An impairment rating:

(a) is a purely medical determination and must be determined by an impairment evaluator after a claimant has reached maximum healing;

(b) must be based on the current edition of the Guides to Evaluation of Permanent Impairment published by the American medical association;

(c) must be expressed as a percentage of the whole person; and

(d) must be established by objective medical findings.

(2) A claimant or insurer, or both, may obtain an impairment rating from an evaluator ~~who is a~~ *if the injury falls within the scope of the evaluator's practice and if the evaluator is one of the following:*

(a) a physician or an osteopath licensed under Title 37, chapter 3, with admitting privileges to practice in one or more hospitals, if any, in the area where the physician or osteopath is located;

(b) a chiropractor licensed under Title 37, chapter 12;

(c) a physician assistant licensed under Title 37, chapter 20, if there is not a physician as provided for in subsection (2)(a) in the area where the physician assistant is located;

(d) a dentist licensed under Title 37, chapter 4;

(e) an advanced practice registered nurse licensed under Title 37, chapter 8; or

(f) for a claimant residing out of state or upon approval of the insurer, an evaluator referred to in subsections (2)(a) through (2)(e) who is licensed or certified in another state. ~~medical doctor or from an evaluator who is a chiropractor if the injury falls within the scope of chiropractic practice.~~

(3) If the claimant and insurer cannot agree upon the rating, the mediation procedure in *Title 39, chapter 71,* part 24, ~~of this chapter~~ must be followed.

~~(3) An evaluator must be a physician licensed under Title 37, chapter 3, except if the claimant's treating physician is a chiropractor, the evaluator may be a chiropractor who is certified as an evaluator under chapter 12.~~

~~(4)~~*(4)* Disputes over impairment ratings are subject to the provisions of 39-71-605."

Section 18. Section 39-71-712, MCA, is amended to read:

"39-71-712. Temporary partial disability benefits. (1) Subject to the provisions of subsection ~~(6)~~ *(5)*, if prior to maximum healing an injured worker has a physical restriction and is approved to return to a modified or alternative employment that the worker is able and qualified to perform and the worker suffers an actual wage loss as a result of a temporary work restriction, the worker qualifies for temporary partial disability benefits.

(2) An insurer's liability for temporary partial disability must be the difference between the injured worker's average weekly wage received at the time of the injury, subject to a maximum of 40 hours a week, and the actual weekly wages earned during the period that the claimant is temporarily partially disabled, not to exceed the injured worker's temporary total disability benefit rate.

~~(3) Temporary partial disability benefits are limited to a total of 26 weeks. The insurer may extend the period of temporary partial disability payments.~~

~~(4)~~*(3)* Except as provided in subsection ~~(6)~~ *(5)*, a worker is not eligible for temporary partial disability benefits or temporary total disability benefits if:

(a) the worker has been released by the treating physician to return to a modified or alternative position that the individual is able and qualified to perform with the same employer;

(b) the wages payable in the modified or alternative position, when combined with the temporary partial disability benefits, would result in an equivalent or higher wage than the worker received at the time of injury; and

(c) the worker refuses to accept the modified or alternative position. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available to the worker for any reason except for the worker's incarceration as provided for in 39-71-744, resignation, or termination for disciplinary reasons caused by a violation of the employer's policies that provide for termination of employment and if the worker continues to be temporarily totally disabled as defined in 39-71-116.

~~(5)~~*(4)* Temporary partial disability may not be credited against any permanent partial disability award or settlement under 39-71-703.

~~(6)~~*(5)* Unless a collective bargaining agreement precludes an injured worker from working in a modified or alternative position with a different employer or includes criteria different from those outlined in this subsection ~~(6)~~ *(5)*, an injured worker who has not reached maximum healing and who has a physical restriction may return to a modified or alternative position with a different employer at the same or a lower rate of wages as the rate paid by the employer at the time of injury if:

(a) a modified or alternative employment with the employer at the time of injury is not provided and the injured worker and that employer agree to the modified or alternative position with a different employer;

(b) a written description and all required duties of the modified or alternative position with a different employer are approved by the treating physician;

(c) both the employer at the time of injury and the injured worker agree to the type of alternative work, the alternative employer, and the terms and conditions of employment, including payment of benefits and employment taxes for the modified or alternative position with a different employer;

(d) an employee is not displaced as a result of the injured worker's placement in the modified or alternative position with a different employer; and

(e) the employer at the time of injury, the different employer, and the injured worker agree in writing to the terms and conditions, including payment of benefits, covering the injured worker for subsequent injury, unemployment insurance, employment taxes, and liability and provide a copy of the agreement to the injured employee.

~~(7)~~*(6)* Any additional expenses related to the modified or alternative position, including travel, equipment, or training, must be paid by either the employer at the time of injury or the different employer and may not be charged to or deducted from the wages or benefits of the injured employee.

~~(8)~~*(7)* Notwithstanding a written agreement between the employer at the time of injury and a different employer, the employer at the time of injury is the primary employer if a dispute over wages, benefits, employment taxes, workers' compensation insurance, or other terms or conditions of employment occurs.

~~(9)~~*(8)* The injured worker may refuse to accept a modified or alternative position with an employer other than the employer at the time of injury without penalty. If the injured worker is offered a modified or alternative position with a different employer, the injured worker must be given written notice of the right of refusal from the employer at the time of injury and the insurer prior to beginning work with the different employer."

Section 19. Section 39-71-727, MCA, is amended to read:

"39-71-727. Payment for prescription drugs — limitations. (1) For payment of prescription drugs, an insurer is liable only for the purchase of

generic-name drugs if the generic-name product is the therapeutic equivalent of the brand-name drug prescribed by the physician, unless the generic-name drug is unavailable.

(2) If an injured worker prefers a brand-name drug, the worker may pay directly to the pharmacist the difference in the reimbursement rate between the brand-name drug and the generic-name product, and the pharmacist may bill the insurer only for the reimbursement rate of the generic-name drug.

(3) The pharmacist may bill only for the cost of the generic-name product on a signed itemized billing, except if purchase of the brand-name drug is allowed as provided in subsection (1).

(4) When billing for a brand-name drug, the pharmacist shall certify that the generic-name drug was unavailable.

(5) The department shall establish ~~annually~~ a schedule of fees for prescription drugs.

(6) ~~The~~ *Except as provided in subsection (8), a* pharmacist may not dispense more than a 30-day supply at any one time.

(7) For purposes of this section, the terms "brand name" and "generic name" have the meanings provided in 37-7-502.

(8) An insurer may not require a worker receiving benefits under this chapter to obtain medications from an out-of-state mail service pharmacy. *However, an insurer may authorize up to a 90-day supply of medications from an in-state mail service pharmacy.*

(9) The provisions of this section do not apply to an agreement between a preferred provider organization and an insurer."

Section 20. Section 39-71-743, MCA, is amended to read:

"39-71-743. Assignment or attachment of payments. (1) Payments under this chapter ~~may~~ *are* not ~~be~~ assignable, subject to attachment or garnishment, or held liable in any way for debts, except:

(a) as provided in 71-3-1118;

(b) a portion of any lump-sum award or periodic payment to pay a monetary obligation for current or past-due child support, subject to the limitations in subsection (2), whenever the support obligation is established by order of a court of competent jurisdiction or by order rendered in an administrative process authorized by state law;

(c) as provided in 53-2-612 or 53-2-613 for medical benefits paid pursuant to this chapter;

(d) as provided in 39-71-742; or

(e) for workers' compensation benefits payable to an injured worker to pay restitution to an insurer whenever the injured worker is subject to court-ordered restitution for theft of workers' compensation benefits. The insurer shall notify the injured worker in writing of the withholding of any court-ordered restitution from the injured worker's benefits.

(2) Payments under this chapter are subject to assignment, attachment, or garnishment for child support as follows:

(a) for any periodic payment, an amount up to the percentage amount established in the guidelines promulgated by the department of public health and human services pursuant to 40-5-209; or

(b) for any lump-sum award, an amount up to that portion of the award that is necessary to pay current child support and a past-due child support obligation.

(3) After determination that the claim is covered under the Workers' Compensation Act, the liability for payment of the claim is the responsibility of the appropriate workers' compensation insurer. Except as provided in ~~39-71-704(8)~~ *39-71-704(10)*, a fee or charge is not payable by the injured worker for treatment of injuries sustained if liability is accepted by the insurer."

Section 21. Section 39-71-905, MCA, is amended to read:

"39-71-905. Certification as person with disability — eligibility for benefits under fund. (1) A person who wishes to be certified as a person with a disability for purposes of this part shall apply to the department on forms furnished by the department. The department shall conduct an investigation and shall issue a certificate to a person who, in the department's discretion, meets the requirements for certification. A person shall apply for certification ~~before employment or within 60 days after the person becomes employed or reemployed and~~ before an injury occurs that is covered by this part. The certification is effective ~~on the date of employment or reemployment. Certification is effective on the date the application is approved for a person who applies for certification more than 60 days after employment or reemployment, but before an injury occurs~~ *retroactively to the date the department received the application*.

(2) If a claimant has met the provisions of subsection (1) and a subsequent claim has been accepted by an insurer, the claim is eligible for the benefits under the fund."

Section 22. Section 39-71-915, MCA, is amended to read:

"39-71-915. Assessment of insurer — employers — definition — collection. (1) As used in this section, "paid losses" means the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible, regardless of whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(2) The fund must be maintained by assessing each plan No. 1 employer, each employer insured by a plan No. 2 insurer, plan No. 3, the state fund, with respect to claims arising before July 1, 1990, and each employer insured by plan No. 3, the state fund. The assessment amount is the total amount paid by the fund in the preceding fiscal year and the expenses of administration less other realized income that is deposited in the fund. The total assessment amount to be collected must be allocated among plan No. 1 employers, plan No. 2 employers, plan No. 3, the state fund, and plan No. 3 employers, based on a proportionate share of paid losses for the calendar year preceding the year in which the assessment is collected. The board of investments shall invest the money of the fund, and the investment income must be deposited in the fund.

(3) On or before May 31 each year, the department shall notify each plan No. 1 employer, plan No. 2 insurer, and plan No. 3, the state fund, of the amount to be assessed for the ensuing fiscal year. The amount to be assessed against the

state fund must separately identify the amount attributed to claims arising before July 1, 1990, and the amount attributable to state fund claims arising on or after July 1, 1990. On or before April 30 each year, the department, in consultation with the advisory organization designated under 33-16-1023, shall notify plan No. 2 insurers and plan No. 3 of the premium surcharge rate to be effective for policies written or renewed on and after July 1 in that year.

(4) The portion of the plan No. 1 assessment assessed against an individual plan No. 1 employer is a proportionate amount of total plan No. 1 paid losses during the preceding calendar year that is equal to the percentage that the total paid losses of the individual plan No. 1 employer bore to the total paid losses of all plan No. 1 employers during the preceding calendar year.

(5) The portion of the assessment attributable to state fund claims arising before July 1, 1990, is the proportionate amount that is equal to the percentage that total paid losses for those claims during the preceding calendar year bore to the total paid losses for all plans in the preceding calendar year. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the subsequent injury fund assessment that is attributable to claims arising before July 1, 1990.

(6) The remaining portion of the assessment must be paid by way of a surcharge on premiums paid by employers being insured by a plan No. 2 insurer or plan No. 3, the state fund, for policies written or renewed annually on or after July 1. The surcharge rate must be computed by dividing the remaining portion of the assessment by the total amount of premiums paid by employers insured under plan No. 2 or plan No. 3 in the previous calendar year. The numerator for the calculation must be adjusted as provided by subsection (9).

(7) Each plan No. 2 insurer providing workers' compensation insurance and plan No. 3, the state fund, shall collect from its policyholders the assessment premium surcharge provided for in subsection (6). When collected, the assessment premium surcharge may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as separate costs imposed upon insured employers. The total of this assessment premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted by the insured employer and must be identified as "workers' compensation subsequent injury fund surcharge". Each assessment premium surcharge must be shown as a percentage of the total workers' compensation policyholder premium. This assessment premium surcharge must be collected at the same time and in the same manner that the premium for the coverage is collected. The assessment premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes, except that an insurer may cancel a workers' compensation policy for nonpayment of the assessment premium surcharge. Cancellation must be in accordance with the procedures applicable to the nonpayment of premium. If an employer fails to remit to an insurer the total amount due for the premium and assessment premium surcharge, the amount received by the insurer must be applied to the assessment premium surcharge first and the remaining amount applied to the premium due.

(8) (a) All assessments paid to the department must be deposited in the fund.

(b) Each plan No. 1 employer shall pay its assessment by July 1.

(c) Each plan No. 2 insurer and plan No. 3, the state fund, shall remit to the department all assessment premium surcharges collected during a calendar quarter by not later than 20 days following the end of the quarter.

(d) The state fund shall pay the portion of the assessment attributable to claims arising before July 1, 1990, by July 1.

(e) If a plan No. 1 employer, a plan No. 2 insurer, or plan No. 3, the state fund, fails to timely pay to the department the assessment or assessment premium surcharge under this section, the department may impose on the plan No. 1 employer, the plan No. 2 insurer, or plan No. 3, the state fund, an administrative fine of $100 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the fund.

(9) The amount of the assessment premium surcharge actually collected pursuant to subsection (7) must be compared each year to the amount assessed and upon which the premium surcharge was calculated. The amount undercollected or overcollected in any given year must be used as an adjustment to the numerator provided for by subsection (6) for the following year's assessment premium surcharge.

(10) If the total assessment is less than ~~$500,000~~ *$1 million* for any year, the department may defer the assessment amount for that year and add that amount to the assessment amount for the subsequent year."

Section 23. Section 39-71-2339, MCA, is amended to read:

"39-71-2339. Cancellation of coverage — twenty days' notice required. (1) The state fund may cancel an employer's coverage under this part for failure to report payroll or pay the premiums due or for another cause provided in the insurance policy. Cancellation may take effect only by written notice to the named insured and the department at least 20 days prior to the date of cancellation or, in cases of nonreporting of payroll or nonpayment of a premium, by failure of the employer to submit payroll reports or pay a premium within 20 days after the due date. The state fund shall notify the department of the names and effective dates of all policies canceled. However, the policy terminates on the effective date of a replacement or succeeding insurance policy issued to the insured. This section does not prevent the state fund from canceling an insurance policy before a replacement policy is issued to the insured. After the cancellation date, the employer has the same status as an employer who is not enrolled under the Workers' Compensation Act unless a replacement or succeeding insurance policy has been issued. ~~Beginning January 1, 2006, notice~~ *Notice* to the department under this section must be provided electronically.

(2) The department:

(a) may recognize the advisory organization designated under 33-16-1023 or recognize other organizations as agents for the state fund; and

(b) shall, under terms and conditions acceptable to the department, accept notice of cancellation received from the agents recognized under subsection (2)(a) as the state fund's notice of cancellation.

(3) (a) The department may assess a penalty of up to $200 against the state fund if it does not comply with the notice requirement in subsection (1).

(b) The penalty may be assessed for each policy cancellation that is not reported to the department in a timely manner.

~~(b)~~*(c)* The state fund may contest the penalty assessment in a hearing conducted according to department rules."

Section 24. Section 39-71-2905, MCA, is amended to read:

"39-71-2905. Petition to workers' compensation judge — time limit on filing. (1) ~~A~~ *If a* claimant*,* ~~or~~ an insurer ~~who~~*, an employer alleged to be an uninsured employer, or the uninsured employers' fund* has a dispute concerning any benefits under *this* chapter*,* ~~71 of this title~~ *it* may petition the workers' compensation judge for a determination of the dispute after satisfying dispute resolution requirements otherwise provided in this chapter. In addition, the district court that has jurisdiction over a pending action under 39-71-515 may request the workers' compensation judge to determine the amount of recoverable damages due to the employee. The judge, after a hearing, shall make a determination of the dispute in accordance with the law as set forth in *this* chapter ~~71 of this title~~. If the dispute relates to benefits due to a claimant under *this* chapter ~~71~~, the judge shall fix and determine any benefits to be paid and specify the manner of payment. After parties have satisfied dispute resolution requirements provided elsewhere in this chapter, the workers' compensation judge has exclusive jurisdiction to make determinations concerning disputes under *this* chapter ~~71~~, except as provided in 39-71-317 and 39-71-516. The penalties and assessments allowed against an insurer under *this* chapter ~~71~~ are the exclusive penalties and assessments that can be assessed by the workers' compensation judge against an insurer for disputes arising under *this* chapter ~~71~~.

(2) A petition for *a* hearing before the workers' compensation judge must be filed within 2 years after benefits are denied."

Section 25. Section 39-73-104, MCA, is amended to read:

"39-73-104. Eligibility requirements for benefits. Payment must be made under this chapter to any person who:

(1) has silicosis, as defined in 39-73-101, that results in the person's total disability so as to render it impossible for the person to follow continuously any substantially gainful occupation;

(2) has resided in and been an inhabitant of the state of Montana for 10 years or more immediately preceding the date of the application;

(3) is not receiving, with respect to any month for which the person would receive a payment under this chapter, compensation under ~~39-71-115~~ *39-71-715* equal to the sum of $350."

Section 26. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 27. Codification instructions. (1) [Section 1] is intended to be codified as an integral part of Title 39, chapter 71, part 4, and the provisions of Title 39, chapter 71, part 4, apply to [section 1].

(2) [Section 2] is intended to be codified as an integral part of Title 39, chapter 71, part 21, and the provisions of Title 39, chapter 71, part 21, apply to [section 2].

(3) [Section 3] is intended to be codified as an integral part of Title 39, chapter 71, part 5, and the provisions of Title 39, chapter 71, part 5, apply to [section 3].

Section 28. Saving clause. Except as provided in [section 30], [this act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 29. Effective dates. (1) Except as provided in subsection (2), [this act] is effective July 1, 2009.

(2) [Sections 3, 11, 12, 15, 16, 24, 26 through 28, and 30 and this section] are effective on passage and approval.

Section 30. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to liens filed by the department of labor and industry on judgments issued against uninsured employers prior to [the effective date of this act] and to actions pending within the department of labor and industry or the workers' compensation court on [the effective date of this act] regarding benefit disputes and penalty disputes as provided in [sections 3, 12, and 24].

AN ACT REVISING LICENSE BENEFITS FOR LANDOWNERS ENROLLED IN THE HUNTER MANAGEMENT PROGRAM; ALLOWING EMPLOYEES OF LANDOWNERS TO RECEIVE THE FREE BIG GAME COMBINATION LICENSE ALLOTTED TO THE LANDOWNER; DEFINING "EMPLOYEE"; DELETING THE REQUIREMENT THAT THE COST OF A FREE LICENSE RECEIVED BY A LANDOWNER BE DEDUCTED FROM COMPENSATION PAID; AMENDING SECTION 87-1-266, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-1-266, MCA, is amended to read:

"87-1-266. Hunter management program — benefits for providing hunting access — nonresident landowner limitation — restriction on landowner liability. (1) As provided in 87-1-265, the department may establish a voluntary hunter management program to provide tangible benefits to private landowners enrolled in the block management program who grant access to their land for public hunting. The decision to enroll a landowner in the hunter management program is the responsibility of the department. Benefits may be granted as provided in this section and by rule.

(2) As a benefit for enrolling property in the hunter management program, a resident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class AAA combination sports license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale.

(3) As a benefit for enrolling property in the hunter management program, a nonresident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class B-10 nonresident big game combination license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale. The grant of a license under this subsection also qualifies the licensee to apply for a permit through the normal drawing process. The grant of a license under this subsection does not affect the limits established under 87-1-268 and 87-2-505.

(4) (a) Instead of receiving the benefits provided in subsection (2) or (3), a landowner of record who becomes a cooperator in the hunter management program and who agrees to provide public hunting access may designate an immediate family member to receive a Class AAA combination sports license,

without charge, if the family member is a resident or a Class B-10 nonresident big game combination license, without charge, if the family member is a nonresident. *An employee rather than a family member may be designated to receive a license.*

(b) For purposes of this subsection (4), an immediate family member means a parent, grandparent, child, or grandchild of the cooperator *by blood or marriage,* ~~and~~ *a* spouse*,* ~~and includes~~ *a* legally adopted ~~children and~~ *child, a sibling of* the ~~cooperator's~~ *cooperator or spouse,* ~~and spouse's siblings and siblings' children~~ *or a niece or nephew*.

~~(c) If a cooperator elects to designate an immediate family member to receive a license pursuant to this subsection (4), the cost of the license must be deducted from hunter management program compensation paid to the cooperator.~~

(c) For purposes of this subsection (4), the term "employee" means a person who works full time and year-round for the landowner as part of an active farm or ranch operation.

(d) An immediate family member *or employee* who is designated to receive a license pursuant to this subsection (4) must be eligible for licensure under current Montana law and may not transfer the license by gift or sale.

(e) The grant of a Class B-10 nonresident big game combination license to an immediate family member *or employee* pursuant to this subsection (4) does not affect the limits established in 87-1-268 and 87-2-505.

(5) Any landowner who is enrolled in the block management program may receive the benefits provided under the hunter management program, as outlined in this section, and the benefits provided under the hunting access enhancement program, as outlined in 87-1-267.

(6) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in the hunter management program."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-10-733, MCA, is amended to read:

"75-10-733. Voluntary cleanup plan and reimbursement of remedial action costs. (1) Any person may submit an application for the approval of a voluntary cleanup plan to the department under the provisions of this section.

(2) A voluntary cleanup plan must include:

(a) an environmental assessment of the facility that includes the information required in 75-10-734;

(b) a remediation proposal that includes the information required in 75-10-734 and that meets the requirements of 75-10-721; and

(c) the written consent of current owners of the facility or property to both the implementation of the voluntary cleanup plan and access to the facility by the applicant and its agents and the department.

(3) *(a)* The applicant shall reimburse the department for any remedial action costs that the state incurs in the review and oversight of a voluntary cleanup plan.

(b) If the applicant does not reimburse the department for its remedial action costs in the time required under 75-10-722, the department may discontinue the review or approval process of the voluntary cleanup plan or void its approval of the voluntary cleanup plan. The department may also take action to recover its outstanding costs.

(4) The department may approve a voluntary cleanup plan that provides for phases of remediation or that addresses only a portion of the facility. To the extent that the original environmental assessment required under 75-10-734 addresses subsequent phases of remediation, the applicant may rely on that assessment when submitting voluntary cleanup plans for subsequent phases of remediation."

Section 2. Section 75-10-735, MCA, is amended to read:

"75-10-735. Public participation. (1) Upon determination by the department that an application for a voluntary cleanup plan is complete pursuant to 75-10-736(1) *and (2)*, the department shall publish a notice and brief analysis of the proposed plan in a daily newspaper of general circulation in the area affected and make the plan available to the public.

(2) The notice must provide 30 days for submission of written comments to the department regarding the plan. Upon written request by 10 or more persons, by a group composed of 10 or more members, or by a local governing body of a city, town, or county within the comment period, the department shall conduct a public meeting at or near the facility regarding the proposed voluntary cleanup plan. The meeting must be held within 45 days of *the date that written notice of* the department's completeness determination *is provided to the applicant* under ~~75-10-736(1)~~ *75-10-736(2).*

(3) The department shall consider and respond to relevant written or verbal comments submitted during the comment period or at the public meeting.

(4) The department's decision on the final plan and the reasons for any significant modification of the final plan must be published in accordance with subsection (1).

(5) Compliance with this section is considered to satisfy the public participation requirements of Title 75, chapter 1."

Section 3. Section 75-10-736, MCA, is amended to read:

"75-10-736. Approval of voluntary cleanup plan — time limits — content of notice — expiration of approval. (1) The department shall review for completeness, including adequacy and accuracy, *in accordance with the requirements of 75-10-734, the environmental assessment component of* ~~an application for~~ a voluntary cleanup plan and shall provide a written completeness notice to the applicant ~~within 30 days after receipt of an application for a plan that would take 24 months or less to complete and within 60 days for a plan that would take more than 24 months to complete~~ *within 30 days of receipt*. The completeness notice must note all deficiencies identified in the information submitted.

(2) Once the department determines that the environmental assessment component of a voluntary cleanup plan is complete, the applicant may submit the remediation proposal component. The department shall review the remediation proposal for completeness, including adequacy and accuracy, in accordance with the requirements of 75-10-734, and shall provide a written completeness notice to the applicant within 30 days of receipt. The completeness notice must note all deficiencies identified in the information submitted.

~~(2)~~*(3)* ~~For~~ *Once the department determines that the application for* a voluntary cleanup plan ~~that~~ is ~~considered~~ complete ~~by the department~~ pursuant to ~~subsection~~ *subsections* (1) *and (2)*, the department shall provide formal written notification *of approval or disapproval* ~~that the voluntary cleanup plan has been approved or disapproved no more than~~ *within* 60 days ~~for a plan that would take 24 months or less to complete and within 75 days for a plan that would take more than 24 months to complete after the department's determination that an application is complete,~~ unless the applicant and the department agree to an extension of the review to a date certain. The review must be limited to a review of the materials submitted by the applicant, public comments, and documents or information readily available to the department. The department shall communicate with the applicant during the review period

to ensure that the applicant has the opportunity to address the public comments.

~~(3)~~*(4)* (a) If the department receives five applications for review of *either component of* a voluntary cleanup plan in a calendar month, including applications deferred from prior months, the department may notify any additional applicants in that month that their plans must be reviewed in the order received. The ~~30-day~~ *60-day* period for department completeness review of deferred applications ~~pursuant to subsection (1)~~ must begin on the first day of the subsequent month that each plan is eligible for review.

(b) The department shall discontinue accepting *either component of* voluntary cleanup applications when 15 applications are pending and are being reviewed by the department. The department shall establish a waiting list for applications and shall consider the applications in order of submittal.

(c) If the department has received multiple ~~cleanup~~ applications for a voluntary cleanup at the same facility, the department shall notify all of the applicants and offer them the opportunity to submit a joint application.

~~(4)~~*(5)* Consistent with the provisions of 75-10-707, the department may access the facility during review of *either component of* the application and implementation of the voluntary cleanup plan to confirm information provided by the applicant and verify that the cleanup is being conducted consistent with the approved plan.

~~(5)~~*(6)* The department shall approve a voluntary cleanup plan if the department concludes that the plan meets the requirements specified in 75-10-734 and will attain a degree of cleanup and control of hazardous or deleterious substances that complies with the requirements of 75-10-721. Except for the period necessary for the operation and maintenance of the approved remediation proposal, the department may not approve a voluntary remediation proposal that would take longer than 60 months after department approval to complete.

~~(6)~~*(7)* If a voluntary cleanup plan is not approved by the department, the department shall promptly provide the applicant with a written statement of the reasons for denial. The denial may be appealed to the board of environmental review in accordance with the provisions of 75-10-732(4).

~~(7)~~*(8)* The approval of a voluntary cleanup plan by the department applies only to conditions at the facility that are known to the department at the time of department approval. If a voluntary remediation proposal is not initiated within 12 months and, except for the period necessary for the operation and maintenance of the approved remediation proposal, is not completed within 60 months after approval by the department, the department's approval lapses. However, the department may grant an extension of the time limit for completion of the voluntary cleanup plan.

~~(8)~~*(9)* If ~~reasonably unforeseeable~~ conditions are discovered during implementation of a voluntary cleanup plan that *were not identified in the environmental assessment component pursuant to subsection (1),* ~~substantially~~ affect the risk to public health, safety, or welfare or the environment ~~or~~*, and* ~~substantially~~ change the scope of the approved plan, the applicant shall ~~promptly~~ notify the department *within 10 days of discovery*. The department may require the applicant to submit an amendment to the approved plan to address the ~~unforeseen~~ conditions or may determine that a voluntary cleanup plan is no longer appropriate pursuant to 75-10-732(3).

~~(9) Written notification by the department that a voluntary cleanup plan is not approved must state the basis for disapproval of the voluntary cleanup plan.~~

(10) *Departmental approval is void if the applicant or the applicant's agents:*

(a) ~~Failure of the applicant or the applicant's agents~~ *fail* to materially comply with the voluntary cleanup plan ~~approved by the department pursuant to this section renders the approval void.~~*;*

(b) ~~Submission of~~ *submit* materially misleading information ~~by the applicant or the applicant's agents~~ in the application or during implementation of the voluntary cleanup plan ~~renders the department approval void.~~*; or*

(c) fail to report any newly discovered information to the department during the application process or implementation of the voluntary cleanup plan regarding releases or threatened releases of hazardous or deleterious substances within 10 days of discovery of that information.

(11) Within 60 days after completion of the approved remediation proposal described in the voluntary cleanup plan approved by the department, the applicant shall provide to the department a certification from a qualified environmental professional that the plan has been fully implemented, including all documentation necessary to demonstrate the successful implementation of the plan, such as confirmation sampling, if necessary.

(12) Except as provided in 75-10-738(2)(b), the department may not require financial assurance under this part for voluntary cleanup plans approved under this section.

(13) If a person who would otherwise not be a liable person under 75-10-715(1) elects to undertake an approved voluntary cleanup plan, the person may not become a liable person under 75-10-715(1) by undertaking a voluntary cleanup if the person materially complies with the voluntary cleanup plan approved by the department pursuant to this section.

(14) Immunity from liability under this section does not apply to a release that is caused by conduct that is negligent or grossly negligent or that constitutes intentional misconduct."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-3-2003, MCA, is amended to read:

"69-3-2003. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Ancillary services" means services or tariff provisions related to generation and delivery of electric power other than simple generation, transmission, or distribution. Ancillary services related to transmission services include energy losses, energy imbalances, scheduling and dispatching, load following, system protection, and reactive power.

(2) "Common ownership" means the same or substantially similar persons or entities that maintain a controlling interest in more than one community renewable energy project even if the ownership shares differ between two community renewable energy projects. Two community renewable energy projects may not be considered to be under common ownership simply because the same entity provided debt or equity or both debt and equity to both projects.

(3) "Community renewable energy project" means an eligible renewable resource that is interconnected on the utility side of the meter in which local owners have a controlling interest and that is less than or equal to 5 megawatts in total calculated nameplate capacity.

(4) *(a)* "Competitive electricity supplier" means any person, corporation, or governmental entity that is selling electricity to small customers at retail rates in the state of Montana and that is not a public utility or cooperative.

(b) The term does not include governmental entities selling electricity produced only by facilities generating less than 250 kilowatts that were in operation prior to 1990.

(5) "Compliance year" means each calendar year beginning January 1 and ending December 31, starting in 2008, for which compliance with this part must be demonstrated.

(a) a utility qualifying as an electric cooperative pursuant to Title 35, chapter 18; or

(b) an existing municipal electric utility as of May 2, 1997.

(7) "Eligible renewable resource" means a facility either located within Montana or delivering electricity from another state into Montana that commences commercial operation after January 1, 2005, and that produces electricity from one or more of the following sources:

(a) wind;

(b) solar;

(c) geothermal;

(d) water power, in the case of a hydroelectric project that does not require a new appropriation, diversion, or impoundment of water and that has a nameplate rating of 10 megawatts or less;

(e) landfill or farm-based methane gas;

(f) gas produced during the treatment of wastewater;

(g) low-emission, nontoxic biomass based on dedicated energy crops, animal wastes, or solid organic fuels from wood, forest, or field residues, except that the term does not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic;

(h) hydrogen derived from any of the sources in this subsection (7) for use in fuel cells; and

(i) the renewable energy fraction from the sources identified in subsections (7)(a) through (7)(h) of electricity production from a multiple-fuel process with fossil fuels.

(8) "Local owners" means:

(a) Montana residents or entities composed of Montana residents;

(b) Montana small businesses;

(c) Montana nonprofit organizations;

(d) Montana-based tribal councils;

(e) Montana political subdivisions or local governments;

(f) Montana-based cooperatives other than cooperative utilities; or

(g) any combination of the individuals or entities listed in subsections (8)(a) through (8)(f).

(9) "Public utility" means any electric utility regulated by the commission pursuant to Title 69, chapter 3, on January 1, 2005, including the public utility's successors or assignees.

(10) "Renewable energy credit" means a tradable certificate of proof of 1 megawatt hour of electricity generated by an eligible renewable resource that is tracked and verified by the commission and includes all of the environmental attributes associated with that 1 megawatt-hour unit of electricity production.

(11) "Small customer" means a retail customer that has an individual load with an average monthly demand of less than 5,000 kilowatts.

(12) "Total calculated nameplate capacity" means the calculation of total nameplate capacity of the community renewable energy project and other eligible renewable resources that are:

(a) located within 5 miles of the project;

(b) constructed within the same 12-month period; and

(c) under common ownership."

Section 2. Section 90-3-1003, MCA, is amended to read:

"90-3-1003. Research and commercialization account — use. (1) The research and commercialization account provided for in 90-3-1002 is statutorily appropriated, as provided in 17-7-502, to the board of research and commercialization technology, provided for in 2-15-1819, for the purposes provided in this section.

(2) The establishment of the account in 90-3-1002 is intended to enhance the economic growth opportunities for Montana and constitute a public purpose.

(3) The account may be used only for:

(a) loans that are to be used for research and commercialization projects to be conducted at research and commercialization centers located in Montana;

(b) grants that are to be used for production agriculture research and commercialization projects, clean coal research and development projects, or renewable resource research and development projects to be conducted at research and commercialization centers located in Montana;

(c) matching funds for grants from nonstate sources that are to be used for research and commercialization projects to be conducted at research and commercialization centers located in Montana; or

(d) administrative costs that are incurred by the board in carrying out the provisions of this part.

(4) At least 20% of the account funds approved for research and commercialization projects must be directed toward projects that enhance production agriculture.

(5) (a) At least 30% of the account funds approved for research and commercialization projects must be directed toward projects that enhance clean coal research and development or renewable resource research and development.

(b) If the board is not in receipt of a qualified application for a project to enhance clean coal research and development or renewable resource research and development, subsection (5)(a) does not apply.

(6) An applicant for a grant shall provide matching funds from nonstate sources equal to 25% of total project costs. The requirement to provide matching funds is a qualifier, but not a criterion, for approval of a grant.

(7) The board shall establish policies, procedures, and criteria that achieve the objectives in its research and commercialization strategic plan for the awarding of grants and loans. The criteria must include:

(a) the project's potential to diversify or add value to a traditional basic industry of the state's economy;

(b) whether the project shows promise for enhancing technology-based sectors of Montana's economy or promise for commercial development of discoveries;

(c) whether the project employs or otherwise takes advantage of existing research and commercialization strengths within the state's public university and private research establishment;

(d) whether the project involves a realistic and achievable research project design;

(e) whether the project develops or employs an innovative technology;

(f) verification that the project activity is located within the state;

(g) whether the project's research team possesses sufficient expertise in the appropriate technology area to complete the research objective of the project;

(h) verification that the project was awarded based on its scientific merits, following review by a recognized federal agency, philanthropic foundation, or other private funding source; and

(i) whether the project includes research opportunities for students.

(8) The board shall direct the state treasurer to distribute funds for approved projects. Unallocated interest and earnings from the account must be retained in the account. Repayments of loans and any agreements authorizing the board to take a financial right to licensing or royalty fees paid in connection with the transfer of technology from a research and commercialization center to another nonstate organization or ownership of corporate stock in a private sector organization must be deposited in the account.

(9) The board shall refer grant applications to external peer review groups. The board shall compile a list of persons willing to serve on peer review groups for purposes of this section. The peer review group shall review the application and make a recommendation to the board as to whether the application for a grant should be approved. The board shall review the recommendation of the peer review group and either approve or deny a grant application.

(10) The board shall identify whether a grant or loan is to be used for basic research, applied research, or some combination of both. For the purposes of this section, "applied research" means research that is conducted to attain a specific benefit or solve a practical problem and "basic research" means research that is conducted to uncover the basic function or mechanism of a scientific question.

(11) For the purposes of this section:

(a) "clean coal research and development" means research and development of projects that would advance the efficiency, environmental performance, and

cost-competitiveness of using coal as an energy source well beyond the current level of technology used in commercial service;

(b) "renewable resource research and development" means research and development that would advance:

(i) the use of any of the sources of energy listed in ~~69-3-2003(6)~~ *69-3-2003(7)* to produce electricity; and

(ii) the efficiency, environmental performance, and cost-competitiveness of using renewable resources as an energy source well beyond the current level of technology used in commercial service."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to competitive electricity suppliers during the compliance year beginning January 1, 2009, for the renewable energy standard pursuant to 69-3-2004.

(b) The commission may consider all relevant information known up to the time that the administrative record in the proceeding is closed in the evaluation of an application for approval.

(c) A commission order granting approval of an application must find that the application is in whole or in part in the public interest.

(d) The commission order may include a provision for allowable natural gas production and gathering assets cost of service when the utility has filed an application for the lease or acquisition of an equity interest in natural gas production and gathering resources.

(e) The commission order may include other findings that the commission determines necessary.

(f) A commission order that denies approval must describe why the findings required in subsection (5)(c) could not be reached.

(6) Except as otherwise provided in this part, if the commission has issued an order containing the findings required under subsection (5)(c), the commission may not subsequently disallow the recovery of costs related to the

approved natural gas production and gathering resource based on contrary findings.

(7) Nothing in this section limits the commission's ability to, in any future rate proceeding, inquire into the manner in which the natural gas utility has managed, dispatched, operated, or maintained any resource or managed any natural gas supply purchase agreement as part of its overall resource portfolio. The commission may subsequently disallow rate recovery for the costs that result from the failure of a natural gas utility to reasonably manage, dispatch, operate, maintain, or administer natural gas production and gathering resources in a manner consistent with [sections 1 through 4] and commission rules.

(8) By March 31, 2010, the commission shall adopt rules prescribing minimum filing requirements for applications filed pursuant to this part.

Section 4. Use of natural gas production and gathering resources. (1) Natural gas production and gathering resources acquired by a natural gas utility pursuant to this part:

(a) must be used by the natural gas utility to serve and benefit customers that have not made a choice of natural gas suppliers within the natural gas utility's Montana service territory; and

(b) may not be removed from the rate base unless the commission finds that customers of the natural gas utility will not be adversely affected.

(2) Natural gas production and gathering assets cost of service may not be allocated to a customer being served by an alternative natural gas supplier.

(iii) other natural gas utility investments rendered uneconomic as a result of implementation of customer choice and open access;

(a) functionally separate its natural gas production and gathering *resources* from its natural gas transmission, storage, and distribution services and remove natural gas production and gathering *resources* from the rate base;

(b) adopt and comply with commission-approved standards of conduct to be included in a tariff to govern its natural gas transmission, storage, and distribution services; and

(c) provide emergency natural gas supply and related services to the extent necessary to maintain the operational integrity of the transmission system as determined by the commission.

(2) The commission shall develop standards that protect consumers and natural gas suppliers from anticompetitive and abusive practices.

(3) This part does not reduce or otherwise change the authority of the commission to review the prudence of natural gas purchases made by a natural gas utility for its customers that do not have a choice or that have not made a choice of natural gas suppliers or have not been assigned a natural gas supplier."

(b) the employer certification required by this section must include the retired member's name and social security number and a copy of the proposed contract of employment for the retired member;

(c) upon receipt of the employer's certification and of the proposed contract of employment, the retirement board shall verify whether the retired member meets the requirements of subsection (1)(a)(i) and shall notify the employer and the retired member of its findings;

(d) a retired member reemployed under this section is ineligible for active membership under 19-20-302 and is ineligible to receive service credit under any retirement system identified in Title 19; and

(e) the retirement board shall report to the appropriate committee each legislative session regarding the implementation of and results arising from this section.

(2) An employer employing a retired member pursuant to this section shall contribute monthly to the retirement system an amount equal to the sum of the contribution rates required by 19-20-602, 19-20-604, 19-20-605, and 19-20-607.

(3) A retired member reemployed pursuant to this section is exempt from the earnings and employment limits provided in 19-20-731.

(4) If reemployed in a position covered by a collective bargaining agreement pursuant to Title 39, chapter 31, the retired member is subject to all the terms and conditions of the agreement and is entitled to all the benefits and protections of the agreement.

(5) The board may adopt rules to implement this section.

(6) As used in this section, the following definitions apply:

(a) "Employer" means a school district as defined in 20-6-101 and 20-6-701.

(b) "Year" means all or any part of a school year.

Section 2. Section 19-20-731, MCA, is amended to read:

"19-20-731. Postretirement employment limitations — cancellation and recalculation of benefits. (1) (a) Except as *provided in [section 1] or as* otherwise provided in this section, a retired member may be employed part-time by a school district, state agency, or unit of the university system in a position eligible to participate in the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(i) one-third of the sum of the member's average final compensation; or

(ii) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(ii) the value of housing provided by the employer to the retired member;

(iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;

(iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and

(3) Except as provided in *[section 1] and in* subsection (5) *of this section*, the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned

over the maximum allowed. Monthly benefits must be reduced beginning as soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be canceled if the retired member's earnings over the maximum allowed exceed the gross monthly benefit amount.

(a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option that the retired member would have been entitled to receive had the retired member not returned to employment.

(b) who was reemployed and earned at least 1 year of creditable service must be recalculated under 19-20-804 if the member has attained normal retirement age or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.

(5) If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.

(6) For purposes of this section, "position eligible to participate in the retirement system" includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor, as those terms are defined in 39-8-102.

(7) The retirement allowance of any retired member who is employed in a position and who elects to participate in the optional retirement program under Title 19, chapter 21, must be suspended until the member is no longer employed in the position and is no longer participating in the optional retirement program."

Section 2. Section 20-9-311, MCA, is amended to read:

"20-9-311. Calculation of average number belonging (ANB) — three-year averaging. (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(d) A pupil in kindergarten through grade 12 who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes.

(5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose of calculating ANB for the elementary programs offering full-time kindergarten in

the current year. For the purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for districts offering full-time kindergarten.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) The enrollment of preschool pupils, as provided in 20-7-117, may not be included in the ANB calculations.

(8) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that the ANB is calculated as a separate budget unit when:

(a) (i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled, full-time pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. (B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in subsection (2)(c)(i) must be reduced by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on their joint return;

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(l) contributions withdrawn from a family education savings account or earnings withdrawn from a family education savings account for qualified higher education expenses, as defined in 15-62-103, of a designated beneficiary;

(n) if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period;

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the

federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(12) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (12)(a)(iv), not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (12)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (12)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in

50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.

(13) Notwithstanding the provisions of subsection (1), adjusted gross income does not include 40% of capital gains on the sale or exchange of capital assets before December 31, 1986, as capital gains are determined under subchapter P. of Chapter 1 of the Internal Revenue Code as it read on December 31, 1986. (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

Section 3. Section 15-30-114, MCA, is amended to read:

"15-30-114. Additional exemption for dependent child with a disability — *physician's verification*. (1) In lieu of the exemption in 15-30-112(5), an exemption for twice the amount allowed for dependents is allowed for each dependent child with a disability.

(2) In order to be eligible for the exemption, a dependent child with a disability must, for the taxable year of the taxpayer, have as the child's principal place of abode the home of the taxpayer and have a permanent disability of great enough severity that it constitutes not less than 50% disability to the body as a whole. An exemption may be allowed for a dependent with a permanent disability after the individual reaches the age of majority if the individual continues to be a dependent.

(3) A taxpayer claiming the exemption provided for in subsection (1) shall provide with the taxpayer's income tax return written documentation by a licensed physician that the disability qualifies under subsection (2). The written documentation remains in effect in subsequent tax years for the purpose of claiming the additional exemption unless there is a change in the dependent's physical circumstances to the extent that the dependent no longer qualifies for the additional exemption. The taxpayer shall inform the department of any change in the dependent's eligibility. The department may inquire by mail whether any material change has occurred in the dependent's physical circumstances that may affect the dependent's eligibility for the additional exemption and that may require additional written documentation by a licensed physician at any time that the department considers necessary."

Section 4. Section 15-30-171, MCA, is amended to read:

"15-30-171. Residential property tax credit for elderly — definitions. As used in 15-30-171*,* ~~through 15-30-179~~ *15-30-172, 15-30-174, 15-30-176, and 15-30-177*, the following definitions apply:

(c) must have occupied one or more dwellings in Montana as an owner, renter, or lessee for at least 6 months of the claim period; and

(d) must have less than $45,000 of gross household income.

(2) A person is not disqualified as a claimant if the person changes residences during the claim period, provided that the person occupies one or more dwellings in Montana as an owner, renter, or lessee for at least 6 months during the claim period.

(3) A claim is disallowed if the department finds that the claimant received title to the claimant's homestead primarily for the purpose of receiving benefits under 15-30-171, 15-30-172, 15-30-174, 15-30-176, and 15-30-177.

(3) In the case of a claimant who both owns and rents the homestead for which a claim is made, the credit is:

(a) the amount of property tax billed on the owned portion of the homestead less the deduction specified in subsection (4); plus

(b) the amount of rent-equivalent tax paid on the rented portion of the homestead less the deduction specified in subsection (4).

(4) Property tax billed and rent-equivalent tax paid are reduced according to the following schedule:

CHAPTER NO. 149

[HB 72]

AN ACT CLARIFYING THE DURATION OF THE CARETAKER RELATIVE EDUCATIONAL AUTHORIZATION AFFIDAVIT; AMENDING SECTION 20-5-503, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-503, MCA, is amended to read:

"20-5-503. Caretaker relative educational authorization affidavit — use — immunity — format. (1) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child has the same authority as a custodial parent of the child to discuss with an educator the educational progress of the child, consent to an educational service, and consent to medical care related to an educational service for the child for which parental consent is usually required if a caretaker relative educational authorization affidavit is completed in compliance with this section.

(2) An affidavit is effective only if it is signed by the caretaker relative, under oath, before a notary public. A clear photographic copy of an affidavit completed in compliance with this section is sufficient in any instance in which an original is required by a school official or health care provider.

(3) Unless parental rights have been judicially terminated or unless the ability to give legal consent for the child to receive an educational service and any medical care related to the educational service for which parental consent is usually required has been granted to the caretaker relative pursuant to 40-4-211 and 40-4-228, a decision by a parent of the child communicated to a school official, a health care provider, or both, regarding the child supersedes a conflicting decision by a caretaker relative made pursuant to an affidavit completed in compliance with this section. However, a decision by a parent does not supersede a decision by a caretaker relative pursuant to an affidavit completed in compliance with this section if the decision by the parent endangers the life of the child. A school official or health care provider may require reasonable proof of authenticity of a decision by a parent intended to supersede a decision by a caretaker relative.

(4) (a) A public or private entity or individual who acts in good faith reliance on a caretaker relative educational authorization affidavit completed in compliance with this section and who has no actual knowledge of facts contrary to those indicated in the affidavit is not subject to civil liability or criminal prosecution or to a professional disciplinary procedure for an action that would have been proper if the facts had been as the entity or individual believed them to be.

(b) This subsection (4) applies even if an educational service or educationally related medical care, or both, are provided to a child against the wishes of a parent of that child if the person rendering the service does not have actual knowledge of the parent's wishes.

(5) A person who relies on an affidavit completed in compliance with this section has no obligation to make further inquiry or investigation.

(6) An affidavit completed in compliance with this section is effective for the earlier of:

(a) the end of the first school year after delivery of the affidavit to a school district;

(b) until it has been revoked by the caretaker relative; or

(c) until the child no longer resides with the caretaker relative.

(7) If the child ceases to live with the caretaker relative or the caretaker relative revokes the affidavit, the caretaker relative shall provide written notice of that fact to all persons to whom the caretaker relative has given the affidavit or to whom the caretaker relative has caused the affidavit to be given.

(8) This section does not relieve a person from a violation of other law, and this section does not affect the rights of a child's parent except as provided in this section.

(9) A caretaker relative educational authorization affidavit is invalid unless it is written in substantially the following form and contains the warning provided for in paragraph 5 of the format below:

CHAPTER NO. 151

[HB 367]

AN ACT PROVIDING FOR A SEPARATE POSTADOPTIVE COUNSELING AND SUPPORT PROGRAM WITHIN A CHILD-PLACING AGENCY; SPECIFYING THAT THE COSTS OF THE PROGRAM MAY NOT BE INCLUDED IN PLACEMENT FEES; AND AMENDING SECTIONS 42-2-409 AND 42-7-105, MCA.

WHEREAS, child-placing agencies that provide care and placement of children are in a unique position to provide care and support to a birth parent after relinquishment of a child, especially to parents of few means, which would be consistent with the agencies' ministry; and

WHEREAS, there are currently financial and other means of support for parents who choose to keep their children that are compelling parents of little means to keep their children; and

WHEREAS, the ability to provide similar forms of support to a parent who has chosen to relinquish a child in order to give the parent a chance to grieve and to assist the parent with counseling, temporary housing, mentoring services, job training, life skills development, budgeting and financial management, and educational opportunities will provide birth parents with another option that can help provide for their future after their children have been placed with adoptive families; and

WHEREAS, explicit authority for the program is necessary with the caveat that the program must be kept separate from any program for the placement of children and must be paid for by the agency with separate funds.

Be it enacted by the Legislature of the State of Montana:

Section 1. Postadoptive counseling and support — intent. (1) An agency may have a specific program, separate from its program for the care and placement of children, to provide postadoptive counseling and support for birth parents who have relinquished children for adoption. The program may include but is not limited to grief and loss counseling, temporary housing, mentoring services, job training, life skills development, budgeting and financial management, educational opportunities, and transportation.

(2) (a) The provision of the services in subsection (1) may not be included by an agency in the fees related to placement for adoption by a parent as provided in 42-7-101.

(b) An agency providing postadoptive counseling and support shall include a full accounting of the operation of the program as part of the financial statement required in 52-8-104.

(c) An agency may accept federal funds, grants, or donations specifically for the purpose of funding a program to provide the services in subsection (1) that is separate from the agency's program for the care and placement of children.

Section 2. Section 42-2-409, MCA, is amended to read:

"42-2-409. Counseling requirements. (1) Counseling of the birth mother is required in department, agency, and direct parental placement adoptions. If any other parent is involved in an adoptive placement, counseling of that parent is encouraged.

(2) Counseling must be performed by a person employed by the department or by a staff person of a licensed child-placing agency designated to provide this type of counseling. Unless the counseling requirement is waived for good cause by a court, a minimum of 3 hours of counseling must be completed prior to execution of a relinquishment of parental rights and consent to adopt. A relinquishment and consent to adopt executed prior to completion of required counseling is void.

(3) During counseling, the counselor shall offer an explanation of:

(a) adoption procedures and options that are available to a parent through the department or licensed child-placing agencies;

(b) adoption procedures and options that are available to a parent through direct parental placement adoptions, including the right to an attorney and that legal expenses are an allowable expense that may be paid by a prospective adoptive parent as provided in 42-7-101 and 42-7-102;

(c) the alternative of parenting rather than relinquishing the child for adoption;

(d) the resources that are available to provide assistance or support for the parent and the child if the parent chooses not to relinquish the child;

(e) the legal and personal effect and impact of terminating parental rights and of adoption;

(f) the options for contact and communication between the birth family and the adoptive family;

(g) postadoptive issues, including grief and loss*, and the existence of a postadoptive counseling and support program*;

(h) the reasons for and importance of providing accurate medical and social history information under 42-3-101;

(i) the operation of the confidential intermediary program; and

(j) the fact that the adoptee may be provided with a copy of the original birth certificate upon request after reaching 18 years of age, unless the birth parent has specifically requested in writing that the vital statistics bureau withhold release of the original birth certificate.

(4) The counselor shall prepare a written report containing a description of the topics covered and the number of hours of counseling. The report must specifically include the counselor's opinion of whether or not the parent understood all of the issues and was capable of informed consent. The report must, on request, be released to the person counseled, to the department, to an agency, or with the consent of the person counseled, to an attorney for the prospective adoptive parents."

Section 3. Section 42-7-105, MCA, is amended to read:

"42-7-105. Prohibited activities — violations — penalties. (1) A person, other than the department or a licensed child-placing agency, may not:

(a) advertise in any public medium that the person:

(i) knows of a child who is available for adoption; or

(ii) is willing to accept a child for adoption or knows of prospective adoptive parents for a child; or

(b) engage in placement activities as defined in 52-8-101.

(2) An individual other than an extended family member or stepparent of a child may not obtain legal or physical custody of a child for purposes of adoption unless the individual has a favorable preplacement evaluation or a court-ordered waiver of the evaluation.

(3) A person who, as a condition for placement, relinquishment, or consent to the adoption of a child, knowingly offers, gives, agrees to give, solicits, accepts, or agrees to accept from another person, either directly or indirectly, anything other than the fees allowed under 42-7-101 commits the offense of paying or charging excessive adoption process fees.

(4) It is illegal to require repayment or reimbursement of anything provided to a birth parent under 42-7-101. All payments by the adoptive parent made on behalf of a birth parent pursuant to this section are considered a gift to the birth parent.

(5) Nothing in this section prohibits a licensed child-placing agency from maintaining a separate program for the assistance of a biological parent who is in need of postadoptive counseling and support as provided in [section 1]. Services must be provided based on need and may not be contingent on a placement being made privately, by the department, or by a licensed child-placing agency. A postadoptive counseling and support program may not be used to induce a biological parent to place a child for adoption.

~~(5)~~*(6)* A person convicted of the offense of paying or charging excessive adoption process fees, attempting to recover expenses incurred from an adoption process, or otherwise violating this title may be fined an amount not to exceed $10,000 in an action brought by the appropriate city or county attorney. The court may also enjoin from further violations any person who violates this title."

Section 4. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 42, chapter 4, part 2, and the provisions of Title 42, chapter 4, part 2, apply to [section 1].

CHAPTER NO. 152

[SB 20]

AN ACT CLARIFYING THE MEANING OF THE TERM "SUBSTANTIAL COMPLIANCE"; PROVIDING A STATEMENT OF LEGISLATIVE PURPOSE FOR THE MONTANA ADMINISTRATIVE PROCEDURE ACT; AMENDING SECTIONS 2-4-101 AND 2-4-305, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, on November 6, 2007, the Montana Supreme Court issued its opinion in the case of Montana Society of Anesthesiologists v. Montana Board of Nursing, 2007 MT 290, 339 Mont. 472, 171 P.3d 704 (2007) (MSA opinion), holding that a nurse anesthetist may practice without direct supervision by an anesthesiologist M.D.; and

WHEREAS, the Montana Society of Anesthesiologists (MSA) challenged the legality of an administrative rule adopted by the Montana Board of Nursing,

alleging, among other things, that the rule was adopted without a sufficient statement of reasonable necessity, as required by section 2-4-305(6)(b), MCA, of the Montana Administrative Procedure Act (MAPA); and

WHEREAS, in the MSA opinion, the Montana Supreme Court held that because MAPA, in section 2-4-305(7), MCA, requires that rules must be adopted in "substantial compliance" with MAPA and because the Montana Supreme Court had previously held that substantial compliance has occurred if the purpose of MAPA has been fulfilled, the defective notice of proposed rulemaking substantially complied with MAPA because the purpose of MAPA is to give public notice of the adoption of a rule and that adequate notice had been given by the Board of Nursing; and

WHEREAS, under the rationale employed by the Montana Supreme Court in the MSA opinion, every rule adopted by an agency could be found to be in substantial compliance with MAPA since every notice of proposed rulemaking gives some notice of a proposed rule adoption, amendment, or repeal; and

WHEREAS, the Legislature intends that a determination of whether MAPA's substantial compliance requirement in section 2-4-305(7), MCA, has been satisfied requires an analysis of more than whether an agency provided adequate public notice of its proposed rule, but rather requires an analysis of whether the agency complied with 2-4-302, 2-4-303, 2-4-305, or 2-4-306, MCA; and

WHEREAS, enactment of this legislation is not intended by the Legislature as a comment upon the outcome of the MSA opinion, but rather is intended to change the analysis used by the courts when determining whether MAPA's substantial compliance requirement, found in section 2-4-305(7), MCA, has been satisfied in future cases.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-101, MCA, is amended to read:

"2-4-101. Short title — *purpose.* *(1)* This chapter ~~shall be~~ *is* known and may be cited as the "Montana Administrative Procedure Act".

(2) The purposes of the Montana Administrative Procedure Act are to:

(a) generally give notice to the public of governmental action and to provide for public participation in that action;

(b) establish general uniformity and due process safeguards in agency rulemaking, legislative review of rules, and contested case proceedings;

(c) establish standards for judicial review of agency rules and final agency decisions; and

(d) provide the executive and judicial branches of government with statutory directives."

Section 2. Section 2-4-305, MCA, is amended to read:

"2-4-305. Requisites for validity — authority and statement of reasons. (1) The agency shall fully consider written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is printed in the register, the differences must be described in the statement of reasons for and against agency action. When

written or oral submissions have not been received, an agency may omit the statement of reasons.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule. *The measure of whether an agency has adopted a rule in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and*

this section is not whether the agency has provided notice of the proposed rule, standing alone, but rather must be based on an analysis of the agency's substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules. An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, the proposal notice may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee's notification to the agency must be included in the committee's records."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 1. Section 53-2-612, MCA, is amended to read:

"53-2-612. Lien of department ~~or county~~ upon third-party recoveries. (1) Upon notice by the department~~, a county,~~ or the recipient to a third party or the third party's insurer as provided in subsection (5)(b), the department ~~or county~~ has a lien upon ~~all~~ money paid by a third party or the third party's insurer in satisfaction of a judgment or settlement arising from a recipient's claim for damages or compensation for personal injury, disease, illness, or disability to the extent that the department ~~or county~~ has paid medical assistance on behalf of the recipient for the same personal injury, disease, illness, or disability *and to the extent that the money represents payment for medical expenses*.

(2) The department ~~or county~~ may, in the name of the recipient on whose behalf medical assistance has been paid by the department ~~or county~~, commence and prosecute to final conclusion any action that may be necessary to recover from a third party or the third party's insurer compensation or damages for

medical assistance paid by the department ~~or county~~ on behalf of the recipient. This section does not affect the right of the recipient to initiate and prosecute to final conclusion an action for damages or compensation in the recipient's own name in accordance with the provisions of this section.

(3) (a) The lien~~:~~

~~(i) applies to all money paid by a third party or a third party's insurer regardless of whether the recovery is allocated by the parties or a court to any particular type or element of damages; and~~

~~(ii)~~ is subordinate to the lien of an attorney under 37-61-420.

(b) Unless specifically provided by law, the recipient's right to recover damages or compensation from a third party or a third party's insurer may not be reduced or denied on the ground that the recipient's costs of medical treatment and medical-related services have been paid by the department ~~or county~~ under any public assistance program.

(c) From the amount collected by the department~~, county,~~ or recipient from legal proceedings or as a result of settlement, reasonable attorney fees and costs must be first deducted and paid. Unless the department ~~or county~~ and the recipient agree to a different settlement, the amount previously paid as medical assistance by the department ~~or county~~, less a pro rata share of attorney fees and costs, must be deducted next and paid to the department ~~or county~~*, but only to the extent that the amount paid as medical assistance does not exceed the portion of the amount collected that represents payment of medical expenses*. The remainder, if any, must be paid to the recipient.

(d) In all cases of payment to the department ~~or county~~ out of an amount collected from a third party or insurer on a recipient's claim, the amount of the lien must be reduced by a pro rata share of attorney fees and costs as provided in subsection (3)(c), but the department ~~or county~~ may not be required to participate in payment of attorney fees and costs unless the recipient's claim results in recovery out of which the department ~~or county~~ receives full or partial payment of its lien.

(e) *(i)* Except as provided in subsections (3)(e)~~(i)~~*(ii)* and (3)(e)~~(ii)~~*(iii)*, the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

~~(i)~~*(ii)* The department may impose a lien under this section upon a self-sufficiency trust or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, if the department is required by federal law to recover or collect from the trust or its assets as a condition of receiving federal financial participation for the medicaid program.

~~(ii)~~*(iii)* To the extent otherwise permitted by this section, the department is not precluded from asserting a claim or imposing a lien upon real or personal property prior to transfer of the property to the trust. If the department imposes a lien upon property prior to transfer to a self-sufficiency trust, any transfer of the property to the trust is subject to the lien.

(4) (a) A recipient of medical assistance or the recipient's legal representative shall notify the department ~~or county~~ by certified letter within 30 days if the recipient or the recipient's legal representative asserts a claim against a third party or a third party's insurer for damages or compensation for a personal injury, disease, illness, or disability for which the department ~~or county~~ paid medical assistance in whole or in part or for which the recipient has

applied for medical assistance. The notice must be mailed to the director of the department ~~or the county commissioners of the county that paid medical assistance~~. At the same time, a copy must be sent by certified mail to the third party or the third party's insurer.

(b) The notice must contain the following information:

(i) the name and address of the recipient and the recipient's legal representative, if any;

(ii) the name and address of the third party alleged to be liable to the recipient;

(iii) the name and address of any known insurer of the third party; and

(iv) the judicial district and docket number of any action filed.

(c) A recipient or the recipient's legal representative who has received actual notice that the department ~~or county~~ has paid medical assistance is liable to the department ~~or county~~ for the amount it is entitled to receive under this section if:

(i) the recipient or the recipient's legal representative fails to timely notify the department ~~or county~~ or fails to mail a copy of the notice to the third party or the third party's insurer; and

(ii) a third party or the third party's insurer that did not receive notice from the department ~~or county~~ as provided for in subsection (5)(b) pays the recipient or the recipient's legal representative without satisfying any lien of the department ~~or county~~.

(5) (a) If a third party or the third party's insurer that has received notice of the department's ~~or county's~~ lien as provided for in subsection (5)(b) makes payment in whole or in part of the recipient's claim without first satisfying the lien of the department ~~or county~~, the third party or the third party's insurer is liable to the department ~~or county~~ for the amount the department ~~or county~~ is entitled to receive under this section.

(b) For the purposes of subsection (5)(a), a third party or the third party's insurer has been given notice if:

(i) the department ~~or county~~ mails, by certified mail, to the third party or the third party's insurer:

(A) a statement of the medical assistance paid or that may be paid by the department ~~or county~~ on behalf of the recipient; and

(B) a claim for reimbursement;

(ii) the recipient or the recipient's legal representative mails, by certified mail, to the third party or the third party's insurer:

(A) a copy of the notice required by subsection (4)(a); or

(B) a statement stating that the recipient has applied for or has received medical assistance from the department ~~or county~~ in connection with the same claim; or

~~(c)~~*(b)* "Recipient" means a person on whose behalf the department ~~or a county~~ has paid or may pay medical assistance for the cost of medical treatment and medical-related services for personal injury, disease, illness, or disability. If the context allows, the term includes a recipient's legal representative.

~~(d)~~*(c)* "Third party" means an individual, institution, corporation, or public or private agency that is or may be liable to pay all or part of the cost of medical treatment and medical-related services for personal injury, disease, illness, or disability of a recipient of medical assistance from the department ~~or a county~~ and includes but is not limited to insurers, health service organizations, and parties liable or who may be liable in tort."

Section 2. Section 53-6-165, MCA, is amended to read:

~~(2)~~*(3)* "Recipient" means an individual who has been determined by a medicaid agency to be eligible for medicaid benefits, whether or not the individual has actually received a benefit, or an individual who has received benefits, whether or not that person has been determined to be eligible.

~~(3)~~*(4) (a)* "Recoverable medical assistance" means a payment pursuant to this part, including but not limited to a payment made for items or services provided to and insurance premiums, deductibles, and coinsurance paid on behalf of a recipient who:

~~(b)~~*(ii)* was at least 55 years of age or younger if allowed by 42 U.S.C. 1396p, as may be amended, when the item or service was provided or when the insurance premium, deductible, or coinsurance was paid.

~~(4)~~*(5)* "Recovery" means legal action brought for the payment or repayment of recoverable medical assistance or amounts of money paid for other purposes."

Section 3. Section 53-6-167, MCA, is amended to read:

"53-6-167. Recovery of medicaid benefits after recipient's death. (1) ~~After~~ *Except as provided in subsection (7) or (9)(b), after* the death of a recipient, the department shall execute and present a claim~~:~~

~~(a)~~ against the recipient's estate, within the time specified in the published notice to creditors in the estate proceeding, for the total amount of recoverable medical assistance paid to or on behalf of the recipient~~; and~~. *The department is not required to initiate probate proceedings in order to present a claim in a case in which no proceeding has been commenced to probate the estate of the deceased recipient.*

~~(b)~~*(2) Except as prohibited by subsection (9)(b), after the death of a recipient, the department may execute and present a claim* against a person who has received property of the recipient by distribution or survival for an amount equal to the recoverable medical assistance paid on behalf of the recipient or the value of the property received by the person from the recipient by distribution or survival, whichever is less. The amount recoverable from a person with respect to property of the recipient must be reduced by the value of any property transferred to the person for less than full market value for which a period of ineligibility was imposed under 53-6-166 against the recipient during the recipient's life. The department may bring an action in district court to collect upon a claim under this subsection ~~(1)(b)~~ *(2)*.

~~(2)~~*(3)* A department claim under subsection (1) *or (2)* must include notice of the right to seek an undue hardship exception under rules adopted by the department in accordance with subsection ~~(7)~~ *(8)*.

~~(3)~~*(4)* (a) Notwithstanding any statute of limitations or other claim presentation deadline provided by law, a department claim against an estate is not barred for lack of timely presentation if it is presented in the probate proceeding within the time specified in the published notice to creditors.

(b) An action to collect a claim under subsection ~~(1)(b)~~ *(2)* must be commenced within 3 years of the later of the recipient's death or the closing of the recipient's estate.

~~(4)~~*(5)* (a) For purposes of this section, property of a deceased recipient received by distribution or survival is any real or personal property or other assets in which the recipient had any right, title, or interest immediately prior to the time of death, including but not limited to assets passing to one or more survivors, heirs, assignees, or beneficiaries of the deceased recipient through joint tenancy, tenancy in common, right of survivorship, conveyance by the recipient subject to life estate, living trust, or other arrangement. For purposes of this section, property is not received by distribution or survival to the extent that the person received the property or property interest for consideration equal to the fair market value of the property or property interest received.

(b) Property received by distribution includes but is not limited to:

(i) property from a deceased recipient's estate distributed to a person through a probated estate or a small estate administration procedure; and

(ii) property from a deceased recipient's estate otherwise distributed to or in the possession of a person through any other procedure or when a legal procedure for distribution has not been followed.

(c) Assets of a deceased recipient's estate and property of a deceased recipient received by distribution or survival are not exempt from recovery under this section because the assets or property were or may have been considered by the department as exempt income or resources for the purpose of determining eligibility for medical assistance during the recipient's lifetime.

~~(5)~~*(6)* (a) The department may seek recovery under ~~subsection (1)(a) or (1)(b)~~ *subsection (1) or (2)*, or both, with respect to a deceased recipient until its claim is satisfied in full. Upon full satisfaction of its claim, the department may not seek further recovery and shall provide appropriate releases to the deceased recipient's estate and to other affected persons.

(b) An estate or other person is not entitled to a reduction or waiver of the department's claim on the grounds that there is or may be another person from whom recovery may be made under this section.

~~(6)~~*(7)* The department may waive recovery under this section if it determines that recovery would not be cost-effective. In determining whether recovery would be cost-effective for purposes of this subsection, the department may consider but is not limited to consideration of the following factors:

(a) the estimated cost of recovery;

(b) the amount reasonably likely to be recovered;

(c) the likelihood that recovery by the department will cause a person to become eligible for public assistance; and

(d) the importance of the case or the issues in the case and the need for judicial interpretation of issues that may recur with respect to the administration or implementation of this section.

~~(7)~~*(8)* (a) Upon presentation or assertion of a claim by the department under this section, the personal representative of the estate or another affected person may apply to the department, in accordance with procedures established by department rule, for a waiver of recovery based on undue hardship. The department shall waive its recovery under this section in whole or in part if it determines that recovery would result in undue hardship as defined by department rule.

(b) The department shall adopt rules that are consistent with 42 U.S.C. 1396p, as may be amended, and that implement federal regulations and policies, establishing procedures and criteria for undue hardship exceptions. The rules adopted under this section must include but are not limited to rules addressing the following:

(i) a description of the circumstances considered to constitute an undue hardship;

(ii) the procedures by which an individual may seek an undue hardship exception;

(iii) the persons entitled to an undue hardship exception; and

(iv) whether an exception is partial or temporary and the circumstances under which partial or temporary exceptions may be granted.

(c) If a person is aggrieved by a department determination on an application for an undue hardship exception, the person may assert a claim of entitlement to an undue hardship exception in any court proceeding on a department petition

for allowance of an estate claim or for recovery of an amount due under this section. When a person claims entitlement to an undue hardship exception in the proceeding, the court shall make a determination on the claim for an exception based upon the department rules adopted in accordance with this section. Department denial of all or any part of the relief requested in an exception application under this section may be reviewed by a district court only as provided in this subsection ~~(c)~~ *(8)(c)*. Denial does not grant a right to a contested case hearing or a right to judicial review under the Montana Administrative Procedure Act or the department's rules.

~~(8)~~*(9)* (a) Except as provided in subsection ~~(8)(b)~~ *(9)(b)*, if the requirements of this section are met, the department may collect upon its claim.

(b) The department may not recover under this section while there is a surviving spouse of the recipient or while there is a surviving child of the recipient who is under 21 years of age, blind, or permanently and totally disabled. This subsection ~~(b)~~ *(9)(b)* does not preclude the department from recovering from the recipient's estate after the death of the surviving spouse or child.

~~(9)~~*(10)* All money recovered under this section from any source must be distributed to the state general fund and to the United States as required by applicable state and federal laws and regulations."

Section 4. Section 53-6-168, MCA, is amended to read:

"53-6-168. Payment of certain funds of deceased recipient to department. (1) (a) A nursing facility*, a financial institution,* or a person~~, other than a financial institution,~~ holding personal funds of a deceased nursing facility resident who received medicaid benefits at any time shall, within 30 days following the resident's death, pay those funds to the department.

(b) A nursing facility may satisfy a debt owed by the deceased resident to the facility from the deceased resident's personal funds that are held by the nursing facility and that would have been payable to the facility from the resident's funds. The facility shall pay the remaining funds to the department as required by this section.

(c) Funds paid to the department under this section are not considered to be property of the deceased resident's estate, and 53-6-167 does not apply to recovery of the funds by the department.

(2) For purposes of this section, a nursing facility is holding personal funds of a resident if the facility:

(a) maintains possession of the funds in the facility; or

(b) as the recipient's trustee or representative, has deposited the resident's funds in an individual or shared account in a financial institution.

(3) The department shall apply any funds received under this section proportionately to the federal and state shares of recoverable medical assistance and shall pay any remaining amount to a person entitled by law to the funds."

Section 5. Section 53-6-178, MCA, is amended to read:

"53-6-178. Department right of recovery — limitations. (1) Except as provided in 53-6-180, 53-6-182, and this section, the department may collect upon its lien as provided in 53-6-171 through 53-6-188.

(2) The department may not recover upon a lien imposed on the recipient's home under 53-6-171 while the recipient's sibling or child who has resided lawfully and continuously in the home for at least ~~1 year~~ *18 months* immediately

before the recipient's institutionalization continues to lawfully reside in the home. This subsection does not preclude the department from recovering under 53-6-167, 53-6-168, or 53-6-169.

(3) The department may not recover on a lien imposed under 53-6-171 while there is a surviving spouse of the recipient or while there is a surviving child of the recipient who is under 21 years of age, blind, or permanently and totally disabled. This subsection does not preclude the department from later recovery in accordance with 53-6-181."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 27-1-736, MCA, is amended to read:

"27-1-736. Limits on liability of medical practitioner or dental hygienist who provides services without compensation. (1) A medical practitioner, as defined in 37-2-101, or a dental hygienist licensed under Title 37, chapter 4, who renders, at any site, any health care within the scope of the provider's license, voluntarily and without compensation, to a patient of a clinic*,* ~~or~~ to a patient referred by a clinic*, or in a community-based program to provide access to health care services for uninsured persons* is not liable to a person for civil damages resulting from the rendering of the care~~,~~ unless the damages were the result of gross negligence or willful or wanton acts or omissions by the medical practitioner or dental hygienist. AN ACT CLARIFYING THAT FAILURE OF AN OSTENSIBLE AGENT TO COMPLY WITH A HEALTH CARE PROVIDER'S POLICY OR PRACTICE REQUIRING THE AGENT TO SECURE PROFESSIONAL LIABILITY INSURANCE CONSTITUTES PROFESSIONAL MISCONDUCT; AMENDING SECTIONS 28-10-103 AND 37-1-316, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 28-10-103, MCA, is amended to read:

"28-10-103. Actual versus ostensible agency — limitation. (1) An agency is either actual or ostensible. An agency is actual when the agent is really employed by the principal. An agency is ostensible when the principal intentionally or by want of ordinary care causes a third person to believe another to be the principal's agent when that person is not really employed by the principal.

(2) Except as provided in subsection (3), for purposes of a malpractice claim, as defined in 27-6-103, liability may not be imposed on a health care provider, as defined in 27-6-103, for an act or omission by a person or entity alleged to have been an ostensible agent of the health care provider at the time that the act or omission occurred.

The insurance provided for in this subsection must be in effect for the period of time during which a medical malpractice action must be brought as provided in 27-2-205.

(b) Failure of a health care provider providing independent professional services to comply with a policy or practice implementing subsection (3)(a) constitutes unprofessional conduct pursuant to 37-1-316(18) and [section 3]."

Section 2. Section 37-1-316, MCA, is amended to read:

"37-1-316. Unprofessional conduct. The following is unprofessional conduct for a licensee or license applicant governed by this chapter:

(2) permitting, aiding, abetting, or conspiring with a person to violate or circumvent a law relating to licensure or certification;

(3) fraud, misrepresentation, deception, or concealment of a material fact in applying for or assisting in securing a license or license renewal or in taking an examination required for licensure;

(5) a misleading, deceptive, false, or fraudulent advertisement or other representation in the conduct of the profession or occupation;

(6) offering, giving, or promising anything of value or benefit to a federal, state, or local government employee or official for the purpose of influencing the employee or official to circumvent a federal, state, or local law, rule, or ordinance governing the licensee's profession or occupation;

(7) denial, suspension, revocation, probation, fine, or other license restriction or discipline against a licensee by a state, province, territory, or Indian tribal government or the federal government if the action is not on appeal, under judicial review, or has been satisfied.

(9) revealing confidential information obtained as the result of a professional relationship without the prior consent of the recipient of services, except as authorized or required by law;

(11) use of a habit-forming drug or controlled substance as defined in Title 50, chapter 32, to the extent that the use impairs the user physically or mentally;

(12) having a physical or mental disability that renders the licensee or license applicant unable to practice the profession or occupation with reasonable skill and safety;

(13) engaging in conduct in the course of one's practice while suffering from a contagious or infectious disease involving serious risk to public health or without taking adequate precautions, including but not limited to informed consent, protective gear, or cessation of practice;

In addition to the conduct described in 37-1-316, failure of a health care provider, as defined in 27-6-103, to comply with a policy or practice implementing 28-10-103(3)(a) requiring insurance constitutes unprofessional conduct.

(1) The state-tribal economic development commission shall conduct an accurate, comprehensive, detailed, and objective assessment of economic conditions on each of the Indian reservations in the state. In addition to an initial assessment, the commission may also require periodic updates of the data and analysis contained in the assessment, mainly for the purpose of monitoring progress toward goals and objectives set forth by the commission.

(2) The commission, the ~~coordinator~~ *state director* of Indian affairs, or the governor may issue a request for proposals and, on the basis of a competitive bidding process, select a qualified researcher or research team from the private sector or a college or university to conduct the assessment and report findings and conclusions to the commission.

(3) If the commission has adequate financial resources, the commission may, at its discretion, conduct or commission subsequent followup studies or assessments to obtain updated information.

(4) An assessment of economic conditions on the Indian reservations in Montana must include the consideration of multiple dimensions of economic development, including reservation demographics, economic development strengths and weaknesses, salient factors relating to economic development, natural resources, conditions in the natural environment, human resources, financial resources, business assistance programs, job training programs, education curriculum, the availability of technical training and assistance, and relevant tribal, state, and federal policies."

Section 11. Section 90-11-101, MCA, is amended to read:

"90-11-101. Legislative policy. The legislature finds and declares that:

(1) a considerable portion of the citizens of the state of Montana are American Indians;

(2) since statehood, Indian citizens of the state of Montana have lived on reservations set apart for those purposes by the United States of America, and by virtue of their isolation and supervision by the federal government, great problems of economic and social significance have arisen and presently exist;

(3) the best interests of Montana Indian tribes will be served by engaging in government-to-government relationships designed to recognize the rights, duties, and privileges of full citizenship that Indians are entitled to as citizens of this state;

(4) because the tribes are domestic dependent nations, agencies of the federal government retain jurisdiction and a fiduciary duty throughout the state of Montana for the administration of economic, social, health, education, and welfare programs for Indians;

(5) unique differences exist between the tribes, their reservations, customs, and treaties, and their respective relationships with the federal government, all of which influence the relationships among tribes and between the tribes and the state;

(6) there are sizeable numbers of off-reservation enrolled and unenrolled Indians residing in our state whose needs for social, environmental, educational, and economic assistance are borne in part by state and local agencies;

(7) programs of the state of Montana should not duplicate those supported by agencies of the federal government or tribal governments with regard to jurisdiction of Indian people, because state responsibility includes off-reservation Indians and because those Indians require assistance to coordinate their affairs with various tribal groups and federal agencies where they have no official recognition;

(8) the state and the tribes working together in a government-to-government relationship and engaging in compacts and other cooperative agreements for the benefit of Indian and non-Indian residents will promote economic development, environmental protection, education, social services support, and enduring good will;

(9) to facilitate the discussion and resolution of issues and concerns that Indian tribes have in relation to the state, the federal government, and among themselves, the ~~coordinator~~ *state director* of Indian affairs shall:

(a) maintain effective tribal-state communications;

(b) assess tribal and individual Indian concerns and interests to seek ways and means of communicating these concerns and interests to relevant state agencies and to the legislature and actively assist in organizing these efforts; and

(c) act as a liaison for tribes and Indian people, whether the Indian people reside on or off reservations, whenever assistance is required;

(10) the ~~coordinator~~ *state director* of Indian affairs shall endeavor to assist tribes to seek agreements between the state and tribes and to work toward a consensus among the tribes and other parties on shared goals and principles."

Section 12. Section 90-11-102, MCA, is amended to read:

"90-11-102. Duties and assistance. (1) It is the duty of the state ~~coordinator~~ *director* of Indian affairs to carry out the legislative policy set forth in 90-11-101.

(2) The state ~~coordinator~~ *director* shall:

(a) meet at least quarterly with tribal governments and become acquainted with the problems confronting the Indians of Montana;

(b) meet with executive branch directors on issues arising between Montana's Indian citizens, tribes, and state agency personnel and programs;

(c) report to the governor's cabinet meeting concerning issues confronting Indian people and tribal governments;

(d) advise the legislative and executive branches of the state of Montana of those problems and issues;

(e) make recommendations for the alleviation of those problems and issues;

(f) serve the Montana delegation in the federal congress as an adviser and intermediary in the field of Indian affairs;

(g) act as a liaison for representative Indian organizations and groups, public and private, whenever the state ~~coordinator's~~ *director's* support is solicited by tribal governmental entities;

(h) serve on the state-tribal economic development commission established in 90-1-131;

(i) report in detail at every meeting of the interim committee of the legislature responsible for acting as a liaison between the legislature and the tribal governments those actions taken by the state-tribal economic development commission established by 90-1-131 to carry out its duties; and

(j) hire, with the concurrence of the other members of the state-tribal economic development commission, a tribal business center coordinator and a federal grants coordinator, and subsequently provide administrative support for both positions.

(3) All executive and legislative agencies of state government may within the area of their expertise and authority provide assistance to tribal councils or their official designees requesting assistance on any matter relating to education, health, natural resources, and economic development on Indian reservation lands."

Section 13. Name change — directions to code commissioner. In any legislation enacted by the 2009 legislature that refers to the state coordinator of Indian affairs, the code commissioner is directed to change the term to state director of Indian affairs.

AN ACT ESTABLISHING THE OFFENSE OF TRADEMARK COUNTERFEITING; PROVIDING CRIMINAL PENALTIES FOR TRADEMARK COUNTERFEITING; PROVIDING FOR RESTITUTION FOR PERSONS HARMED BY TRADEMARK COUNTERFEITING; PROVIDING FOR SEIZURE OF GOODS USED IN TRADEMARK COUNTERFEITING; AMENDING SECTIONS 30-13-301 AND 30-13-333, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-13-301, MCA, is amended to read:

"30-13-301. Definitions. In this part, unless the context requires otherwise, the following definitions apply:

(1) "Abandoned" with respect to a mark, means the occurrence of either of the following:

(a) when a mark's use has been discontinued with intent not to resume use. Intent not to resume may be inferred from circumstances. Nonuse for 2 consecutive years constitutes prima facie evidence of abandonment.

(b) when any course of conduct of the owner, including acts of omission as well as commission, causes the mark to lose its significance as a mark.

(2) "Applicant" means the person filing an application for registration of a mark under this part or the person's legal representatives, successors, or assigns.

(3) "Counterfeit mark" means a spurious mark:

(a) that is applied to or used in connection with any goods, services, labels, patches, fabric, stickers, wrappers, badges, emblems, medallions, charms, boxes, containers, cans, cases, hangtags, documentation, packaging, or any other components of any type or nature that are designed, marketed, or otherwise intended to be used on or in connection with any goods or services;

(b) that is identical with or substantially indistinguishable from a mark that is in use and is registered in this state or any other state or on the principal register in the United States patent and trademark office, whether or not the person employing the mark knew the mark was registered; and

(c) the application or use of which is:

(i) likely to deceive or cause confusion or mistake; or

(ii) otherwise intended to be used on or in connection with the goods or services for which a registered mark is registered.

(4) "Counterfeiter" means a person employing a counterfeit mark.

~~(3)~~*(5)* "Dilution" means the lessening of the capacity of a famous mark to identify and distinguish goods or services, regardless of the presence or absence of:

(a) competition between the owner of the famous mark and other parties; or

(b) likelihood of confusion, mistake, or deception.

~~(4)~~*(6)* "Mark" means any trademark or service mark entitled to registration under this part whether registered or not.

~~(5)~~*(7)* "Person" means any individual, firm, partnership, limited liability company, corporation, association, union, or other organization capable of suing and being sued in a court of law.

~~(6)~~*(8)* "Registrant" means the person to whom the registration of a mark under this part is issued or the person's legal representatives, successors, or assigns.

(9) "Retail value" means:

(a) the counterfeiter's regular selling price for goods or services unless the goods or services bearing a counterfeit mark or the items and components described in subsection (9)(b) would appear to a reasonably prudent person to be authentic, in which case the retail value is the price of the authentic counterpart; or

(b) in the case of items bearing a counterfeit mark that are components of a finished product and in the case of labels, patches, fabric, stickers, wrappers, badges, emblems, medallions, charms, boxes, containers, cans, cases, hangtags,

documentation, packaging, or any other components of any type or nature that are designed, marketed, or otherwise intended to be used on or in connection with any goods or services, the counterfeiter's regular selling price of the finished product on or in which the items or component would be utilized.

~~(7)~~*(10)* "Service mark" means any word, name, symbol, or device or any combination of words, names, symbols, or devices used by a person to identify and distinguish the services of one person, including a unique service, from the services of others and to indicate the source of the services, even if that source is unknown. Titles, character names used by a person, and other distinctive features of radio or television programs may be registered as service marks notwithstanding that they or the programs may advertise the goods of the sponsor.

~~(8)~~*(11)* "Trade name" means any name used by a person to identify a business or vocation of that person.

~~(9)~~*(12)* "Trademark" means any word, name, symbol, device, or any combination of words, names, symbols, or devices used by a person to identify and distinguish the goods of that person, including a unique product, from those manufactured or sold by others and to indicate the source of the goods, even if that source is unknown.

~~(10)~~*(13)* "Use" means the bona fide use of a mark in the ordinary course of trade and not a use merely to reserve a right in a mark. For the purposes of this part, a mark is considered to be in use:

(a) on goods when:

(i) it is placed in any manner on the goods or other containers or the displays associated with the goods or on the tags or labels affixed to the goods; or

(ii) if the nature of the goods makes placement on the goods or containers impracticable, it is placed on documents associated with the goods or their sale; and

(iii) the goods are sold or transported in commerce in this state; and

(b) on services when it is used or displayed in the sale or advertising of services and the services are rendered in this state."

Section 2. Trademark counterfeiting — presumption — penalties — restitution — forfeiture. (b) A person having possession, custody, or control of more than 25 goods, labels, patches, fabric, stickers, wrappers, badges, emblems, medallions, charms, boxes, containers, cans, cases, hangtags, documentation, packaging, or any other components of any type or nature bearing a counterfeit mark must be presumed to possess the items with intent to offer for sale, sell, or distribute the items.

(2) (a) A person convicted of the offense of trademark counterfeiting shall be fined an amount not to exceed $1,000 or be imprisoned in the county jail for a term not to exceed 6 months, or both, if the offense involves less than 100 items bearing one or more counterfeit marks or the total retail value is less than

$1,000. A person convicted of a second offense shall be fined $1,000 or be imprisoned in the county jail for a term not to exceed 6 months, or both. A person convicted of a third or subsequent offense shall be fined $1,000 and be imprisoned in the county jail for a term of not less than 30 days or more than 6 months.

(b) If the offense involves 100 items or more bearing one or more counterfeit marks and the retail value is $1,000 or more, the person shall be fined an amount not to exceed $10,000 or be imprisoned in the state prison for a term not to exceed 1 year, or both.

(3) When imposing sentence on a person convicted of a violation of this section, the court may order restitution as provided in 30-13-335 to any person harmed by the trademark counterfeiting.

(4) (a) Any items bearing a counterfeit mark and all personal property employed or used in connection with counterfeiting, including but not limited to any items, objects, tools, machines, equipment, instruments, or vehicles of any kind, must be seized by law enforcement officials who have the opportunity to take possession of the items or personal property.

(b) All seized items and personal property referenced in this subsection (4) must be forfeited and may, upon request of the registrant, be released to the registrant for destruction or destroyed by an officer of the court as provided in 30-13-335 unless the registrant agrees to another disposition of the seized items or personal property.

Section 3. Section 30-13-333, MCA, is amended to read:

"30-13-333. Infringement. (1) ~~Subject~~ *In addition to the penalties and remedies provided for in [section 2] and subject* to the provisions of 30-13-336 and subsection (2) of this section, a person is liable in a civil action brought by the registrant under 30-13-335 if the person:

(a) uses, without the consent of the registrant, any reproduction, counterfeit, copy, or colorable imitation of a mark registered under this part in connection with the sale, offering for sale, or advertising of any goods or services on or in connection with which the use is likely to cause confusion or mistake or to deceive as to the source of origin of the goods or services; or

(b) reproduces, counterfeits, copies, or colorably imitates any registered mark and applies the reproduction, counterfeit, copy, or colorable imitation to labels, signs, prints, packages, wrappers, receptacles, or advertisements intended to be used upon or in conjunction with the sale or other distribution in this state of the goods or services.

(2) However, the registrant is not entitled to recover under subsection (1)(b) any profits or damages unless the acts have been committed with knowledge that the mark is intended to be used to cause confusion or mistake or to deceive."

(C) otherwise be futile in terms of the survival of the infant; or

(iii) the provision of treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane. For purposes of this subsection (33), "infant" means an infant less than 1 year of age or an infant 1 year of age or older who has been continuously hospitalized since birth, who was born extremely prematurely, or who has a long-term disability. The reference to less than 1 year of age may not be construed to imply that treatment should be changed or discontinued when an infant reaches 1 year of age or to affect or limit any existing protections available under state laws regarding medical neglect of children 1 year of age or older.

(34) "Youth in need of care" means a youth who has been adjudicated or determined, after a hearing, to be or to have been abused, neglected, or abandoned."

Section 6. Section 41-3-438, MCA, is amended to read:

"41-3-438. Disposition — hearing — order. (1) Unless a petition is dismissed or unless otherwise stipulated by the parties pursuant to 41-3-434 or ordered by the court, a dispositional hearing must be held on every petition filed under this chapter within 20 days after an adjudicatory order has been entered under 41-3-437. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays, stipulation by the parties pursuant to 41-3-434, and unforeseen personal emergencies.

(2) (a) A dispositional order must be made after a dispositional hearing that is separate from the adjudicatory hearing under 41-3-437. The hearing process must be scheduled and structured so that dispositional issues are specifically addressed apart from adjudicatory issues. Hearsay evidence is admissible at the dispositional hearing.

(b) A dispositional hearing may follow an adjudicatory hearing in a bifurcated manner immediately after the adjudicatory phase of the proceedings if:

(i) all required reports are available and have been received by all parties or their attorneys at least 5 working days in advance of the hearing; and

(ii) the judge has an opportunity to review the reports after the adjudication.

(c) The dispositional hearing may be held prior to the entry of written findings required by 41-3-437.

(3) If a child is found to be a youth in need of care under 41-3-437, the court may enter its judgment, making any of the following dispositions to protect the welfare of the child:

(a) permit the child to remain with the child's custodial parent or guardian, subject to those conditions and limitations the court may prescribe;

(b) order the department to evaluate the noncustodial parent as a possible caretaker;

(c) order the temporary placement of the child with the noncustodial parent, superseding any existing custodial order, and keep the proceeding open pending completion by the custodial parent of any treatment plan ordered pursuant to 41-3-443;

(d) order the placement of the child with the noncustodial parent, superseding any existing custodial order, and dismiss the proceeding with no further obligation on the part of the department to provide services to the parent with whom the child is placed or to work toward reunification of the child with the parent or guardian from whom the child was removed in the initial proceeding;

(e) grant an order of limited emancipation to a child who is 16 years of age or older, as provided in ~~41-1-501~~ *[section 4]*;

(f) transfer temporary legal custody to any of the following:

(i) the department;

(ii) a licensed child-placing agency that is willing and able to assume responsibility for the education, care, and maintenance of the child and that is licensed or otherwise authorized by law to receive and provide care of the child; or

(iii) a nonparent relative or other individual who has been evaluated and recommended by the department or a licensed child-placing agency designated by the court and who is found by the court to be qualified to receive and care for the child;

(g) order a party to the action to do what is necessary to give effect to the final disposition, including undertaking medical and psychological evaluations, treatment, and counseling that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(h) order further care and treatment as the court considers in the best interests of the child that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for the proposed care and treatment. The department is the payor of last resort after all family, insurance, and other resources have been examined pursuant to 41-3-446.

(4) (a) If the court awards temporary legal custody of an abandoned child other than to the department or to a noncustodial parent, the court shall award temporary legal custody of the child to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, if:

(i) placement of the abandoned child with the extended family member is in the best interests of the child;

(ii) the extended family member requests that the child be placed with the family member; and

(iii) the extended family member is found by the court to be qualified to receive and care for the child.

(b) If more than one extended family member satisfies the requirements of subsection (4)(a), the court may award custody to the extended family member who can best meet the child's needs.

(c) If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member, the department shall investigate and determine if awarding custody to the family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department's custody recommendation, the court shall inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied temporary legal custody requests it to be included.

(5) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with permanency for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with a permanent plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If the court finds that reasonable efforts are not necessary pursuant to 41-3-442(1) or subsection (5) of this section, a permanency hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(7) If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child."

CHAPTER NO. 180

[SB 341]

AN ACT REVISING THE LAW RELATING TO THE RECOVERY FROM DEFENDANTS OF PROSECUTION COSTS; AMENDING SECTION 46-18-232, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings — cost of criminal proceedings. With respect to the cost of criminal proceedings, the legislature finds that:

(1) the vast majority of the cost of the criminal proceedings in the state is borne by the general taxpaying public;

(2) it is in the state's best interest to attempt to recover as much as possible of the cost of criminal proceedings from individuals who have been convicted of violating state laws;

(3) various courts in the state of Montana have recently held that certain reasonable fees imposed upon defendants in criminal proceedings in the state,

such as fees for general cost of prosecution, pretrial supervision, and community service supervision, were unlawful because there was no specific statutory authorization for the imposition of the costs on the defendant; and

(4) the costs of prosecution and supervision of criminal defendants is a shared responsibility of the state and the counties.

Section 2. Section 46-18-232, MCA, is amended to read:

"46-18-232. Payment of costs by defendant. (1) A court may require a convicted defendant in a felony or misdemeanor case to pay costs, as defined in 25-10-201, plus costs of jury service*, costs of prosecution, and the cost of pretrial, probation, or community service supervision* as a part of ~~his~~ *the defendant's* sentence. ~~Such~~ *The* costs*, in addition to those allowable under 25-10-201,* ~~shall~~ *must* be limited to expenses specifically incurred by the prosecution *or other agency* in connection with the proceedings against the defendant *or $100 per felony case or $50 per misdemeanor case, whichever is greater*.

(2) The court may not sentence a defendant to pay costs unless the defendant is or will be able to pay them. In determining the amount and method of payment of costs, the court shall take into account the financial resources of the defendant*, the future ability of the defendant to pay costs,* and the nature of the burden that payment of costs will impose.

(3) A defendant who has been sentenced to pay costs and who is not in default in the payment ~~thereof~~ may at any time petition the court that sentenced ~~him~~ *the defendant* for remission of the payment of costs or of any unpaid portion ~~thereof~~ *of the costs*. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or ~~his~~ *the defendant's* immediate family, the court may remit all or part of the amount due in costs or modify the method of payment."

CHAPTER NO. 181

[SB 395]

AN ACT CLARIFYING AMBIGUITIES IN THE BEER FRANCHISE LAW; REAFFIRMING THE CORE PURPOSES OF THE ALCOHOLIC BEVERAGE CODE IN RELATION TO THE TWENTY-FIRST AMENDMENT TO THE UNITED STATES CONSTITUTION; CLARIFYING THE NONWAIVER NATURE OF THE PROVISIONS OF THE BEER FRANCHISE LAW; CLARIFYING THAT JUST CAUSE REQUIRES THAT THE WHOLESALER FAILED TO COMPLY WITH THE REASONABLE CONTRACTUAL REQUIREMENTS OF THE BREWER; CLARIFYING THAT THE APPOINTMENT OF A WHOLESALER TO A BRAND IN AN EXCLUSIVE TERRITORY IS NOT AFFECTED BY A TRANSFER OF OWNERSHIP OF THE MANUFACTURER OF THAT BRAND; PROVIDING THAT THE BEER FRANCHISE LAW MUST BE LIBERALLY CONSTRUED; AMENDING SECTIONS 16-1-101, 16-3-221, AND 16-3-222, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-1-101, MCA, is amended to read:

"16-1-101. Citation — declaration of policy — subject matters of regulation. (1) Chapters 1 through 4 and 6 of this title may be cited as the "Montana Alcoholic Beverage Code".

(2) It is the policy of the state of Montana to effectuate and ensure the entire control of the manufacture, sale, importation, and distribution of alcoholic beverages within the state subject to the authority of the state acting through the department.

(3) This code is an exercise of the police power of the state for the protection of the welfare, health, peace, morals, and safety of the people of the state and of the state's power under the 21st amendment to the United States constitution to control the transportation and importation of alcoholic beverages into the state. *The overall purposes of this code under the 21st amendment to the United States constitution are to promote temperance, create orderly markets, and aid in the collection of taxes.* The provisions of this code must be broadly construed to accomplish these purposes."

Section 2. Section 16-3-221, MCA, is amended to read:

"16-3-221. Illegal acts by brewers or beer importers. *(1)* It is unlawful for any brewer or beer importer or any officer, agent, or representative of any brewer or beer importer to:

~~(1)~~*(a)* coerce, attempt to coerce, or persuade any person licensed to sell beer at wholesale to enter into any agreement or to take any action that would violate or tend to violate any of the laws of this state or any rules promulgated by the department;

~~(2)~~*(b)* sell its products in the state without a written contract, which conforms to the provisions of 16-3-221 through 16-3-226, with each appointed licensed wholesale distributor;

~~(3)~~*(c)* designate or allow more than one wholesale distributor to sell or distribute a specific brand of the brewer's or beer importer's products to retail licensees in the same area, provided that nothing in this part prohibits the brewer or beer importer from designating more than one wholesale distributor to sell or distribute different brands of the same manufacturer to retail licensees in the same area;

~~(4)~~*(d)* fix or maintain the price at which a wholesale distributor resells the brewer's or beer importer's products. Without limitation, it is a violation of this section if:

~~(a)~~*(i)* after a wholesale distributor has exceeded a resale price increase recommended by a brewer or beer importer, the brewer or beer importer raises the price that it charges the wholesale distributor for those products within 60 days;

~~(b)~~*(ii)* after a wholesale distributor has exceeded a resale price increase recommended by a brewer or beer importer, the brewer or beer importer raises the price that it charges the wholesale distributor in an amount proportionately larger than the amount that it raised the wholesale distributor's prices initially when compared to the increase in the resale price that it recommended to the wholesale distributor; or

~~(c)~~*(iii)* the brewer or beer importer links or ties its participation in promotional discounts to the wholesale distributor's compliance with any recommended resale price.

~~(5)~~*(e)* cancel, ~~or~~ terminate, *discontinue, or fail to renew,* except for just cause ~~or~~ *and* in accordance with the current terms and standards established by the brewer or beer importer then equally applicable to all wholesalers, any agreement or contract, written or oral, or the franchise of any wholesaler existing on January 1, 1974, or entered into after that date to sell beer manufactured by the brewer or imported by the beer importer. A brewer or beer importer may, notwithstanding the preceding sentence, make reasonable classifications among wholesalers. If a brewer or beer importer cancels or terminates a wholesaler's franchise, the brewer or beer importer has the burden of proving that the classification was reasonable and not arbitrary. ~~After July 1, 1974, the~~ *The* provisions of 16-3-221 through 16-3-226 must be a part of any franchise, contract, agreement, or understanding, whether written or oral, between any wholesaler of beer licensed to do business in this state and any manufacturer or beer importer doing business with the licensed wholesaler just as though the provisions had been specifically agreed upon between the wholesaler and the manufacturer or beer importer. *A wholesaler of beer licensed to conduct business in the state may not waive any of the protections or agree to any provision contrary to 16-3-221 through 16-3-226, by any conduct, including but not limited to the signing of any contract or agreement with terms contrary to those provisions.*

(2) (a) Just cause as used in subsection (1)(e) means that the wholesaler failed to comply with the reasonable requirements placed on the wholesaler by the brewer or beer importer as a part of any written franchise, contract, or agreement between the parties.

(b) The sale or purchase or other restructuring of the brewer or beer importer by a successor in the manufacturing tier of the beer industry does not constitute just cause as that term is used in subsection (1)(e).

(c) For the purposes of this subsection (2), a successor means a person or entity who replaces a brewer or beer importer with regard to the right to manufacture, sell, distribute, or import a brand or brands of beer regardless of the character or form of the succession. A successor is obligated to all of the terms and conditions of any franchise, contract, agreement, or understanding, whether written or oral, in effect on the date of succession. A successor has the right to contractually require its wholesalers to comply with operational standards of performance if the standards are uniformly established for all of the successor's wholesalers and conform to the requirements of this section."

Section 3. Section 16-3-222, MCA, is amended to read:

"16-3-222. Mandatory provisions of brewer-wholesaler or beer importer-wholesaler contracts, agreements, and franchises. All contracts, agreements, or franchises between a brewer and a wholesaler or a beer importer and a wholesaler must specifically set forth or contain the following:

(1) that the brewer or beer importer or any officer, agent, or representative of any brewer or beer importer and the wholesaler involved mutually shall determine the size or extent of the area in which the wholesaler may sell or distribute the products of the brewer or beer importer to the retail licensees. The territory must be the territory agreed upon between the wholesaler and brewer or the wholesaler and beer importer and may not be changed without the mutual consent of both the wholesaler and brewer or the wholesaler and beer importer.

(2) the agreed-upon brands of the brewer or beer importer to be sold by the wholesaler;

(3) that the brewer or beer importer recognizes that the wholesaler is free to manage the wholesaler's business in the manner that the wholesaler considers best and that this prerogative vests in the wholesaler the exclusive right to establish selling prices, to select the brands that the wholesaler wishes to handle, and to determine the effort and resources that the wholesaler will exert to develop and promote the sale of the brewer's or beer importer's products handled by the wholesaler;

(4) a procedure for the review of alleged wholesaler deficiencies *asserted by the brewer or beer importer to constitute just cause as provided in 16-3-221*, including the submission in writing to the wholesaler by the brewer or beer importer of the deficiencies, if the deficiencies are susceptible of correction and if the wholesaler desires to correct the deficiencies, and that a reasonable period of time must be given the wholesaler for rectification of the deficiencies prior to any notice of intent to terminate;

(5) a termination clause providing that the brewer or beer importer shall deliver, in writing, to the wholesaler a 60-day notice of intent to terminate the agreement, contract, or franchise;

(6) that all agreements between a brewer and a wholesaler are interpreted and governed by the laws of Montana *and that those laws must be liberally construed to effectuate the remedial purpose of the protections of the beer franchise law contained in 16-3-221 through 16-3-226*;

(7) that in any dispute resulting in litigation between a brewer or a beer importer and a wholesaler, the litigation must occur in a Montana court, either federal or state, unless that forum would create an unreasonable burden on any party, as determined by the court in which the litigation is commenced;

(8) that all agreements between a brewer or a beer importer and a wholesaler must recognize the constitutional right to a jury trial as set forth in Article II, section 26, of the Montana constitution."

Section 4. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 1. Section 17-4-105, MCA, is amended to read:

"17-4-105. Authority to collect debt — offsets. (1) Once a debt of an agency has been transferred to the department, the department may collect it. The department may contract with commercial collection agents for recovery of debts owed to agencies.

(2) The department shall, when appropriate, offset any amount due an agency from a person or entity against any amount, including refunds of taxes, owing the person or entity by an agency. The department may not exercise this right of offset until the debtor has first been notified by the department and been given an opportunity for a hearing pursuant to 15-1-211. An offset may not be made against any amount paid out as child support collected by the department of public health and human services. The department shall deduct from the claim and draw warrants for the amounts offset in favor of the respective agencies to which the debt is due and for any balance in favor of the claimant. Whenever insufficient to offset all amounts due the agencies, the amount available must be applied first to debts owed by reason of the nonpayment of child support and then in the manner determined appropriate by the department.

(3) (a) The department may enter into an agreement with the federal government to offset against tax refunds payable by the federal government and pay to ~~this~~ *the* state ~~those~~ *any* taxes or other debts owed to an agency of ~~this~~ *the* state.

(b) (i) The department may enter into an agreement with another state or an agency of another state to offset against tax refunds payable by the other state or agency of the other state and pay to this state ~~those~~ *any* taxes or other debts owed to this state or an agency of this state.

(ii) To facilitate an agreement of the kind authorized by subsection (3)(b)(i), the department may enter into an agreement that allows the other state or agency of the other state to offset against tax refunds payable by this state the whole or part of an amount owed for taxes to the other state or agency of the other state. However, the department may enter into an agreement of the type authorized by this subsection (3)(b)(ii) only if the other state or agency of the other state allows this state or an agency of this state to offset against tax refunds owed by the other state or agency of the other state *any* taxes or other debts owed to this state or an agency of this state.

(c) A state or agency of another state entering into an agreement with the department pursuant to subsection (3)(b)(ii) may not exercise the offset against tax refunds unless the other state or agency of the other state has notified the taxpayer of the taxes due and has given the taxpayer an opportunity for review or appeal of the tax debt. Another state or agency of another state intending to offset taxes shall provide the department with proof of notification and opportunity for review or appeal before the offset is exercised.

(4) (a) A debt owed to the department of public health and human services or being collected by the department of public health and human services on behalf of any person or agency may be offset by the department if the debt is being

enforced or collected by the department of public health and human services under Title IV-D of the Social Security Act.

(b) The debt *does not* need ~~not~~ *to* be determined to be uncollectible as provided for in 17-4-104 before being transferred to the department for offset. The debt must have accrued through written contract, court judgment, ~~or~~ administrative order*, or a distribution the recipient was not entitled to retain as described in 40-5-910*.

(c) Within 30 days following the notification provided for in subsection (2), the person owing a debt described in subsection (4)(a) may request a hearing. The request must be in writing and be mailed to the department. The person owing a debt is not entitled to a hearing if the amount of the debt has been the subject matter of any proceeding conducted for the purpose of determining the validity of the debt and a decision made as a result of that proceeding has become final. The hearing must initially be conducted by teleconferencing methods and is subject to the provisions of the Montana Administrative Procedure Act. The department of public health and human services shall adopt rules governing the hearing procedures.

(5) If the department determines that a person or entity has refused or neglected to file a claim within a reasonable time, the head of the state agency owing the amount shall file the claim on behalf of the person or entity. If the claim is approved by the department, the claim has the same force and effect as ~~though~~ *if it were* filed by the person or entity. The amount due any person or entity from the state or any agency of the state is the net amount otherwise owing the person or entity after any offset, as provided in this section.

(6) A debt owed to a state agency by a local government may not be offset against a payment due to a local government pursuant to 15-1-121."

Section 2. Section 40-5-225, MCA, is amended to read:

"40-5-225. Notice of financial responsibility — temporary and final support obligations — administrative procedure. (1) In the absence of an existing support order, when the requirements of this section are met, the department may enter an order requiring a child's parent or parents to pay an amount each month for the support of the child. An order issued under this section must include a medical support order as required by 40-5-208.

(2) ~~An~~ *The department shall begin an* action to establish a support order ~~must be commenced~~ by serving a notice of financial responsibility on the parent or parents. The notice must include a statement:

(a) of the names of the child, the obligee, and, if different than the obligee, the child's guardian or caretaker relative;

(b) of the dollar amount of the support obligation to be paid each month for the child, if any;

(c) that the monthly support obligation, if any, is effective on the date of service of the notice, unless an objection is made and a hearing is requested, and may be collected during the proceeding that establishes the support obligation by any remedy available to the department for the enforcement of child support obligations;

(d) that in addition to or independent of child support, the parent or parents may be ordered to provide for the child's medical support needs;

(e) that any party may request a hearing to contest the amount of child support shown in the notice or to contest the establishment of a medical support order;

(f) that if a party does not ~~timely~~ file a request for *a* hearing *in a timely manner*, support, including medical support, will be ordered as declared in the notice or in accordance with the child support guidelines adopted under 40-5-209;

(g) that if a party does request a hearing, the other parties may refuse to participate in the proceedings and that the child support and medical support order will be determined using the information available to the department or provided at the hearing;

(h) that a party's refusal to participate is ~~a consent~~ *equivalent to consenting* to entry of a child support and medical support order consistent with the department's determination; and

(i) that the parties are entitled to a fair hearing under 40-5-226.

(3) *(a)* ~~If~~ *The department may enter an order requiring a child's parent or parents to pay an amount each month for the temporary support of the child pending entry of a support order by the district court if:*

(i) a support action is pending in district court and a temporary or permanent support obligation has not been ordered*;* or

(ii) ~~if~~ a paternity action is pending and there is clear and convincing evidence of paternity based on paternity blood tests or other evidence~~, the department may enter an order requiring a child's parent or parents to pay an amount each month for the temporary support of the child pending entry of a support order by the district court~~.

(b) The temporary support order must include a medical support order as required by 40-5-208.

(c) A temporary support order may be modified by the department as provided in 40-5-272, 40-5-273, 40-5-277, and 40-5-278 but remains a temporary support order subject to the provisions of this section.

(4) ~~An~~ *The department shall begin an* action to establish a temporary support order ~~must be commenced~~ by serving a notice of temporary support obligation on the parent or parents. In addition to the statements required in subsection (2), the notice must include a statement that:

(a) a party may request a hearing to show that a temporary support obligation is inappropriate under the circumstances; and

(b) the temporary support order will terminate upon the entry of a final support order or an order of nonpaternity. If the final order is retroactive, any amount paid for a particular period under the temporary support order must be credited against the amounts due under the final order for the same period, but excess amounts may not be refunded. If an order of nonpaternity is issued or if the final support order states that periodic support obligation is not proper, the obligee shall refund to the obligor any improper amounts paid under the temporary support order, plus any costs that the obligor incurs in recovering the amount to be refunded.

(5) (a) If a temporary support order is entered or if proceedings are commenced under this section for a married obligor, the department shall vacate any support order or dismiss any proceeding under this part if it finds that the parties to the marriage have:

(i) reconciled without the marriage having been dissolved;

(ii) made joint application to the department to vacate the order or dismiss the proceeding; and

(iii) provided proof that the marriage has been resumed.

(b) The department may not vacate a support order or dismiss a proceeding under this subsection (5) if it determines that the rights of a third person or the child are affected. The department may issue a new notice of temporary support obligation under this section if the parties subsequently separate.

(6) A notice of financial responsibility and the notice of temporary support obligation may be served either by certified mail or in the manner prescribed for the service of a summons in a civil action in accordance with the Montana Rules of Civil Procedure.

(7) If prior to service of a notice under this section the department has sufficient financial information, the department's allegation of the obligor's monthly support responsibility, whether temporary or final, must be based on the child support guidelines established under 40-5-214. If the information is unknown to the department, the allegations of the parent's or parents' monthly support responsibility must be based on the greater of:

(a) the maximum amount of public assistance that could be payable to the child under Title 53 if the child was otherwise eligible for assistance; or

(b) the child's actual need as alleged by the custodial parent, guardian, or caretaker of the child.

(8) (a) A party who objects to a notice of financial responsibility or notice of temporary support obligation may file a written request for a hearing with the department:

(i) within 20 days from the date of service of a notice of financial responsibility; and

(ii) within 10 days from the date of service of a notice of temporary support obligation.

(b) If the department receives a timely request for a hearing, it shall conduct one under 40-5-226.

(c) If the department does not receive a timely request for a hearing, it shall order the parent or parents to pay child support, if any, and to provide for the child's medical needs as stated in the notice. The child support obligation must be the amount stated in the notice or determined in accordance with the child support guidelines adopted under 40-5-209.

(9) If the department is unable to enter an obligation in accordance with the child support guidelines because of default of a party, the department may, upon notice to the parties to the original order, substitute a support order made in accordance with the guidelines for the defaulted order.

(10) After establishment of an order under this section, the department may initiate a subsequent action on the original order to establish a child support or medical support obligation for another child of the same parents.

(11) A child support and medical support order under subsection (1) is effective as of the date of service of a notice of financial responsibility on the parent or parents and may be collected by any remedy available to the department for the enforcement of child support obligations. A final order is retroactive to the date of service of the notice of financial responsibility as provided in this subsection, except that the final order may also determine child support for a prior period as provided in 40-5-226(3).

(12) A child support and medical support order under subsection (1) continues until the child reaches 18 years of age or until the child's graduation

from high school, whichever occurs later, but not later than the child's 19th birthday~~,~~ unless the child is ~~sooner~~ emancipated by court order *at an earlier time*. A temporary support obligation established under subsection (3) continues until terminated as provided in subsection (5) or until the temporary *support* order is superseded by a final order, judgment, or decree."

(1) For purposes of this section, "support" means child support; spousal support; health insurance, medical, dental, and optical payments; day-care expenses; and any other payments due as support under a court or administrative order. (iv) for a restaurant located in a quota area with a population of 60,001 persons or more, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than 80% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105; and

(b) In determining the number of restaurant beer and wine licenses that may be issued under this subsection (8) based on the percentage amounts described in subsections (8)(a)(i) through (8)(a)(v), the department shall round to the nearer whole number.

(c) If the department has issued the number of restaurant beer and wine licenses authorized for a quota area under subsection (8)(a)(i), there must be a one-time adjustment of four additional licenses for that quota area.

(c) The department shall numerically rank all applicants in the lottery. Only the successful applicants will be required to submit a completed application and a one-time required fee. An applicant's ranking may not be sold or transferred to another person or entity. The preference and an applicant's ranking apply only to the intended license advertised by the department or to the number of licenses determined under subsection (8) when there are more applicants than licenses available. The applicant's qualifications for any other restaurant beer and wine license awarded by lottery must be determined at the time of the lottery.

(d) If a successful lottery applicant does not use a license within 1 year of notification by the department of license eligibility, the applicant shall forfeit the license. The department shall refund any fees paid except the application fee and offer the license to the next eligible ranked applicant in the lottery.

(10) Under a restaurant beer and wine license, beer and wine may not be sold for off-premises consumption.

(11) An application for a restaurant beer and wine license must be accompanied by a fee equal to 20% of the initial licensing fee. If the department does not make a decision either granting or denying the license within 4 months of receipt of a complete application, the department shall pay interest on the application fee at the rate of 1% a month until a license is issued or the application is denied. Interest may not accrue during any period that the processing of an application is delayed by reason of a protest filed pursuant to 16-4-203 or 16-4-207. If the department denies an application, the application fee, plus any interest, less a processing fee established by rule, must be refunded to the applicant. Upon the issuance of a license, the licensee shall pay the balance of the initial licensing fee. The amount of the initial licensing fee is determined according to the following schedule:

(a) $5,000 for restaurants with a stated seating capacity of 60 persons or less;

(b) $10,000 for restaurants with a stated seating capacity of 61 to 100 persons; or

(12) The annual fee for a restaurant beer and wine license is $400.

(13) If a restaurant licensed under this part increases the stated seating capacity of the licensed restaurant or if the department determines that a licensee has increased the stated seating capacity of the licensed restaurant, then the licensee shall pay to the department the difference between the fees paid at the time of filing the original application and issuance of a license and the applicable fees for the additional seating.

(14) The number of beer and wine licenses issued to restaurants with a stated seating capacity of 101 persons or more may not exceed 25% of the total licenses issued.

(15) Possession of a restaurant beer and wine license is not a qualification for licensure of any gaming or gambling activity. A gaming or gambling activity may not occur on the premises of a restaurant with a restaurant beer and wine license."

The additional criteria may include criteria determined to be necessary by the insurance company and designed to ensure that the automobile body repair business or location has the necessary estimating systems and programs and equipment to communicate electronically with the insurance company and that the automobile body repair business or location has taken steps to ensure the privacy of the insurance company and the claimant.

(d) If the claimant requests the list provided for in subsection (2)(c), the insurance company shall inform the claimant that the claimant may use an automobile body repair business or location at the sole discretion of the claimant.

(4) The claimant may use an automobile body repair business or location at the claimant's sole discretion, and the insurance company shall pay for the reasonable and necessary cost of the automobile body repair services for covered damages, less any deductible under the terms of the policy. This section does not require an insurer to pay more for automobile body repair services than the ~~lowest prevailing~~ market price, as defined in 33-18-222.

The commissioner may, after notice and hearing, disapprove any proposed change, alteration, or amendment to the business plan. The commissioner may make reasonable rules exempting from the filing requirements of this subsection those items he considers unnecessary.

(5) An applicant or a health maintenance organization holding a certificate of authority shall file with the commissioner all contracts of reinsurance and any modifications ~~thereto~~ *to the contracts*. An agreement between a health maintenance organization and an insurer is subject to Title 33, chapter 2, part 12. A reinsurance agreement must remain in full force and effect for at least 90 days following written notice of cancellation by either party by certified mail to the commissioner.

(6) Each health maintenance organization shall maintain, at its administrative office, and make available to the commissioner upon request executed copies of all provider contracts.

(7) The commissioner may make reasonable rules exempting an insurer or health service corporation operating a health maintenance organization as a plan from the filing requirements of this section if information requested in the application has been submitted to the commissioner under other laws and rules administered by the commissioner.

CHAPTER NO. 201

[HB 190]

AN ACT REVISING LAWS RELATED TO ACCESS TO STATE WATERS FROM COUNTY ROADS AND BRIDGES; PROVIDING THAT A FENCE ATTACHED TO OR ABUTTING A COUNTY ROAD BRIDGE IS NOT CONSIDERED AN ENCROACHMENT UNDER CERTAIN CIRCUMSTANCES; PROVIDING FOR PUBLIC ACCESS TO SURFACE WATERS FOR RECREATIONAL USE FROM A COUNTY ROAD RIGHT-OF-WAY AND FROM A COUNTY BRIDGE, ITS RIGHT-OF-WAY, AND ITS ABUTMENTS; PROVIDING FOR PUBLIC PASSAGE TO SURFACE WATERS THROUGH COUNTY ROAD AND BRIDGE RIGHTS-OF-WAY WHILE MAINTAINING LIVESTOCK CONTROL OR PROPERTY MANAGEMENT; REQUIRING THE DEPARTMENT OF FISH, WILDLIFE, AND PARKS TO NEGOTIATE WITH AFFECTED LANDOWNERS TO PROVIDE METHODS TO ENSURE PUBLIC PASSAGE TO SURFACE WATERS FOR RECREATIONAL PURPOSES WHILE MAINTAINING LIVESTOCK CONTROL OR PROPERTY MANAGEMENT; PROVIDING FOR PAYMENT OF THE COSTS OF ANY FENCE MODIFICATION NECESSARY TO PROVIDE FOR PUBLIC PASSAGE; AMENDING SECTION 7-14-2134, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Legislature finds that significant controversy has existed related to public access to streams and rivers from county road and bridge rights-of-way; and

WHEREAS, a Montana Attorney General's Opinion in 2000 (48 A.G. Op. 13) held that the use of a county road right-of-way to gain access to streams and rivers is consistent with and reasonably incidental to the public's right to travel on county roads and that the public may gain access to streams and rivers by using the bridge, its right-of-way, and its abutments; and

WHEREAS, during the 2007-08 interim a group of stakeholders met to address the controversy and agreed in principle that a legislative solution was preferable and that past legislative attempts may have failed because they were overly complex; and

WHEREAS, the stakeholders also agreed in principle that any proposed legislation needed to provide:

(1) that a fence in a county road right-of-way abutting a bridge should not be considered an encroachment;

(2) that the public may access streams and rivers from a county road or bridge right-of-way, but that the public must stay in the right-of-way to gain access;

(3) that the legislation neither create any right nor extinguish any right related to county roads established by prescriptive use that exist at the time of passage;

(4) a process to define the physical characteristics of a fence used for public access in county road and bridge rights-of-way; and

(5) an approach with broad scope rather than an attempt to resolve a myriad of possible contingencies; and

WHEREAS, the stakeholders determined that each of these provisions was integral to the others and that if any section of the proposed legislation containing the agreed-upon principles was removed, the entire legislation should be void.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-14-2134, MCA, is amended to read:

"7-14-2134. Removal of highway encroachment. (1) ~~If~~ *Except as provided in subsection (4) and as clarified in [sections 2 and 3], if* any highway is encroached upon by fence, building, or otherwise, the road supervisor or county surveyor of the district must give notice, orally or in writing, requiring the encroachment to be removed from the highway.

(2) If the encroachment obstructs and prevents the use of the highway for vehicles, the road supervisor or county surveyor ~~must~~ *shall* immediately remove the ~~same~~ *encroachment*.

(3) The board of county commissioners may at any time order the road supervisor or county surveyor to immediately remove any encroachment.

(4) This section does not apply to a fence for livestock control or property management that is in a county road right-of-way and that is attached to or abuts a county road bridge edge, guardrail, or abutment if the fence and bridge appurtenances are not on the roadway, as defined in 61-1-101. Any fence described in this subsection must comply with [section 3]."

Section 2. Access to surface waters by public bridge or county road right-of-way. (1) A person may gain access to surface waters for recreational use by using:

(a) a public bridge, its right-of-way, and its abutments; and

(b) a county road right-of-way.

(2) When accessing surface waters pursuant to subsection (1), a person shall stay within the road or bridge right-of-way. Absent definition in an easement or deed to the contrary, the width of a bridge right-of-way is the same width as the right-of-way of the road to which the bridge is attached.

(3) The provisions in [sections 1 and 3] and this section related to public access to surface waters for recreational use neither create nor extinguish any right related to county roads established by prescriptive use that exist on [the effective date of this act].

(4) For purposes of determining liability, a person accessing surface waters for recreational use pursuant to this section is owed no duty by a landowner or an agent or tenant of that landowner other than for an act or omission that constitutes willful or wanton misconduct.

Section 3. Fencing for livestock control and public passage — negotiation — costs. (1) At county road bridges for which public access is authorized pursuant to [section 2], each fence attached to or abutting a county road bridge edge, guardrail, or abutment for livestock control or for property management pursuant to 7-14-2134(4) must provide for public passage to surface waters for recreational use pursuant to this section.

(2) (a) If a dispute arises regarding public passage pursuant to subsection (1), the department, pursuant to the department's policy in 87-1-229 to work with private land managers to resolve and reduce user conflicts, shall negotiate with the affected landowner regarding the characteristics of an access feature of a legal fence for public passage and livestock control or property management. Examples of an access feature of a legal fence that provides public passage and livestock control or property management may include:

(i) a stile;

(ii) a gate;

(iii) a roller;

(iv) a walkover;

(v) a wooden rail fence that provides for passage; or

(vi) any other method designed for public passage and livestock control or property management.

(b) One access feature, as described in subsection (2)(a), on each side of the stream is sufficient. When practicable, one access feature must be located on the downstream bridge edge, guardrail, or abutment. The department may waive these provisions when one access feature is sufficient.

(c) If the landowner and the department cannot reach agreement within 60 days after the department's initial contact with the landowner for negotiation, the department shall provide the landowner with options for methods to provide public passage while controlling livestock or managing property. If the landowner does not choose one of the method options within 30 days after the options are offered, the department shall choose and then may install one of the method options.

(3) The department, in cooperation with other interested parties, shall provide the materials, installation, and maintenance of any fence modifications necessary to provide public passage as required by this section.

Section 4. Codification instruction. [Sections 2 and 3] are intended to be codified as an integral part of Title 23, chapter 2, part 3, and the provisions of Title 23, chapter 2, part 3, apply to [sections 2 and 3].

Section 5. Nonseverability. It is the intent of the legislature that each part of [this act] is essentially dependent upon every other part, and if one part is held unconstitutional or invalid, all other parts are invalid.

Section 6. Effective date. [This act] is effective on passage and approval.

Subject to the terms and conditions of Article IV of this Compact, the Tribe may divert or permit the diversion of the water right set forth in Article III.G.1 from any point within the Reservation for use within the Reservation and by any means authorized by the Tribal Water Code and, if necessary, federal law, or permit the diversion of the water right set forth in Article III.G.1 from a point off the Reservation pursuant to a Lease under Article IV.D.2.

5. Purposes. The water right set forth in Article III.G.1 may be used for any purpose consistent with the terms of this Compact and allowed by Tribal or federal law.

6. Call Protection. All Water Rights Arising Under State Law within Basin 40T shall be protected from any Call from any user of the Tribal Water Right, except for Calls for stored water or water diverted from another hydrologic basin.

As part of the Tribal Water Right, the Tribe shall be entitled to an allocation of stored water in Lake Elwell as agreed to by the Parties and as provided by Congress, measured at the dam, for use or disposition by the Tribe for any beneficial purpose, pursuant to the terms of this Compact; provided that such allocation shall be in accordance with the terms and conditions of any Act of Congress ratifying this Compact. Except as directed by Congress, the United States shall have no responsibility or obligation to provide any facility for the transport of water allocated under Article III.H.1 to the Reservation or to any other location.

2. Appurtenant Water Rights. For land within the Reservation acquired after the Effective Date of this Compact, the Tribe has the right to any Water Right Arising Under State Law acquired as an appurtenance to the land. At such time as the acquired land is transferred to trust status, the water right appurtenant to the land acquired shall be added to the Tribal Water Right quantified in this Compact with an October 17, 1855 priority date, provided that the Tribe shall continue to use the acquired right as historically used or may change the use of the right pursuant to the provisions set forth in Article IV.D. The Tribe shall notify DNRC of any acquisition of water upon acquisition or no later than in the Tribe's annual report and shall identify the water right acquired, as set forth in Article IV.I.5. Any water right acquired shall be added as decreed by the Montana Water Court to the list of Existing Uses of the Tribal Water Right as provided in Article IV.I.3 of this Compact.

3. Water Rights Arising Under State Law - Relinquishment or Abandonment. Any portion of a Water Right Arising Under State Law within the Reservation that is voluntarily relinquished or is determined under State law to be abandoned, relinquished, or having otherwise ceased to exist, shall be stricken from the relevant basin decree as a Water Right Arising Under State Law and be entitled to no further protection as such a right pursuant to this Compact.

4. Lakes, Ponds and Wetlands. As part of the Tribal Water Right, the Tribe, its members and Allottees have the right to all water naturally occurring in all lakes, ponds, wetlands and other such water bodies located within the Reservation on trust lands and fee lands owned by the Tribe, its members or Allottees as of the Effective Date of this Compact.

5. Emergency Use. The Tribe has the right to use or authorize the use of water from any source on the Reservation for temporary emergency appropriations necessary to protect lives or property.

I. Use of the Tribal Water Right on the Blackfeet Irrigation Project. 1. In those portions of Basins 40F, 40T, 41L and 41M within the Reservation, and from the mainstems of the Reservation boundary streams (Birch Creek, Cut Bank Creek, and the Two Medicine River), DNRC shall not process or grant any application for an appropriation received after the ratification of this Compact by the Montana legislature becomes effective. Provided that, in accordance with the terms and conditions of Article IV.G.1, DNRC may issue a certificate of water right or permit for use on fee land for Excepted Rights from the sources otherwise closed by this subsection. Provided further that, after such time as the Tribe promulgates an amended water code

pursuant to the provisions of Article IV.C, DNRC shall not issue a certificate of water right or permit for use on fee land within the Reservation for Excepted Rights from the sources otherwise closed by this subsection.

2. The basin closures set forth in Article III.J.1 are not a limit on use of the Tribal Water Right as set forth in this Compact.

3. The basin closures set forth in Article III.J.1 are not a limit on Change in Use or transfers of Water Rights Arising Under State Law, subject to the terms and conditions in Article IV.G.2.

K. Proposed Decree. For purposes of entry in the Montana Water Court, the proposed decree of the Tribal Water Right set forth in Article III of this Compact is attached as Appendix 5. If there are differences between Appendix 5 and the Final Decree, the Final Decree shall control.

ARTICLE IV - IMPLEMENTATION OF COMPACT

A. Trust Status of Tribal Water Right. The Tribal Water Right shall be held in trust by the United States for the benefit of the Tribe, its members and Allottees.

B. Use of Tribal Water Right.

1. Persons Entitled to Use Tribal Water Right. The Tribal Water Right may be used by the Tribe, and/or Persons authorized by the Tribe.

2. Effect of Non-Use of the Tribal Water Right. Non-use of all or any portion of the Tribal Water Right described in Article III shall not constitute a relinquishment, forfeiture, or abandonment of such rights.

C. Tribal Water Right: Administration.

1. Except as otherwise provided in this Compact, the use of the Tribal Water Right shall be administered by the Tribe, and the Tribe has the final and exclusive jurisdiction to resolve all disputes between or among users of the Tribal Water Right. The Tribal Water Right shall be administered and enforced pursuant to an amended tribal water code. The amended code shall be developed and adopted by the Tribe, following public comment, within one year of the Effective Date of this Compact. The code and any subsequent amendments thereto will not take effect until the Secretary has timely approved the code or any subsequent amendment thereto. The amended tribal water code shall include:

a. a process by which any Allottee may request and be provided with an equitable distribution of water for irrigation use on the Allottee's trust allotment;

b. a process for notice and a right to be heard for the consideration and determination of any request by an Allottee for an equitable distribution of water for irrigation use on the Allottee's trust allotment, including a process for formal review of denied or disputed distributions and for resolution of contested administrative decisions;

c. a process by which any Person within the Reservation may apply for use of a portion of the Tribal Water Right, including for their historic use of water;

d. a process by which any Person shall receive authorization for an Excepted Right, without pre-development review, including a Ground Water use, a Stock Water impoundment or pit, or an emergency use to protect lives or property, consistent with standards no more restrictive than those under State law for uses excepted from permitting requirements.

e. a process by which determination of Harm shall be made, which shall include notice to potentially affected water users and the DNRC, due process, a written determination and the basis therefor, and full access to all information on which the determination is based.

f. a process for protecting Ground Water from New Developments in areas where Ground Water may be inadequate due to either quantity or quality.

2. Administration and delivery of the Tribal Water Right within the Blackfeet Irrigation Project shall be conducted by the United States Department of the Interior, Bureau of Indian Affairs (BIA), in accordance with applicable federal laws. In the event the Tribe assumes ownership of the Blackfeet Irrigation Project or the Tribe contracts the administration, operation and maintenance, and/or other functions of the Blackfeet Irrigation Project under the Indian Self-Determination and Education Assistance Act, P.L. 93-638, or the Tribe establishes a separate entity that assumes ownership of the Blackfeet Irrigation Project or contracts the administration, operation and maintenance, and/or other functions of the Blackfeet Irrigation Project under P.L. 93-638, administration and delivery of the Tribal Water Right within the Blackfeet Irrigation Project shall be conducted by the Tribe in accordance with applicable federal laws.

3. After approval by the Secretary of the Tribe's amended water code, the Tribe shall have sole and exclusive jurisdiction to issue authorizations for Excepted Rights, provided that any filing for use of a portion of the Tribal Water Right for an Excepted Right made with the DNRC shall be made on a form provided by the Tribe and, including any fee submitted in conjunction with the filing, shall be promptly forwarded to the BWRD for processing pursuant to the Tribal water code.

D. Tribal Water Right: New Development or Change in Use.

1. Authorization. Except as specifically set forth in Article IV.D.3, and subject to the conditions set forth immediately below, the Tribe may make or authorize a New Development or Change in Use of the Tribal Water Right. Except as set forth in the tribal water code pursuant to Article IV.C.1.e, any New Development or Change in Use shall not Harm any Water Right Arising Under State Law for Non-irrigation Uses.

2. Lease.

a. The Tribe may make a Lease for use off the Reservation of the following portion of the Tribal Water Right that has been put to use and/or stored prior to the provision of notice to the DNRC, pursuant to Article IV.D.2.b, or the date of the application for Change in Use, as applicable:

i. Water developed by Direct Use from Birch Creek pursuant to Article III.C.1.c, the Badger Creek Drainage and/or Two Medicine River Drainage pursuant to Article III.D.1, and/or the St. Mary River Drainage pursuant to Article III.G.1;

ii. Water stored from the Badger Creek Drainage and/or Two Medicine River Drainage pursuant to Article III.D.1; from the Cut Bank Creek Drainage pursuant to Article III.E.1; from the Milk River Drainage pursuant to Article III.F.1; from the St. Mary River Drainage pursuant to Article III.G.1; and/or in Tiber Reservoir as allocated to the Tribe pursuant to Article III.H.1 or otherwise and federal law; and

iii. That portion of the Tribal Water Right quantified in Article III.C.1.b.i that the Tribe may use for purposes other than in-stream flow pursuant to the terms of that subsection.

b. The Tribe may make a Lease for use off the Reservation from the storage sources listed in Article IV.D.2.a.ii and from the source identified in Article IV.D.2.a.iii so long as it provides notice in advance to the DNRC of the terms of the Lease and any modifications thereto or termination thereof. For Leases from the sources identified in Article IV.D.2.a.ii lasting one irrigation season or less, notice to the DNRC shall be provided as far in advance as practicable. For Leases from the sources identified in Article IV.D.2.a.ii lasting longer then one year, notice shall be provided to the DNRC no later than the later of 120 days prior to the date on which the Lease is to take effect or March 31 of the year in which the Lease is to take effect. Provision of notice regarding Leases from the source identified in Article IV.D.2.a.iii shall be governed by the provisions of the Birch Creek Management Plan (Appendix 1). The point of delivery for a lease from the storage sources listed in Article IV.D.2.a.ii shall be the dam of the storage project. The point of delivery for leases from the source identified in Article IV.D.2.a.iii shall be the Reservation boundary. If disputes arise between or among holders of Water Rights Arising Under State Law as to the reasonable transmission and carriage losses from the point of delivery to the place of use of the Lease, the district court pursuant to its powers and duties under Title 85, Chapter 5, MCA, shall calculate such losses.

c. The Tribe may make a Lease for use off the Reservation from the sources listed in Article IV.D.2.a.i provided that either the Tribe or its assignee, on behalf of the Tribe, first complies with the following provisions of State law as those provisions read on October 31, 2007:

i. Subsections (1)-(3), (5)(a) (with the exception of that portion of subsection (5)(a) that requires the application of 85-2-402(4), which shall not apply) and of 85-2-402(8) through (17), MCA;

ii. Subsections (1) through (8) of 85-2-407, MCA, provided, however, that the term of any such Lease may be for up to 99 years, and the DNRC may approve the renewal of such a Lease for a period of up to 99 years; and

iii. 85-2-408, MCA.

If the assignee is the party submitting the change application (pursuant to 85-2-402 and 85-2-407, MCA) on behalf of the Tribe, the assignee must first have obtained approval of the Lease from the Tribe pursuant to the Tribal Water Code.

d. In the event that, after the Effective Date of this Compact, the Montana legislature substantively amends or repeals any of the sections identified in Article IV.D.2.c, the Tribe and the DNRC shall meet no later than 60 days after the effective date of the State legislative action amending or repealing to determine whether the provisions set forth in Article IV.D.2.c or the new provisions of State law shall govern the process for off-

Reservation Leases under this Compact. In the event that the Tribe and the DNRC are unable to agree, the provisions of Article IV.D.2.c shall remain in effect. Any modification to the provisions of Article IV.D.2.c agreed to by the Tribe and the DNRC in response to future State legislative action shall be pursuant to and not a modification or amendment to this Compact.

e. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in Birch Creek pursuant to Article III.C.1.c to an off-Reservation point of diversion or place of use, or in the Badger Creek Drainage set forth in Article III.D.1 to an off-Reservation point of diversion or place of use, and if delivery facilities exist to otherwise allow the diversion of Badger Creek water into Birch Creek, the Tribe shall allow holders of Water

Rights Arising Under State Law using water out of Birch Creek the first opportunity to acquire use of such rights on the same terms and conditions as the good faith offer.

f. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in the Cut Bank Creek Drainage set forth in Article III.E.1 to an off-Reservation point of diversion or place of use, the Tribe shall allow holders of Water Rights Arising Under State Law using water from the Cut Bank Creek Drainage the first opportunity to acquire use of such rights on the same terms and conditions as the good faith offer.

g. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in the Milk River Drainage set forth in Article III.F.1 to an off-Reservation point of diversion or place of use, the Tribe shall allow holders of Water Rights Arising Under State Law using water from the Milk River Drainage the first opportunity to acquire use of such rights on the same terms and conditions as the good faith offer.

h. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in the St. Mary River set forth in Article III.G to an off-Reservation point of diversion or place of use, the Tribe shall allow water users receiving water from the Milk River Project the first opportunity, and other Milk River water users the second opportunity, to acquire use of such rights on the same terms and conditions as the good faith offer.

i. Except as may be provided by Congress, the off-Reservation use of any portion of the Tribal Water Right set forth in Article III.C.1.b, III.D.1, III.E.1 or III.F.1 is limited to a place of use within the Missouri River Basin.

j. No Lease of any portion of the Tribal Water Right may permanently alienate the water right.

k. The Tribe or any Person using diversion or transportation facilities located off the Reservation in connection with a use of the Tribal Water Right shall apply for and obtain all permits, certificates, variances and other authorizations required by State laws regulating, conditioning or permitting the siting, construction, operation, alteration or use of any equipment, device, facility or associated facility proposed to use or transport water, prior to exercising a use of the Tribal Water Right off the Reservation.

3. Special Rules for Changes in Use of the Birch Creek Water Right Set Forth in Article III.C.1.a.

a. Change in Place of Use. The Tribe may change or authorize a change in the place of use of the water right set forth in Article III.C.1.a only if:

i. the proposed change in place of use is to the Badger-Fisher Unit of the Blackfeet Irrigation Project, or to other areas of the Birch Creek Drainage served by water out of the Badger Creek Drainage; and

ii. there is a need for irrigation water beyond available supplies in those areas due to constraints imposed on the Badger-Fisher Unit by the physical availability of water other than as a result of Leases, a failure of delivery capabilities, or significant adverse environmental impacts of continued delivery of Badger Creek water due to degraded delivery systems or otherwise; and

iii. total annual diversions to the Badger-Fisher Unit pursuant to the water right set forth in Article III.C.1.a do not exceed the volume of water needed to supply 75% of the net irrigation requirement for a crop mix of 75% alfalfa and 25% small grains delivered at 50% efficiency for 6000 acres, and the flow rate of the right set forth in Article III.C.1.a for use in the Upper Birch Creek Drainage

is reduced by the flow rate of water being diverted for use in the Badger-Fisher Unit.

b. Change in Purpose of Use. The Tribe may change or authorize a change in the purpose of use of the water right set forth in Article III.C.1.a up to a maximum of 6250 AFY. The relationship between the quantity and flow rate of water proposed for change and the quantity of water available for irrigation pursuant to the water right set forth in Article III.C.1 shall be determined by the following formula:

The volume of water proposed to be changed will be divided by 50% to determine the diverted volume of the Tribal change. This diverted volume of the Tribal change is subtracted from the modeled average diversion volume (12,500 acre-feet) to determine the changed average diversion volume. The new irrigation diversion flow rate is established by dividing the changed average diversion volume by the modeled diversion volume and multiplying this quotient by the flow rate set forth in Article III.C.1.a (100 Cfs). Several example scenarios are shown in Appendix 4.

4. Development of the Tribe's St. Mary River Right Set Forth in Article III.G.1.a.i. As directed by Congress, and after appropriate investigation and study, the Parties shall identify and the United States shall provide the Tribe, from Available St. Mary River Water, and/or from any other source mutually agreed to by the Parties, sufficient water to fulfill the Tribe's water right set forth in Article III.G.1.a.i. The fulfillment of the Tribe's water right set forth in Article III.G.1.a.i, pursuant to this subsection, from any water subject to the Milk River Project Water Right may occur only in a manner that causes no injury to the Milk River Project and shall not require current or future Milk River Project water users or their contracting entity or entities to subsidize or pay for any costs required to develop or fulfill the water right set forth in Article III.G.1.a.i. The use of the Tribe's water right set forth in Article III.G.1.a.i, or of any portion of that right, shall commence only after the Parties have mutually agreed in writing that water has been identified and is available to fulfill that right or any portion of it consistent with the terms of this Compact.

E. Subsequent Federal or State Law. Administration under Article IV.C.2 and Article IV.F.1 shall be as set forth in this Compact except as may otherwise be determined by a court of competent jurisdiction or established by Congress.

F. Water Rights Arising Under State Law: Administration.

1. The State shall administer and enforce all Water Rights Arising Under State Law to the use of Natural Flows and Ground Water within and outside the Reservation. The State shall have the final and exclusive jurisdiction to resolve all disputes between holders of Water Rights Arising Under State Law.

2. The State shall not administer or enforce any part of the Tribal Water Right within the Reservation.

G. Water Rights Arising Under State Law: New Uses or Change in Use.

1. Limit on New Uses. DNRC shall not process or grant an application for an appropriation within those portions of the Basins closed pursuant to Article III.J received after the ratification of this Compact by the Montana legislature becomes effective, provided that, DNRC may process applications and issue certificates of water right or permits for use on fee land of those uses excepted from the closures as set forth in Article III.J until such time as the Secretary approves an amended tribal water code promulgated pursuant to the provisions of Article IV.C. After approval of the amended water code by the Secretary,

filings for Excepted Rights shall be processed pursuant to the provisions of Article IV.C.3.

2. Change in Use of Water Rights Arising Under State Law within the Reservation. The State may authorize a Change in Use of a Water Right Arising Under State Law within the Reservation in accordance with State law. DNRC shall provide timely notice to the Tribe of every application for change.

H. Cooperative Ground Water Management. BWRD may designate or modify a controlled Ground Water area within the Reservation pursuant to Article IV.C.1.f and applicable tribal law. DNRC may designate or modify a controlled Ground Water area adjacent to the Reservation pursuant to applicable State law. DNRC may manage a permanent or temporary controlled Ground Water area adjacent to the Reservation in cooperation with BWRD.

I. Information Sharing.

1. Within one year after a hydrologic basin subject to this Compact is finally decreed by the Montana Water Court, the DNRC shall provide the BWRD and the United States with a report listing all decreed Water Rights Arising Under State Law within that hydrologic basin.

2. Within one year after the date the ratification of this Compact by the Montana legislature becomes effective, the DNRC shall provide the BWRD and the United States with a report listing all uses pursuant to permits and water reservations, and those uses excepted from the permitting requirements of State law to the extent that the DNRC has such information.

3. Within one year after the ratification of this Compact by the Montana legislature becomes effective, the BWRD and the United States shall provide the DNRC with a report listing all Existing Uses of the Tribal Water Right, provided that, due to the small and varied nature of the traditional religious and cultural uses identified in Article III.A, such uses need not be included on the report required by this subsection. The Parties shall concur in the listing of all Existing Uses of the Tribal Water Right within six months after receipt of the report.

4. On an annual basis DNRC shall provide the Tribe and the United States with a listing of all Excepted Rights for which a certificate of water right or permit has been issued or a Change in Use has been approved by DNRC within the Reservation and in drainages affected by this Compact, and an ownership update for each water right within the Reservation and in drainages affected by this Compact whose owner of record has been changed in DNRC's database.

5. On an annual basis BWRD shall provide the DNRC and the United States with an update since the last report listing all New Development of the Tribal Water Right described in this Compact within and outside the Reservation, of all Changes in Use of water rights within and outside the Reservation, and of all appurtenant water rights acquired pursuant to Article III.H.2.

6. The BWRD, the DNRC, and the United States may agree to modify the reporting requirements set forth in Article IV.I. Such modification is pursuant to, and shall not be deemed a modification of, this Compact.

7. Any Party may request additional information from any other Party to assist in reviewing any report made by one Party to another.

J. Enforcement: Blackfeet-Montana Compact Board.

1. Establishment of Board. There is hereby established the Blackfeet-Montana Compact Board. The Board shall consist of three members: one member selected by the Governor of the State of Montana, after consultation

with affected water users; one member appointed by the Chairman of the Blackfeet Tribal Business Council; and one member selected by the other two members. All members shall be appointed within six months of the Effective Date of this Compact and within thirty days of the date any vacancy occurs. If an appointment is not timely made by the Governor, the Director of DNRC or the Director's designee shall fill the State's position. If an appointment is not timely made by the Chairman of the Blackfeet Tribal Business Council, the Director of BWRD or the Director's designee shall fill the Tribe's position. Each member shall serve a five-year term and shall be eligible for reappointment. The initial term of each member shall be staggered with one member serving a five-year term, one a four-year term, and one a three-year term. The initial term of each member shall be chosen by lot. The expenses of the third member and all other expenses shall be borne equally by the Tribe and the State, subject to the availability of funds.

2. Membership. Should the two appointed members fail to agree on the selection of a third member within sixty days of the date of appointment of the second member, or within thirty days after any vacancy occurs, the following procedure shall be utilized:

a. Within five days thereafter each member shall nominate three persons to serve as a member of the Board;

b. Within fifteen days thereafter each member shall reject two of the persons nominated by the other member;

c. Within five days thereafter, the remaining two nominees shall be submitted to the chief judge of the United States District Court for the District of Montana for selection of the third member of the Board.

3. Quorum and Vote Required. Two members of the Board shall constitute a quorum if reasonable notice of the time, place, and purpose of the meeting, hearing, or other proceeding has been provided in advance to the absent member. All Board decisions shall be by a majority of the Board.

4. Jurisdiction of the Board.

a. The Blackfeet-Montana Compact Board shall have jurisdiction to resolve controversies over the right to the use of water as between the Parties or holders of water rights developed or authorized under the Tribal Water Right and holders of Water Rights Arising Under State Law. Such controversies shall include, but shall not be limited to, disputes as to the meaning of this Compact, disputes over the application and interpretation of the provisions of Article IV.D.3, disputes over the application and interpretation of the provisions of the Birch Creek Management Plan, and disputes between holders of Excepted Rights issued pursuant to Article IV.C.3 who are not enrolled members of the Tribe and other water right holders under either State or tribal law.

b. The jurisdiction of the Board shall not extend to the administration or distribution of water on lands served by the Milk River Project, nor to the diversion of water made outside the Reservation for Milk River Project use, nor to the administration or distribution of water on lands served by the Blackfeet Irrigation Project, nor to the administration or distribution of water on lands served by the Pondera County Canal and Reservoir Company.

5. Prerequisite Administrative Procedures.

a. Any Tribal Water Right holder concerned that a use of water by a holder of a Water Right Arising Under State Law is inconsistent with the Compact shall

first contact the BWRD. If the BWRD and the DNRC are unable to resolve the issue in a manner acceptable to the Tribal Water Right holder within a reasonable time through discussion, the BWRD or the Tribal Water Right holder may seek relief through the Compact Board. The DNRC agrees to assist the BWRD in obtaining reasonable access onto the land of the holder of the Water Right Arising Under State Law to acquire information regarding the challenged use.

b. Any holder of a Water Right Arising Under State Law concerned that an exercise of the Tribal Water Right is inconsistent with the Compact shall first contact the DNRC. If the DNRC and the BWRD are unable to resolve the issue in a manner acceptable to the water right holder within a reasonable time through discussion, the DNRC or the water right holder may seek relief through the Compact Board. The Tribe agrees to allow the DNRC reasonable access onto Tribal land or to assist the DNRC in obtaining reasonable access onto the land of the Tribal Water Right holder to acquire information regarding the challenged exercise.

c. The BWRD and the DNRC may jointly develop supplemental procedures as necessary or appropriate after consultation with affected water right holders. Such supplemental procedures are pursuant to, and shall not be deemed a modification of, this Compact.

d. Any authorized user of a portion of the Tribal Water Right appealing a decision of the DNRC to the Compact Board may seek technical assistance from the BWRD in preparing and presenting the appeal.

e. Any holder of a Water Right Under State Law appealing a decision of the BWRD to the Compact Board may seek technical assistance from the DNRC in preparing and presenting the appeal.

6. Powers and Duties.

a. Hearings. The Board shall hold hearings upon notice in proceedings before it and shall have the power to administer oaths, take evidence and issue subpoenas to compel attendance of witnesses or production of documents or other evidence, and to appoint technical experts. The Tribe and the State shall enforce the Board's subpoenas in the same manner as prescribed by the laws of the Tribe and the State for enforcing a subpoena issued by the courts of each respective sovereign in a civil action. The Persons involved in the controversy may present evidence and cross examine any witnesses. The Board shall determine the controversy and grant any appropriate relief, including a temporary order; provided that, the Board shall have no power to award money damages, costs, or attorneys' fees. All decisions of the Board shall be in writing, and, together with a written justification for the decision and any dissenting opinions, shall be served personally or by certified mail on all Persons involved in the proceeding before the Board, the Tribe, the State and the United States. The Board shall adopt necessary rules and regulations to carry out its responsibilities within six months after its first meeting. All records of the Board shall be open to public inspection, except as otherwise ordered by the Board consistent with applicable federal, State and tribal law.

b. Appointment of Water Commissioner.

i. The Board shall have the authority to appoint one or more commissioners to provide day to day administration of water subject to this Compact, including the opening and closing of headgates. The Tribe and the State shall agree on a recommendation for each commissioner to be appointed by the Board. If the Tribe and the State fail to agree, each may nominate one individual for

consideration for each commissioner position, and the Board shall select from between the nominees.

ii. Under the jurisdiction of the Board, the commissioners shall have the authority to administer and distribute water on the Reservation and from the off-reservation portions of the Reservation boundary streams (the mainstems of Birch Creek, Cut Bank Creek and the Two Medicine River), to water right holders under the Tribal Water Right and the holders of Water Rights Arising Under State Law according to the rights fixed by all applicable decrees and this Compact. The authority of any commissioners appointed pursuant to this Article IV.J.6.b, as it pertains to facilities owned by the United States, shall extend only to the provision of written orders to the federal representative with the authority to adjust diversions or releases, which the federal representative, or his or her designee, shall then promptly carry out, so long as the federal representative determines that execution of the order does not threaten the safety, security or physical integrity of the facility, and does not extend to the actual opening or closing of headgates. The authority of any commissioners appointed pursuant to this Article IV.J.6.b, as it pertains the use of the Milk River Project Water Right, shall extend only to the delivery of water to the diversion facilities of the Milk River Project on the Reservation and shall not extend to the administration, diversion or distribution of water to or from any facilities or lands served by the Milk River Project off the Reservation. The authority of any commissioners appointed pursuant to this Article IV.J.6.b, as it pertains to portions of the Tribal Water Right used within the Blackfeet Irrigation Project, extends only to the delivery of water to Blackfeet Irrigation Project diversion facilities and shall not extend to the administration of that water on lands served by the Blackfeet Irrigation Project, which shall remain subject to Article IV.C.2. The authority of any commissioners appointed pursuant to this Article IV.J.6.b, as it pertains to the use of the Water Rights Arising Under State Law of the Pondera County Canal and Reservoir Company (PCCRC), extends only to the delivery of water to PCCRC diversion facilities from Birch Creek and shall not extend to the administration of that water on lands served by PCCRC.

iii. The State and the Tribe shall share the costs of any water commissioners appointed by the Board.

7. Review and Enforcement of Board Decisions.

a. Decisions by the Board shall be effective immediately, unless stayed by the Board. Persons involved in the proceedings before the Board may appeal any final decision by the Board to a court of competent jurisdiction within thirty days of such decision. The hearing on appeal shall be a trial de novo. The notice of appeal shall be filed with the Board and served personally or by certified mail upon all Persons involved in the proceeding before the Board, the Tribe, the State and the United States.

b. Unless an appeal is filed within thirty days of a final decision of the Board, as provided in Article IV.J.7.a, any decision of the Board shall be recognized and enforced by any court of competent jurisdiction on petition of the Board, or any Person before the Board in the proceeding in which the decision was made.

c. A court of competent jurisdiction in which a timely appeal is filed pursuant to Article IV.J.7.a, or in which a petition to confirm or enforce is filed pursuant to Article IV.J.7.b, may order such temporary or permanent relief as it considers just and proper.

d. ARTICLE VII - FINALITY

A. Ratification and Effectiveness of Compact.

1. Following the first ratification by any Party, the terms of this Compact may not be modified without the consent of the Parties.

2. Notwithstanding any other provision in this Compact, the Tribe reserves the right to withdraw as a Party if:

a. Congress has not ratified this Compact and authorized appropriations within four years from the date the ratification of the Compact by the Montana legislature becomes effective;

b. Appropriations are not made in the manner contemplated by the federal legislation ratifying this Compact;

c. The Parties do not reach agreement on the State contribution to settlement;

d. The State has not authorized appropriations within five years from the date the Compact is ratified by the United States; or

e. Appropriations are not made by the State in the manner contemplated by any agreement for contributions to settlement made pursuant to Article VI.A.

3. The Tribe may exercise its right to withdraw from the Compact under Article VII.A.2 by sending to the Governor of Montana and to the Secretary of the Interior by certified mail a resolution of the Blackfeet Tribal Business Council stating the Tribe's intent to withdraw and specifying a reason for withdrawal and a withdrawal date not sooner than one hundred and twenty days from the date of the resolution. On the date designated in the resolution for Tribal withdrawal, this Compact shall become null and void without further action by any Party, and the Parties agree to resume negotiation in good faith for quantification of the water rights of the Blackfeet Tribe and entry of a decree in a court of competent jurisdiction.

4. Notwithstanding any other provision in this Compact, the State reserves the right to withdraw as a Party to this Compact if:

a. the Tribe and Congress have not ratified this Compact within four years from the date the ratification of the Compact by the Montana legislature becomes effective;

b. Congress requires a State contribution to settlement that exceeds the contributions described in Article VI.A;

c. Congress does not authorize and appropriate the federal share of funding agreed to pursuant to Article VI.B; or

d. the DNRC does not concur in the list of Existing Uses of the Tribal Water Right pursuant to Article IV.I.2.

On the date designated in the letter for State withdrawal, this Compact shall become null and void without further action by any Party, and the Parties agree to resume negotiation in good faith for quantification of the water rights of the Blackfeet Tribe and entry of a decree in a court of competent jurisdiction.

6. Notwithstanding any other provision in this Compact, the Department of the Interior reserves the right to refuse to support federal legislation ratifying this Compact.

B. Incorporation into Decrees.

1. Within one hundred eighty days of the date this Compact is ratified by the Tribe, the State, and Congress, whichever is latest, the Tribe, the State, or the United States shall file, in the case In the Matter of the Adjudication of the Existing and Reserved Rights to the Use of Water, Both Surface and Underground, of the Blackfeet Tribe of the Blackfeet Reservation within the State of Montana, Civ. No. WC-91-1, pursuant to the provisions of State law, a motion for entry of the proposed decree set forth in Appendix 5 as the decree of the water rights held by the United States in trust for the Blackfeet Tribe. If the Montana Water Court does not approve the proposed decree submitted with the

motion within three years following the filing of the motion, the Compact shall be voidable by agreement of the State and the Tribe. If the Montana Water Court approves the proposed decree within three years, but the decree is subsequently set aside by the Montana Water Court or on appeal, the Compact shall be voidable by agreement of the State and the Tribe. Any effect of the failure of approval or setting aside of the decree on the approval, ratification, and confirmation by the United States shall be as provided by Congress. The Parties understand and agree that the submission of this Compact to a State court or courts, as provided for in this Compact, is solely to comply with the provisions of State law, and does not expand the jurisdiction of the State court or expand in any manner the waiver of sovereign immunity of the United States in the McCarran Amendment, 43 U.S.C. 666, or other provision of federal law.

2. Consistent with 3-7-224, MCA, setting forth the jurisdiction of the chief water judge, for the purposes of 85-2-702(3), MCA, the review by the Montana Water Court shall be limited to Article III, and Appendix 5 (proposed decree), and may extend to other sections of the Compact only to the extent that they relate to the determination of existing water rights. Nevertheless, pursuant to 85-2-702(3), MCA, the terms of the entire Compact must be included in the preliminary decree without alteration for the purpose of notice.

C. Disposition of Federal Suit.

1. On issuance of a final decree by the Montana Water Court or its successor, and the completion of any direct appeals therefrom, or on expiration of the time for filing any such appeal, the United States, the Tribe, and the State shall execute and file joint motions pursuant to Rule 41(a), Fed.R.Civ.P., to dismiss without prejudice the claims of the Tribe, Tribal members, and Allottees and any claims made by the United States for benefit of the Tribe, Tribal members, and Allottees in United States v. 2. The Decree shall be filed by the Parties as a consent decree in Aageson, or in federal court as a new proceeding after the dismissal of Aageson conditional on agreement by the Parties to seek the necessary State, Tribal, and federal legislation to implement the remaining provisions of the Compact, if it is finally determined in a judgment binding on the State of Montana that the State courts lack jurisdiction over, or that the State court proceedings are inadequate to adjudicate some or all of the water rights asserted in Aageson.

D. Settlement of Tribal Water Right Claims.

1. The water rights and other benefits confirmed to the Tribe in this Compact are in full and final satisfaction of and are intended to be in replacement of and substitution for all claims to water or to the use of water by the Tribe, Tribal members, and Allottees and the United States on behalf of the Tribe, Tribal members, and Allottees existing on the Effective Date of this Compact, including water rights claims based on or recognized in Conrad Inv. Co. v. United States, 161 F. 829 (9th Cir. 1908), within the Reservation.

2. In consideration of the rights confirmed to the Tribe, Tribal members, and Allottees in this Compact, and of performance by the State and the United States of all actions required by this Compact, and on entry of a final order issuing the decree of the Tribal Water Right held in trust by the United States as quantified in this Compact and displayed in Appendix 5, and except for water

rights, benefits and uses confirmed in this Compact, the Tribe and the United States as trustee for the Tribe, Tribal members, and Allottees hereby waive, release, and relinquish any and all claims to water rights or to the use of water within the Reservation existing on the Effective Date of this Compact.

3. Any claim to water by the Tribe, its members or Allottees within the Reservation shall be satisfied out of the Tribal Water Right confirmed by this Compact, except for any Water Rights Arising Under State Law held by the Tribe, its members or Allottees as of the Effective Date of this Compact, which shall be satisfied pursuant to their own terms.

E. Settlement of Tribal Claims Against the United States. Waiver of claims against the United States, by the Tribe, its members and Allottees shall be as provided by Congress.

F. Binding Effect. After the Effective Date of this Compact and entry of a final decree, its terms shall be binding on:

1. The State and any Person using, claiming or in any manner asserting any right under the authority of the State to the use of water in Montana; provided that, the validity of consent, ratification, or authorization by the State is to be determined by Montana law;

2. The Tribe and any Person using, claiming or in any manner asserting any right to the use of the Tribal Water Right, or any right arising under any doctrine of reserved or aboriginal water rights for the Tribe or Tribal members, or any rights arising under tribal law; provided that, the validity of consent, ratification or authorization by the Tribe is to be determined by Tribal law; and

3. The United States and any Person using, claiming or in any manner asserting any right under the authority of the United States to the use of water in Montana; provided that, the validity of consent, ratification or authorization by the United States is to be determined by federal law.

CHAPTER NO. 205

[HB 246]

AN ACT EXEMPTING FROM FEDERAL REGULATION UNDER THE COMMERCE CLAUSE OF THE CONSTITUTION OF THE UNITED STATES A FIREARM, A FIREARM ACCESSORY, OR AMMUNITION MANUFACTURED AND RETAINED IN MONTANA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 6] may be cited as the "Montana Firearms Freedom Act".

Section 2. Legislative declarations of authority. The legislature declares that the authority for [sections 1 through 6] is the following:

(1) The 10th amendment to the United States constitution guarantees to the states and their people all powers not granted to the federal government elsewhere in the constitution and reserves to the state and people of Montana certain powers as they were understood at the time that Montana was admitted to statehood in 1889. The guaranty of those powers is a matter of contract between the state and people of Montana and the United States as of the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

(2) The ninth amendment to the United States constitution guarantees to the people rights not granted in the constitution and reserves to the people of

Montana certain rights as they were understood at the time that Montana was admitted to statehood in 1889. The guaranty of those rights is a matter of contract between the state and people of Montana and the United States as of the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

(3) The regulation of intrastate commerce is vested in the states under the 9th and 10th amendments to the United States constitution, particularly if not expressly preempted by federal law. Congress has not expressly preempted state regulation of intrastate commerce pertaining to the manufacture on an intrastate basis of firearms, firearms accessories, and ammunition.

(4) The second amendment to the United States constitution reserves to the people the right to keep and bear arms as that right was understood at the time that Montana was admitted to statehood in 1889, and the guaranty of the right is a matter of contract between the state and people of Montana and the United States as of the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

(5) Article II, section 12, of the Montana constitution clearly secures to Montana citizens, and prohibits government interference with, the right of individual Montana citizens to keep and bear arms. This constitutional protection is unchanged from the 1889 Montana constitution, which was approved by congress and the people of Montana, and the right exists as it was understood at the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

Section 3. Definitions. As used in [sections 1 through 6], the following definitions apply:

(1) "Borders of Montana" means the boundaries of Montana described in Article I, section 1, of the 1889 Montana constitution.

(2) "Firearms accessories" means items that are used in conjunction with or mounted upon a firearm but are not essential to the basic function of a firearm, including but not limited to telescopic or laser sights, magazines, flash or sound suppressors, folding or aftermarket stocks and grips, speedloaders, ammunition carriers, and lights for target illumination.

(3) "Generic and insignificant parts" includes but is not limited to springs, screws, nuts, and pins.

(4) "Manufactured" means that a firearm, a firearm accessory, or ammunition has been created from basic materials for functional usefulness, including but not limited to forging, casting, machining, or other processes for working materials.

Section 4. Prohibitions. A personal firearm, a firearm accessory, or ammunition that is manufactured commercially or privately in Montana and that remains within the borders of Montana is not subject to federal law or federal regulation, including registration, under the authority of congress to regulate interstate commerce. It is declared by the legislature that those items have not traveled in interstate commerce. This section applies to a firearm, a firearm accessory, or ammunition that is manufactured in Montana from basic materials and that can be manufactured without the inclusion of any significant parts imported from another state. Generic and insignificant parts that have other manufacturing or consumer product applications are not firearms, firearms accessories, or ammunition, and their importation into Montana and incorporation into a firearm, a firearm accessory, or ammunition manufactured in Montana does not subject the firearm, firearm accessory, or ammunition to

federal regulation. It is declared by the legislature that basic materials, such as unmachined steel and unshaped wood, are not firearms, firearms accessories, or ammunition and are not subject to congressional authority to regulate firearms, firearms accessories, and ammunition under interstate commerce as if they were actually firearms, firearms accessories, or ammunition. The authority of congress to regulate interstate commerce in basic materials does not include authority to regulate firearms, firearms accessories, and ammunition made in Montana from those materials. Firearms accessories that are imported into Montana from another state and that are subject to federal regulation as being in interstate commerce do not subject a firearm to federal regulation under interstate commerce because they are attached to or used in conjunction with a firearm in Montana.

Section 5. Exceptions. [Section 4] does not apply to:

(1) a firearm that cannot be carried and used by one person;

(2) a firearm that has a bore diameter greater than 1 1/2 inches and that uses smokeless powder, not black powder, as a propellant;

(3) ammunition with a projectile that explodes using an explosion of chemical energy after the projectile leaves the firearm; or

(4) a firearm that discharges two or more projectiles with one activation of the trigger or other firing device.

Section 6. Marketing of firearms. A firearm manufactured or sold in Montana under [sections 1 through 6] must have the words "Made in Montana" clearly stamped on a central metallic part, such as the receiver or frame.

Section 7. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 30, and the provisions of Title 30 apply to [sections 1 through 6].

Section 8. Applicability. [This act] applies to firearms, firearms accessories, and ammunition that are manufactured, as defined in [section 3], and retained in Montana after October 1, 2009.

Approved April 15, 2009

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 50, chapter 4, part 5, and the provisions of Title 50, chapter 4, part 5, apply to [sections 1 through 3].

CHAPTER NO. 208

[HB 386]

AN ACT CREATING THE MONTANA RIGHT OF DISPOSITION ACT PERTAINING TO FUNERAL OR OTHER DISPOSITION ARRANGEMENTS; ESTABLISHING A PRIORITY OF PERSONS WHO MAY ARRANGE FOR THE FUNERAL OR DISPOSITION OF OTHERS; PROVIDING FOR THE LOSS OF THE RIGHT OF DISPOSITION; PROVIDING FOR THE RESOLUTION OF DISPUTES AS TO THE RIGHT OF DISPOSITION; ESTABLISHING RIGHTS AND IMMUNITY FOR A MORTICIAN WHO

RELIES ON INSTRUCTIONS OF A PERSON WHO THE MORTICIAN REASONABLY BELIEVES HAS THE RIGHT OF DISPOSITION; CLARIFYING THE RIGHT TO CONTROL THE DISPOSITION OF HUMAN REMAINS WITH RESPECT TO MAUSOLEUM AND COLUMBARIUM AUTHORITIES; REVISING THE DEFINITION OF "AUTHORIZING AGENT"; AND AMENDING SECTIONS 35-21-810 AND 37-19-101, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 9] may be cited as the "Montana Right of Disposition Act".

Section 2. Purpose. The legislature declares that it is the public policy of this state to provide an orderly and uniform system to determine which individuals hold the right to direct and carry out funeral and disposition arrangements for the remains of deceased individuals.

Section 3. Prepaid funeral arrangements — disposition directions — definition. (1) A person who is 18 years of age or older and of sound mind, by entering into a prepaid funeral contract with any mortuary licensed under Title 37, chapter 19, part 4, or by providing disposition directions may direct the location, manner, and conditions of disposition of the person's remains and the arrangements for funeral goods and services to be provided upon the person's death.

(2) The funeral prearrangements that are prepaid and contracted for with a licensed mortuary or the disposition directions may not be canceled or substantially revised unless the cancellation or substantial revision has been ordered by a person appointed by the decedent in the prepaid funeral contract or the disposition directions as the person authorized to cancel or revise the terms of the prepaid funeral contract or the disposition directions.

(3) As used in this section, the term "disposition directions" means:

(a) a video provided in a replayable format of the person who is the subject of the disposition directions in which the person describes the wishes for disposition and that is accompanied by a written attestation of the video accuracy by two witnesses who are at least 18 years of age; or

(b) a legible written instrument signed by the person who is the subject of the disposition directions and by two people who are at least 18 years of age who have witnessed the signing by the person. The written instrument may be but is not limited to a letter of instructions, a will, a trust document, or advance directives. A written instrument that does not name a person with the right to control the decedent's disposition must follow the priority of rights of disposition provided in [section 4].

Section 4. Priority of rights of disposition. (1) A person who is 18 years of age or older and of sound mind wishing to authorize another person to control the disposition of the person's remains may execute an affidavit or a written instrument before a notary public in substantially the following form:

"State of Montana] ss

County of .....]

I, ... [person designating another person to control the disposition of the person's remains] do hereby designate ..... [person who is provided with the right to control the disposition] with the right to control the disposition of my remains upon my death. I ..... have or ..... have not attached specific directions concerning the disposition of my remains with which the designee shall substantially comply,

provided the directions are lawful and there are sufficient resources in my estate to carry out the directions.

Subscribed and sworn to before me this ..... day of the month of ..... of the year ..... .

....."

(2) Except as provided in [sections 3 and 7] and subsection (1) of this section, the right to control the disposition of the remains of a deceased person, including the location, manner, and conditions of the disposition and arrangements for funeral goods and services, vests in the following persons in the order named if the named person is 18 years of age or older and is of sound mind:

(a) a person designated by the decedent as the person with the right to control the decedent's disposition in an affidavit or written instrument executed in accordance with subsection (1);

(b) the surviving spouse;

(c) the sole surviving child of the decedent or, if there is more than one child of the decedent, the majority of the surviving children. However, less than one-half of the surviving children may be vested with the rights and duties provided in this section if those surviving children have used reasonable efforts to notify all other surviving children of their instructions and they are not aware of opposition to their instructions on the part of more than one-half of all surviving children.

(d) the surviving parent or parents of the decedent. If one of the surviving parents is absent, the remaining parent may be vested with the rights and duties provided in this section if that parent's reasonable efforts have been unsuccessful in locating the absent surviving parent.

(e) the surviving sibling of the decedent or, if there is more than one sibling of the decedent, the majority of the surviving siblings. However, less than one-half of the surviving siblings may be vested with the rights and duties provided in this section if those siblings have used reasonable efforts to notify all other surviving siblings of their instructions and they are not aware of any opposition to their instructions on the part of more than one-half of all surviving siblings.

(f) the surviving grandparent of the decedent or, if there is more than one surviving grandparent, the majority of the grandparents. However, less than one-half of the surviving grandparents may be vested with the rights and duties provided in this section if those grandparents have used reasonable efforts to notify all other surviving grandparents of their instructions and are not aware of any opposition to their instructions on the part of more than one-half of all surviving grandparents.

(g) the guardian of the decedent at the time of the decedent's death, if a guardian had been appointed;

(h) the personal representative of the estate of the decedent;

(i) the person in classes of the next degree of kinship, in descending order, under the laws of descent and distribution to inherit the estate of the decedent. If there is more than one person of the same degree, any person of that degree may exercise the right of disposition.

(j) if the disposition of the remains of the decedent is the responsibility of the state or a local government, the public officer, administrator, or employee responsible for arranging the disposition of the decedent's remains; and

(k) in the absence of any person provided for in subsections (2)(a) through (2)(j), any other person, including the mortician with custody of the remains, who is willing to assume the responsibility to act and arrange the disposition of the decedent's remains after attesting in writing that a good faith effort has been made to contact the individuals provided for in subsections (2)(a) through (2)(j).

Section 5. Arrangements provided by survivors. The provisions of [section 3 and section 4(1)] do not prevent the decedent's survivors, in the order listed in [section 4], from pursuing, at their own expense, meaningful services and making arrangements for funeral services that do not conflict with the decedent's instructions for disposition made in accordance with [section 3 and section 4(1)].

Section 6. Loss of right of disposition. A person entitled to the right of disposition under [section 4] forfeits that right and the right is passed on to the next qualifying person listed in [section 4] under the following circumstances:

(1) the person is charged with deliberate or negligent homicide in connection with the decedent's death. However, if the charges against the person are dismissed or if the person is acquitted of the charges, the right of disposition is returned to the person.

(2) the person does not exercise the person's right of disposition within 2 days after notification of the death of the decedent or within 3 days of the decedent's death, whichever is earlier;

(3) the person and the decedent are spouses and a petition to dissolve the marriage was pending at the time of the decedent's death; or

(4) the district court, pursuant to [section 7], determines that the person entitled to the right of disposition and the decedent were estranged at the time of death. For purposes of this subsection, "estranged" means a physical and emotional separation from the decedent existing at the time of death and that existed for a period of time prior to death that clearly demonstrates an absence of affection, trust, and regard for the decedent.

Section 7. Disputes. (1) The district court for the county where the decedent resided may award the right of disposition to the person determined by the court to be the most fit and appropriate to carry out the right of disposition and make decisions regarding the decedent's remains if those sharing the right of disposition under [section 4] cannot agree.

(2) The following provisions apply to the court's determination under subsection (1):

(a) If the persons holding the right of disposition are two or more persons with the same relationship to the decedent and they cannot, by majority vote, make a decision regarding the disposition of the decedent's remains, any of the persons or a mortician with custody of the remains may file a petition asking the district court to make a determination in the matter.

(b) In making a determination, the district court shall consider the following:

(i) the reasonableness and practicality of any proposed funeral arrangements and disposition;

(ii) the degree of the personal relationship between the decedent and each of the persons claiming the right of disposition;

(iii) the desires of the person or persons who are able and willing to pay the cost of the funeral arrangements and disposition;

(iv) the convenience and needs of other family and friends wishing to pay respects;

(v) the desires of the decedent;

(vi) the degree to which the funeral arrangements would allow maximum participation by all those wishing to pay their respects.

(3) (a) In the event of a dispute regarding the right of disposition, a mortician may not be held liable for refusing to accept the remains or to inter or otherwise dispose of the remains of the decedent or complete the arrangements for final disposition of the remains until the mortician receives a court order or a written agreement signed by the parties to the disagreement that decides the final disposition of the remains.

(b) If the mortician retains the remains for final disposition while the parties are in disagreement, the mortician may embalm or refrigerate and shelter the body, or both, in order to preserve the body while awaiting the final decision of the district court and may add the cost of embalming or refrigeration and sheltering, or both, to the final disposition costs.

(c) If a mortician files a petition under this section for an order of disposition from the district court, the mortician may add the legal fees and court costs associated with the petition to the final disposition costs.

(d) This section may not be construed to require or to impose a duty upon a mortician to bring an action under this section. A mortician may not be held criminally or civilly liable for choosing not to bring an action under this section.

(4) Except to the extent that it may be considered by the district court under subsection (2)(b)(iii), the fact that a person has paid or agreed to pay for all or part of the funeral arrangements and disposition does not give that person a greater right of disposition than the person would otherwise have.

(5) The personal representative of the estate of the decedent does not have, by virtue of being the personal representative, a greater claim to the right of disposition than the person would otherwise have under the provisions of [sections 1 through 9].

Section 8. Right to rely. (1) A person who signs a funeral agreement, cremation authorization form, or other authorization for disposition must be considered as warranting the truthfulness of any facts set forth in the agreement, form, or authorization, including:

(a) the identity of the decedent whose remains are subject to the disposition; and

(b) the person's authority to order the disposition.

(2) A mortician may rely on the funeral service agreement, cremation authorization form, or other authorization and may carry out the instructions of the person or persons who the mortician reasonably believes hold the right of disposition.

(3) A mortician is not responsible to contact or to independently investigate the existence of any next of kin or relatives of the decedent.

(4) If a class includes two or more persons who are equal in priority, a mortician may rely on and act according to the instructions of the first person in the class to make funeral and disposition arrangements if another person in the class has not provided to the mortician written notice of the person's objections to the arrangements and the mortician does not have knowledge of any objections to the arrangements by other members of the class.

Section 9. Immunity. A mortuary or mortician who relies in good faith on the instructions of an individual claiming the right of disposition is not subject to criminal or civil liability or subject to disciplinary action for carrying out the disposition of the remains in accordance with the instructions.

Section 10. Section 35-21-810, MCA, is amended to read:

"35-21-810. Disposition of remains — liability. The person signing the authorization is personally liable for all damage occasioned by or resulting from breach of the warranty.

(4) The mausoleum-columbarium authority may inter any remains upon the receipt of a written authorization of a person representing to be a person who has acquired the right to control the disposition of the remains. AN ACT REQUIRING THAT COURTS CONSIDER A CHILD'S NEED FOR CONTINUITY OF CARE IN DETERMINING WHETHER THE CHILD SHOULD BE PLACED WITH A PERSON OTHER THAN A PARENT; AND AMENDING SECTIONS 40-4-211, 40-6-601, 40-6-602, 41-3-437, 41-3-438, 41-3-439, 72-5-223, AND 72-5-225, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-211, MCA, is amended to read:

"40-4-211. Jurisdiction — commencement of parenting proceedings. (1) A court of this state competent to decide parenting matters has jurisdiction to make a parenting determination by initial or amended decree if:

(a) this state:

(i) is the home state of the child at the time of commencement of the proceedings; or

(ii) had been the child's home state within 6 months before commencement of the proceedings and the child is absent from this state because of the child's removal or retention by any person and a parent or person acting as parent continues to live in this state; or

(b) it is in the best interest of the child that a court of this state assume jurisdiction because:

(i) the child and the parents or the child and at least one contestant have a significant connection with this state; and

(ii) there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships; or

(d) (i) no other state has jurisdiction under prerequisites substantially in accordance with subsection (1)(a), (1)(b), or (1)(c) or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine parenting of the child; and

(ii) it is in the child's best interest that the court assume jurisdiction.

(2) Except under subsections (1)(c) and (1)(d), physical presence in this state of the child or of the child and one of the contestants is not alone sufficient to confer jurisdiction on a court of this state to make a parenting determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine parenting of the child.

(4) A parenting plan proceeding is commenced in the district court:

(a) by a parent, by filing a petition:

(i) for dissolution or legal separation;

(ii) for parenting in the county in which the child is permanently resident or found; or

(iii) for custody under 40-6-411; or

(b) by a person other than a parent if the person has established a child-parent relationship with the child, by filing a petition for parenting in the county in which the child resides or is found.

(5) Notice of a parenting proceeding must be given to the child's parent, guardian, caretaker, those persons with whom the child is physically residing, and all other contestants, who may appear, be heard, and file a responsive pleading. The court, upon a showing of good cause, may permit intervention of other interested parties.

(6) For purposes of subsection (4)(b), "child-parent relationship" means a relationship that*:*

(a) exists or did exist, in whole or in part, preceding the filing of an action under this section, in which a person provides or provided for the physical needs of a child by supplying food, shelter, and clothing and provides or provided the child with necessary care, education, and discipline*;* ~~and which relationship~~

(c) meets or met the child's need for continuity of care by providing permanency or stability in residence, schooling, and activities outside of the home.

(7) A custody proceeding under 40-6-411 is commenced in the district court by a parent by filing in one of the following counties:

(a) the county where the newborn is located if the parent knows where the newborn is;

(b) the county where the emergency services provider to whom the newborn was surrendered is located if subsection (7)(a) does not apply; or

(c) the county where the biological parent is located if neither subsection (7)(a) or (7)(b) applies."

Section 2. Section 40-6-601, MCA, is amended to read:
